BOND SALE ASSURES BRIDGE-TUNNEL PROJECT

Average County Income Tax Is Set At \$93.99

Princess Anne County Commissioner of the Revenue Ivan D. Mapp reported Monday that the individual income tax paid by residents to the State of Virginia the past year was double the average amount in the state as a whole.

In Princess Anne County, according to the records of Mapp's office, the average return amounted to \$93.99, and this included also persons who filed a return but owed no tax.

The state average was \$47, according to Donald T. Fantone, deputy commissioner of revenue for Princess Anne County.

The Princess Anne office processed 13,000 returns for 1959 taxes. The total payments were \$180,000 higher than the figure for 1958. Approximately 1,200 more individuals filed in 1959 than in 1958, Mapp said.

S.C.A. to Hold Dance Saturday

Miss Bonnie Bill, president of the S.C.A. of Virginia Beach High School, announced today that the S.C.A. will sponsor a teen-age party on the tennis courts of the school on Saturday evening, August 6th, from 8 till 11 p.m. The dance will be in honor of the 1960 Lotus Queen, Fay Coppedge, the cheerleaders and football players. The members of the East-West All-Star football teams are also invited as honored guests.

Admission will be 25 cents and music will be by H.F. The Master of Ceremonies and disk jockey will be Mr. Fred Isaacs, popular sports announcer for WBOF. In case of rain the dance will be held in the high school gym. Faculty sponsors are Mr. and Mrs. James A. Johnson, Mr. and Mrs. Claude King, and Mr. and Mrs. William M. Mack.

County Teachers Will Attend Art Workshop Next Week

50 teachers from Princess Anne County public schools have signed up for the Art Workshop to be held August 10, 11 and 12, 1960, at the Woodstock School, according to an announcement made by Frank Cox, superintendent of schools.

A free educational service provided by Binney & Smith, Inc., manufacturers of "Crayola" crayons and other school art supplies, for the workshop will be conducted by Mrs. Jane Callaway, who has had many years of teaching experience and holds a Master's Degree from Columbia University.

The teachers will devote fifteen hours of their own time to learning more about modern creative art education and some of its materials and tools. They will learn

Area Leaders Predict New Era With Bay Bridge-Tunnel

The following is a sampling of the reaction of area and community leaders to the news of the sale Monday of the \$200,000,000 in bonds to finance the Chesapeake Bay Bridge-Tunnel from Princess Anne County to the Eastern Shore. All those included in the survey either are in business here or reside in Virginia Beach.

John W. McComb, president of the Virginia Beach Chamber of Commerce and owner-operator of the Traymore Motor Hotel: "I am delighted like everyone else. It's no doubt that it will effect our economic future and all Tidewater. We might get some winter business from the north-south traffic."

George T. Mullis, executive vice-president and cashier of the Bank of Virginia Beach: "I think it's the greatest thing that has happened in some years... it will do much to bring the north and south together... now we can proceed to get the road from Virginia Beach to Nags Head."

Roy Smith, president of the Virginia Beach Federal Savings and Loan Association: "I think it will be an asset to Virginia Beach. It's the greatest thing that has happened to this area."

Adney S. Kellam, political leader and insurance executive of the Kellam-Eaton Insurance Company: "I think that it's the greatest thing that's happened in modern times and I think it will have a tremendous stimulation and effect on the business here."

Calhoun R. Bryant, vice-president and manager of the Virginia Beach office of the National Bank of Commerce: "I have nothing but praise for those who have worked so hard for the sale of the bonds... I think it will have a stimulating effect on the Virginia Beach economy... if the bonds are put on the market, I hope all with a business will realize how it will improve our economy and help by individual purchases."

J. Sidney Banks, president of the Cavalier Hotel Corp.: "I think it is the greatest thing that's happened to Virginia Beach since the Convention Hall. Forty per cent of the high school gym, Faculty sponsors are Mr. and Mrs. James A. Johnson, Mr. and Mrs. Claude King, and Mr. and Mrs. William M. Mack."

They all objected to the ferry... by doing, rolling up their sleeves and trying out the art techniques which Mrs. Callaway presents. These techniques will include some of the use of water colors, poster paints, finger paints, colored chalks, and modeling clay, in addition to crayons. Simple creative craft techniques will also be presented, giving teachers an opportunity to work with papers, paste and various other materials for three-dimensional effects. All of the art workshop activities will be experiences which the teachers can relate to their own classroom teaching.

School officials responsible for the workshop arrangements, in addition to Supt. Frank Cox include Mrs. Grace G. Harrell, elementary supervisor.

To Conduct Clinic

Mrs. Jane R. Callaway, art consultant for Binney & Smith Inc., will conduct an Art Workshop for teachers from Princess Anne County Public Schools on August 10, 11, and 12. Craft Work, with Crayola products, is one of the art techniques which the teachers will "learn by doing."

now if we can just go ahead and complete the road to Nags Head we will get all the traffic going there."

Richard P. Welton, III, president of Smith and Welton Department Store: "I think it's a wonderful thing for the Tidewater area and especially Virginia Beach. It will attract more tourists and it should attract industry to the Princess Anne County area."

Tommy Thompson, manager of the Francis I. DuPont Investment firm office in Norfolk and a resident of Virginia Beach: "I think it is going to mean a bright future for Virginia Beach and all of Tidewater... I think it will have a stimulating effect on the Virginia Beach and Tidewater economy... the sale of the bond issue has meant an excellent reception in this area and all over the country... I think it's an exceptional thing."

Mrs. Lucy P. Trafton, owner of the Trafton-Chalfonte Hotel: "I think it's wonderful... never lost faith in it. I really want to bat for it and against the east and west crossing... I think it's the finest thing that's happened... I never thought it would not eventually materialize."

G. Llewellyn Clement, assistant secretary and manager of the Virginia Beach office of Mutual Federal Savings and Loan Association: "I think it's going to bring a lot more of people to visit here... that way money will be spent here and it will add to the growth of the community... I think people traveling from north to south will stop here and give us some winter business."

Fred A. Haycox, Virginia Beach contractor and civic leader: "I think the commission members, engineers and contractors who worked so hard to bring about the bridge-tunnel project are to be congratulated... I think it is the greatest thing that has happened to this area in modern times."

Former Resident Has Impressive School Record

King Cox, formerly of Virginia Beach is making a name for himself in Florida, according to word received here this week. He is the son of Mr. and Mrs. Marion King Cox, who now reside in Miami, Fla., and the grandson of Mrs. Juan Zollicoffer White.

Young Cox has just completed high school in the Florida city and he has a long list of accomplishments. He graduated from Miami Edison Senior High School and was named to the Hall of Fame.

Cox received the American Legion Outstanding Scholar award and was voted the friendliest boy in the senior class. He is a member of the H.Y. club and the Discussion Club.

In addition to all the other honors young Cox received he was general of the 40 cadets in the school. He also went to boys state and was the school's champion.

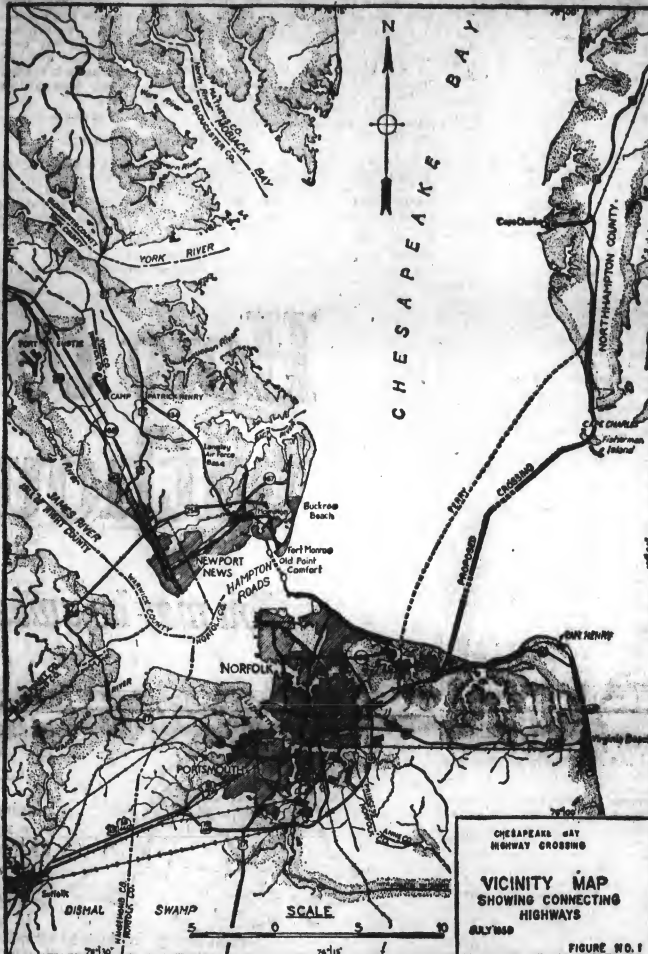

Young Cox expects to enter Florida State University at Tallahassee in the fall.

FIRST RESIDENTS FOR P.A. PLAZA MOVE IN

The first families to become permanent residents of Princess Anne Plaza moved into the thriving new development last Saturday. It has been announced.

It was also announced by the sales management firm for the gigantic development that in the past sixty days since Princess Anne Plaza was opened the sale of homes has been two a day.

The first two families to move in were listed as Lt. and Mrs. Beasley and Mr. and Mrs. Beard. More than 124 homes in the area have been sold.

Route of New Chesapeake Bay Crossing

Spending Above Average

Virginia Beach Rates High as Trade Center

Comprehensive figures on business activity in Virginia Beach, just released, show that the year 1959 was a good one locally.

With earnings at a high level, the rate of spending per family was above average. Whatever economic loss had been sustained during the general recession of 1958 was wiped away completely.

The facts and figures are revealed in Sales Management's new, copyrighted "Survey of Buying Power," covering all parts of the country.

They show that consumer spending in Virginia Beach came to \$26,383,000 in the year.

The amount was considerably more than was to have been expected from standpoint local retailing on the basis of population. Business should have amounted to

only .0047 per cent of the national volume. Actually, however, it reached .0012 per cent.

Most lines of business shared in the general advance, which was achieved despite the effects of the steel strike. The credit for it is given to a confident consuming public, which went right ahead with its buying.

What made it possible was the fact that they had more money to spend. The survey shows that net incomes locally, after deduction for taxes, amounted to \$16,450,000, as against a 1958 total of \$15,450,000.

What made it possible was the fact that they had more money to spend. The survey shows that net incomes locally, after deduction for taxes, amounted to \$16,450,000, as against a 1958 total of \$15,450,000.

With retail sales more than doubling locally, it is apparent that Virginia Beach is used as a trading center by people from other areas.

The relative standing of communities with respect to purchasing ability and business activity

WITT NAMED TO URBAN RENEWAL GROUP

William E. Witt, of Virginia Beach, president of the Tidewater Association of Home Builders, has been named a member of the 10-man Federal Urban Renewal Council, according to a release from Washington.

Witt's appointment was made by David M. Walker, commissioner of the Urban Renewal Administration. Witt has already attended his first meeting with the council.

The new council member is head of the Viking Construction Corp., which has received national recognition for completing and selling the most homes under FHA's 221 program, designed to aid families disrupted by urban renewal and other public action.

CHESAPEAKE BAY CROSSING HAILED

The underwriting Monday of the 200-million dollar bond issue to finance the 17.6 mile Chesapeake Bay Bridge-Tunnel means that the gigantic project may get into the construction stage before the end of 1960. Completion date for the undertaking is scheduled for 1964.

Financing the huge project has been a problem to the Chesapeake Bay Ferry Commission since for more than a year a weak bond

market had made it impossible. Monday's sale of the bonds brought the project into focus.

Generally hailed as the forerunner of a great new economic era for the entire Tidewater area, the bridge-tunnel should be a boon to the economy of Virginia Beach and Princess Anne County.

The bridge-tunnel complex is to extend across Chesapeake Bay from Chesapeake Beach in Princess Anne County to Wise Point on the Eastern Shore. The Princess Anne side of the entrance is just east of Pleasure House Road.

When completed the bridge-tunnel across Chesapeake Bay will be one of the world's longest fixed crossings. It will have two tunnels, one under Thimble Shoal Channel and the other under Baltimore Channel.

Plans call for 62,775 feet of trestle, separate bridges over North Channel and Fishermen Inlet and 9,000 feet of causeway or embankment.

Target date for completion of the huge engineering project is set for January 1, 1964. When opened the present ferry operation will be abandoned.

The bond issue was acquired by an underwriting syndicate of some 300 investment houses at 96.55 of par. Delivery of the 200,000 individual bonds, all in denominations of \$1,000, is scheduled for September 7.

The biggest share of the construction cost will go for the two tunnels. The Thimble Shoal tunnel of 5,738 feet is estimated to cost \$34,333,336 and the 4,937 foot Baltimore tunnel cost at \$29,333,336.

Contractor for the two bridge superstructures, estimated to cost about \$2,033,338, is the American Bridge Division of United States Steel Corp. Both bridges will be fixed high level structures.

Four contracting firms are expected to do most of the construction. They are the Tidewater Construction Corp. of Norfolk, Merritt Chapman & Scott Corp., of New York, Peter Klewitt & Sons of Omaha and Raymond International, Inc.

Louis J. Kellam, representing the Eastern Shore, is chairman of the Chesapeake Bay Ferry Commission and Richard S. Holland of Princess Anne County is vice-chairman. Others are J. C. Higgins of Newport News, secretary-treasurer George T. Abernathy of Newport News, Mayor W. F. Duckworth of Norfolk, Milton T. Hickman of Accomack County, George R. Mapp Jr. of Northampton County, Frank A. Mitchell of Hampton, Burgess E. Nelson of Shenandoah County, representing the State Highway Commission; G. A. Treanor of Norfolk County, and Joseph M. Tusting of Portsmouth.

Counsel for the commission are F. Seister Montague of Hampton, B. Drummond Ayres of Accomack, Baxley T. Tankard of Eastville and Edwin C. Kellam of Norfolk.

Three Members Named to P.A. Welfare Board

Three new members have been appointed to the Board of Public Welfare for Virginia Beach and Princess Anne County and four present members have been reappointed.

Named by Circuit Court Judge Robert S. Wahab Monday were Walter E. Williamson, Mrs. Louise E. Allen and Herman O. Freeman for three-year terms; E. R. Hines and James G. Kontopoulos for two-year terms and Charles W. Cashman and Mrs. R. B. Tynes for one year each.

In the past all terms expired at one time. The new appointments are for staggered terms to insure continuity on the board, Judge Wahab said.

Williamson, Freeman, Hines and Cashman represent the county and Kontopoulos, Mrs. Allen and Mrs. Tynes represent Virginia Beach. The board must approve expenditures of the Public Welfare Dept.

State law requires that a board representing a county and a city have joint representation, but counties of more than 30,000 population are to have four places on the board.

Freeman, a supervisor for the Virginia Electric and Power Co., Hines, who operates a Chesapeake Beach cleaning and pressing firm, and Kontopoulos, a Virginia Beach restaurateur, are the new members of the board.

Reappointed were Williamson, a Charity Church storekeeper, Cashman, who operates a machine shop in London Bridge and Mrs. Allen and Mrs. Tynes, Virginia Beach housewives.

RESCUE SQUAD KEPT BUSY DURING JULY

The Virginia Beach-Princess Anne Rescue Squad had a busy month during July with a total of 122 calls answered, according to figures released Monday.

During the month the squad members put in 1,014 man hours and traveled 2,729 miles.

The figures revealed that 52 calls were in Princess Anne County during July and 69 in the City of Virginia Beach. There were 44 emergency cases.

In Olympic Horse Show

Miss Ronnie Richardson, of Richmond, is shown above atop her champion hunter "Social Error." This duo along with horsemen and horses from throughout Virginia and the Carolinas will show in the Tidewater Horse and Pony Club horse show on the Military highway Friday, Saturday and Sunday. The show is being presented for the benefit of the United States Olympic Equestrian team that will appear in Rome in September. (Coates Photo.)

County Popular Among Builders Of New Homes

Princess Anne County led the entire Tidewater area by a wide margin in new homes for the first half of 1960, according to figures recently released by the Southeastern Virginia Regional Planning Commission.

New home owners showed a preference for Princess Anne County by a 2 to 1 margin. Norfolk City was a distant second to the popular county.

The figures were revealed in a report on the eight political subdivisions the planning commission serves and was released in a report by Jesse Cusick, executive director of the organization.

During the period covered in the report Princess Anne County was credited with 1,356 new homes while Norfolk City had a total of 337. Norfolk County was third with 311.

The report showed that Princess Anne County captured 53 per cent of the new homes authorized for the area from January 1 through June 30.

LEGAL NOTICES

LEGAL NOTICES

SPECIAL COMMISSIONER'S SALE OF VALUABLE REAL ESTATE.

PURSUANT to the terms of a certain Decreeal order entered in the Circuit Court of Princess Anne County, Virginia, on the 1st day of August, 1960, in the chancery cause of Commonwealth of Virginia, Complainant, against Severn Hunter, Defendant, the undersigned Special Commissioner will offer for sale, at public auction, at Princess Anne, Courthouse, Princess Anne, Virginia, on Thursday, the 11th day of August 1960, at 1:15 o'clock, P.M., the following property, located in the County of Princess Anne, Virginia, to-wit:

All that certain tract, piece and parcel of land, situate, lying and being in the County of Princess Anne, Virginia, and bounded between Woodhouse and the said Fuller and Manter, made by County Surveyor, E. H. Burroughs, September 25, 1903, as follows:

Beginning at a corner between Fred. Kellam and Hunter, as indicated by said plat, and running along the line of Kellam's land 8.4 degrees 14.00' 00" N. 24 W. 2.78' 00" S. 42 degrees 53' 00" S. thence following the said line of Kellam's land to the division line between Woodhouse and Fuller; thence following said division line to the line between this tract and the 31-acre tract of said Fuller; thence following said line to a Northernly direction to the land of Woodhouse, thence along the line of Woodhouse 8.45 W. 5.00 S. 12 degrees 10.00' 00" S. to the land of Fegans; thence following the line of Fegans to the point of beginning, and containing sixteen and 1/2 (16 1/2) acres. There is expected and reserved from this conveyance, a lane, as indicated by said plat, unto Walter W. Woodhouse, his heirs and assigns for the purpose of a right of way in passing to and from his back tract of woodland.

This property will be sold free from all liens and encumbrances. This is Cash.

The Court reserves the right to reject or accept any and all bids. The purchaser will be required to deposit twenty per cent of the bid price when the property is knocked down, and to consummate their purchase within ten (10) days after sales are approved by the Court.

J. PETER HOLLAND, III
Special Commissioner.
I certify that the bond required by above decree has been given by the Special Commissioner.
JOHN V. FENTRESS, Clerk

Beach and County

TEEN SCENE

By Ally Oop

This is the first in a series of articles to keep you posted on the teen-age goings-on in Virginia Beach and Princess Anne County. If you have anything of interest you would want to appear in this slot, please send it to the Sun-News and we will try to slip it in for you. We know your friends would like to read about your vacation or dance or something outstanding that you have done.

WHO'S AWAY
Martha Barnes is now enjoying a vacation as junior counselor at Camp Chesapeake in Christlburg, Va.

Peter Neill is away at Woodberry Forest summer school. He plans to enroll there next fall.

Mary Douglas and her mother are enjoying a vacation in Middlebury, Vermont.

Chuck Campbell of Linlith is away at summer school. He is attending the Hargrove summer session.

Mike Snow also of Linlith is attending a basketball clinic in North Carolina.

WHO'S HERE
Sallying at the Beach this summer from Richmond are Tanner Rose, Walter Hooker, Clark Cockrell and Anne Cockrell.

Sarah White of Norfolk is now staying at her parents' summer cottage on 7th Street.

Kelly Wood is spending his vacation with his parents, after attending Virginia Episcopal School.

Jim Allen is back on the Beach after his fourth year at Fork Union.

Jay Stencil, of Fredericks College, has returned to the Beach and is enjoying the summer months.

The Collier brothers, Danny and Bill, have returned to their home in Bayside, after attending Fishburne Military School last winter.

TEEN VISITOR
This week's teen visitor is Karen Killy from Pittsburgh, Pa. She is a very attractive sixteen-year-old and is staying with her parents on 7th Street for two weeks.

When asked about the Beach in general she replied, "I just love the Beach. I've been swimming, playing tennis, and water skiing. I've had more fun in the past two weeks than I have ever had in my whole life."

Karen is very active in school affairs at Lyndia High School in Pittsburgh.

She has been a varsity cheerleader for two years and was editor of her school newspaper. She also was on the yearbook staff.

Karen has made her parents promise to bring her back next summer and stay for a whole month. Mr. and Mrs. J. J. Killy gladly consented to this extreme promise.

We are all looking forward to seeing Karen Killy next summer.

TOPS 'N' POPS
Once again "I'm Sorry" by Brenda Lee is on top of the record heap. Brenda, with her peppy style, has moved into the number one position and intends to stay.

There are a whole host of up and coming songs. "Finger Popping Time" by Hank Ballard is a real swinger. The Olympics have come up with another hit in "Big Boy Pete." Pat Mon Domino proved he is long from through when he made the scene with "Walking to New Orleans." "The Twist" by Chubby Checker is coming on strong and "Wake Me, Shake Me" by the Coasters is still hanging on.

"Question" by Lloyd Price is steadily climbing up the ladder and should reach the top.

As a regular feature of this column I am going to try and pick a "Pop for the Top" that is a record that should become a hit. This week's choice is "Over You" by Aaron Neville. Watch it!

Long Service

Fort Eustis Scene of More Officer Shifts

A romance that sprouted in Singapore, blossomed in Cambodia, and matured in England was transplanted recently to the shores of Tidewater Virginia with the reassignment of the principal involved to the U.S. Army Transportation Research Command (USATREC) at Fort Eustis.

The leading characters in this botanical play on words are Major and Mrs. Leslie R. H. Coney of Apartment B, Building 2101, Fort Eustis. Major Coney, newly assigned British Exchange Officer at USATREC, replaces Major Geoffrey B. Childs who left Fort Eustis two weeks ago for reassignment to the Directorate of Royal Engineers Equipment at London.

Major and Mrs. Coney first met at a British Club in Singapore. When Mrs. Coney, the former Gwendolyn Morris of Essex, England and an erstwhile member of the British foreign service was reassigned to Cambodia, her husband-to-be made a 1,500-mile journey by train in further pursuit of a romance which culminated in another meeting in England and their subsequent marriage at the bride's home in Essex in November, 1958.

Major Coney joined the British Army in 1945. For the past 15 years, he has been posted with the Royal Engineers to places as varied as Ceylon, Germany, Malaya, and the Maldives Islands in the Indian Ocean. His wife is as well traveled as he is, having been stationed in Germany and Persia as well as Cambodia and Singapore.

On this, their first visit to the United States, the Coneys have expressed delight with the kindness and hospitality shown to them by

everyone they've met so far and seem thrilled with the wonderful variety of goods on display in our stores. They confess themselves a little confused, however, with our easy credit terms and also with some of our traffic signs. They are a little disappointed in the quality of American television programs, and Major Coney, a yachting enthusiast, hoped to find more "canals on the water" than now exists in the Hampton Roads area. They are also greatly relieved to find that the United States is not as hot climatically as they had been led to believe before their departure from England on the Queen Elizabeth on June 16.

Both Major and Mrs. Coney expect that they and their identically twin sons, Christopher and Brian, and their third child due in December will be somewhat Americanized by the time the major's tour of duty is over two years from now.

Prior to their assignment to Ft.

Eustis, the Coneys had been told that they would be sent to Aden on the Persian Gulf, an assignment that happily for both was changed at the last minute. Their duty station immediately prior to their departure for the U.S. was Osnabruck, Germany, where they had been for 18 months.

Major Coney is the son of the Rev. Canon H. R. Coney, Rector of Thornhill, Rural Dean of Dewsbury in Yorkshire, and Mrs. Coney. Two brothers, one living in Germany and another in Somerset, England, and a sister in Australia complete the Coney clan.

The Major was educated at St. John's School at Leamington in Surrey. He is a member of the Royal Ocean Yacht Racing Club and the Institute of Mechanical Engineers and is an Army Reserve diver having been trained in this made by the Royal Navy at Portsmouth on the English south coast.

How to save money without a struggle

You may be amazed at what just 63¢ a day will do

Sixty-three cents a day isn't very much — you probably can save it without missing it at all. But in a month, it adds up to enough to buy an \$18.75 Savings Bond, worth \$25.00 to maturity.

If you buy one each month for just 40 months, at maturity your bonds will be worth \$1800. There are two especially good things about saving money this easy way:

1. You do it without a struggle—with money you could easily have just dribbled away.
2. You get back 1/3 more than you save.

Why not start right now to lay away your \$1000—or any amount you have in mind?

SOME ADVANTAGES YOU MIGHT THINK ABOUT

You can save automatically with the Payroll Savings Plan. Tell your company how much to set aside from your pay for Bonds. This way you won't forget to save and your savings will add up automatically.

You now get 3 1/2% interest, to maturity. This new rate began June 1, 1959, makes your Bond money grow faster. Series E Bonds now mature 14 months earlier than before—in just 7 years, 9 months. Bonds

bought before June 1, 1959, earn more, too—an extra 1/4% from then to maturity.

You can get your money, with interest, anytime you want it. Bonds are a ready reserve that you can cash anytime at any bank. But it pays to keep them.

Your money is guaranteed safe by the U.S. Government. Bonds are an absolutely riskless investment. The cash value of your Bond will not drop—it can only grow.

Your money can't be lost or stolen. The Treasury will replace your Bonds, free, if anything happens to them.

You save more than money. You help save the peace with every Bond you buy. Bond money goes for science, education, military strength—the weapons of peace. And the money you save helps keep our nation's economy strong.

Here's how you can reach your savings goal with U.S. Savings Bonds in just 7 years, 9 months

If you save each week:	\$2,500	\$5,000	\$10,000
each week you save:	\$3.45	\$10.85	\$21.70

You save more than money with U.S. Savings Bonds

Buy them where you work or bank

The U.S. Government does not pay for this advertising. The Treasury Department thanks you for your patriotic response. The Advertising Council and

Cape Henry Junior Woman's Club Hears Report

The Cape Henry Jr. Woman's club held a dept. meeting last Wednesday evening, July 27th. Mrs. H. D. Freeman, president of the Cape Henry Senior Woman's Club opened the meeting with a prayer.

Mrs. Ira Hubbard gave a report on the Virginia Federation of Woman's Clubs of the Tidewater district. The convention was held for the Junior clubs and was held July 13th at the Norfolk Yacht and Country Club. The Cape Henry Jr. was recognized and Mrs. Hubbard was presented with a token gavel.

After a short business meeting members met with dept. chairmen, Mrs. Carol Davis, Publicity; Mrs. Jean Cox, Public Affairs; and Mrs. Betty Fowler, Fine Arts.

Everyone was reminded of the crab and hamburger feast to be held August 20th on the Lynnhaven River.

Princess Anne Jr. Woman's Club Plan Harvest Tour

The Ways and Means Committee of the Junior Woman's Club of Princess Anne County met last week at the home of Mrs. S. H. Leonard, Jr., to discuss plans for its second Harvest Kitchen Tour. This tour, sponsored jointly by VEPCO, will be held Wednesday, November 2nd. Eight unique, attractive kitchens in the Virginia Beach-Princess Anne County area will be shown. These kitchens will be open on the day from 10:30 to 4:30.

Dr. Bernard B. Battelman recently returned from the University of St. Louis School of Orthodontics where he was selected to attend classes in advanced training of the Tweed Edgewood method of treatment. Dr. Battelman was further honored by being made toastmaster at closing exercises.

Sandra Ohlinger Becomes Bride of John M. Hopkinson

Miss Sandra Donkle Ohlinger became the bride of John Magruder Hopkinson on Saturday, July 23, at 4 p.m., in Christ Episcopal Church. The ceremony was performed by the Rev. H. A. Donovan.

The bride is the daughter of Mr. and Mrs. Earl Frederick Ohlinger. The bridegroom is the son of Mr. and Mrs. John Barlow Hopkinson.

The bride was given in marriage by her father. She wore a gown of embroidered silk organza fashioned with a scalloped square neckline. The tiered full skirt was trimmed with velvet bows and ended in a chapel train. Her veil of illusion was arranged from a crown of pearls and sequins. She carried a white orchid surrounded with white roses and gypsophila.

Miss Patricia Gayle Clark of Virginia Beach was maid of honor. The bridesmaids were Mrs. Ray Tolson of Norfolk, Mrs. Dennis B. Rinker and Miss Julia P. Henshaw.

Thomas Tiffany Hopkinson was best man. The groomsmen were Ralph H. Tibbs Jr. of North Syracuse, N.Y.; Earl F. Ohlinger Jr. of Virginia Beach; Dennis B. Rinker and James S. Parks.

A reception was held in the Virginian Room of the Monticello Hotel. After they return from a southern wedding trip, the couple will live in Charlottesville.

Miss Clara Cistola, center, is shown being toasted by Miss Joan Aragona, left, and Mrs. Horace Cistola, right, at a recent show dinner party held at the Isle of Capri restaurant here. Miss Cistola is engaged to Richard Davis Guy and the wedding is scheduled for September 10. Missing from the picture is Miss Eunice Guy, sister of Mr. Guy. (Isle of Capri Photo.)

Slingluff-Grant Wedding Is Set

Mr. and Mrs. Richard H. Grant Jr. announce the engagement of their daughter, Miss Gail King Grant, to Charles Haines Slingluff Jr. of New York City.

Mr. Slingluff is the son of Mr. and Mrs. Charles Haines Slingluff of Alton, London Bridge, Va.

Miss Grant is the granddaughter of Mrs. Richard H. Grant and the late Mr. Grant of New York City and Dayton, and Mr. and Mrs. Robert Snyder King of Cincinnati, Ohio. She was graduated from the Madeira School in Greenway, Va., and graduated in Florence, Italy, for a year and made her debut in Dayton in 1953.

Mr. Slingluff is the grandson of the late Mr. and Mrs. Harry Lee Slingluff of Baltimore, and Mrs. Fountain Barksdale Craig and the late Mr. Craig of New Orleans, La. He was graduated from the McDonough School in Baltimore and from the University of Virginia. He is a member of the U. S. Marine Corps and is associated with the Atlantic Crossing Company.

A November wedding is planned.

BIRTHS

Mr. and Mrs. Norman Cassell Wilcox of Virginia Beach announce the birth of their first child, a daughter, Jane Byrd Page, on Monday at Norfolk General Hospital. Mrs. Wilcox is the former Miss Catherine Brooke Martin, daughter of Mrs. Tunstall Foy and the late James Green Martin Jr. of Norfolk. Mr. Wilcox is the son of Mrs. Charles Sharp Wilcox of Norfolk, and the late Mr. Wilcox.

Mr. and Mrs. George Roberts Hill Jr. announce the birth of their first child, a son, George Roberts II, on Monday at Norfolk General Hospital. Mrs. Hill is the former Miss Sandra Decker, daughter of Mrs. A. LeRoy Decker and the late Mr. Decker. Mr. Hill is the son of Mr. and Mrs. George Roberts Hill of Great Neck Point.

Mr. and Mrs. N. Hughes Palmer III of Virginia Beach announce the birth of their third child, second son, Julian Whitney, on Tuesday, July 19, at Norfolk General Hospital. Mrs. Palmer is the former Miss Alice Virginia Sykes, daughter of Mr. and Mrs. Clarence Julian Sykes of Virginia Beach. Mr. Palmer is the son of Mr. and Mrs. N. Hughes Palmer.

JAFFE'S FASHION CLOTHES

FOR WOMEN ONLY

Part 4-WORKING WOMEN

How much does it cost you to run your car for a month? No matter how much it is, you'd obviously like to get by for less. But how to do it... that's the problem. If you buy a new standard American car, you're right back where you started. And these compacts aren't as economical as they're cracked up to be. So now we come to the imports. Of all of them around today, there's one that stands out... The Renault Dauphine. It's priced some \$600 below comparable compacts: it actually does deliver 35 to 40 miles per gallon (ask ANY Renault owner): you save on insurance and interest: it takes just 2 1/2 quarts to change the oil: tires are cheaper: parts and service charges are less. And besides, the Dauphine is really fun to drive... you've probably never driven a car that's as easy to handle as a Dauphine. Why keep pouring your money down a bottomless pit? Make today the day you make the move. Bring your old car in, too... it'll probably cover your down payment at Eastern Auto, 11th and Granby, Norfolk.

Miss Collins to Wed James E. Crocker

Leon D. Collins announces the engagement of his daughter, Miss Merrilee Deane Collins, to James Edward Crocker.

Mr. Crocker is the son of Mrs. Philip B. Crocker and the late Mr. Crocker of Suffolk, Va.

Miss Collins, who is the daughter of the late Mrs. Margaret F. Collins, is a graduate of Sacramento High School and attended Sacramento Junior College and San Jose State College. She is a resident of San Francisco, where she has been based as an airline hostess for the past two years.

Mr. Crocker is a graduate of the University of Virginia. He is a member of Phi Kappa Sigma social fraternity. He has served as an officer in the U.S. Marine Corps and is now associated with an investment firm in Norfolk.

The wedding will take place August 14 at 2 p.m. in Sacramento. After three months in New York, the couple will live at Virginia Beach.

Pastors' Hymn Played at Morning Services Here

The congregation of First Baptist Church heard two pieces of music in last Sunday's morning worship composed by its minister. The words, a hymn and a choral benediction, were the first the Rev. H. Wadell Waters has ever written. He plays several musical instruments.

The hymn, "In This Blessed Morning Hour," is in the style of a worship hymn. Its tune is named "Bluefield," in honor of the West Virginia city where the Rev. Mr. Waters served before he came here last fall.

The tune to the benediction was named "Seaside" in honor of his present pastorate.

Temple Emanuel Birthday Dance Set For Sunday

Sunday, August 7th the beautiful Cavalier Beach Club will be the scene of the annual Birthday Dance sponsored by Temple Emanuel of Virginia Beach.

Everyone is invited to join in the wonderful experience of dancing out under the stars. Temple Emanuel is most fortunate to have Tommy Gwaltney's new big 16-piece dance orchestra to play for the occasion.

Tickets can be had at the door for the donation of \$5.00 per couple. Remember, please, Sunday, August 7th at 8 p.m., at the Cavalier Beach Club.

BY C. A. Dean, M. D.
MEDICATOR: Body odor is a problem medical research has battled for many years without success, until recently. Within the past ten years the mechanism of body odor production has been fully described. Our skin contains two types of sweat glands: the apocrine (specialized) found mostly in the underarm and groin areas and the eccrine (ordinary) located in all parts of the skin. When these glands are stimulated by local irritation and emotions for the former and by heat for the latter, an odorless fluid (sweat) pours out. Odor is produced only after bacterial decomposition of sweat, particularly from the specialized glands. Because of this, body odor is greatest in the armpits where the specialized glands are concentrated. Since body odor is produced by bacteria plus sweat, treatment is aimed at eliminating one or both of these. Bacterants have been effective chiefly through their antibacterial action. Shaving underarm hair helps by removing a collecting place for both sweat and bacteria.

(Q) "I am 25 and during my third pregnancy I developed a cystocle. Now, 14 months later, I still have it but it's not as large. Would you explain this? Should it be removed?"

P.A.M.
(A) A cystocle results from a weakened urinary bladder which projects into the genital tract. Extra pressure exerted on the bladder by pregnancies often produces them. In a young patient, like you yourself, specialized exercises are prescribed to rebuild and strengthen the tissues. If the exercises fail, surgery can be done.

EDITORIAL SPEAKING

Bridge-Tunnel Has Many Meanings

The good news on Monday of the sale of the Chesapeake Bay Ferry Commission bonds to finance the long-planned bridge-tunnel link between this area and Virginia's Eastern Shore brings into sharp focus what is believed to be the brightest era in the history of Tidewater Virginia.

Mr. James F. Abrams of the investment firm of Allen and Company said "Norfolk is on the threshold of an economic expansion on a par with what San Francisco faced in the mid-thirties when the Golden Gate reached the construction stage."

The Norfolk area in this instance, we believe, takes in a large area with Princess Anne County and Virginia Beach right in the middle of the expansion. The effect of this bridge-tunnel will be far reaching and in the final analysis the entire state of Virginia will benefit from it.

The Chesapeake Bay-Tunnel will help immeasurably to attract industry to the Hampton Roads area and in the case of Virginia Beach it will create a large influx of tourist traffic that heretofore has not visited this area. And, Princess Anne should

benefit from both the tourist angle and industry.

For the present time the period of construction which is estimated at more than four years will have a most favorable impact on the economy of the area. This is a point to remember in an undertaking of this magnitude.

The motoring public should rejoice at the news of the bridge-tunnel. For the New Englander driving south it will mean saving one and one-half hours in reaching Virginia Beach and this area.

It is difficult to visualize the importance of this forward step and what it means to the future of this area. We earnestly believe that it will mean much more to Virginia Beach, Princess Anne County and the metropolitan area of Norfolk and Hampton Roads than the Golden Gate bridge did to the City of San Francisco.

The sale of the bridge-tunnel bonds in itself speaks well for this area and when the project is completed we predict a greater expansion and prosperity for this area than can possibly be foreseen.

The Next Steps Ahead

In looking beyond the building of the bridge-tunnel from Princess Anne County to the Eastern Shore which was assured Monday with the sale of \$200,000,000 in bonds there are two ideas that should be pursued, both of which have been under study and discussion in the past.

One of the projects that should be placed in the "must" category for realization is the long-proposed highway from Virginia Beach to Nags Head, North Carolina. This project has, in the past, been given much thought and study by the two groups representing Virginia and North Carolina.

Now that the financing of the bridge-tunnel is assured attention should be directed by these representatives to the fulfillment of the Virginia Beach-Nags Head highway. This project should get a lift from the bridge-tunnel development and building of this road should commence so that it would be ready for use when the Chesapeake Bay bridge-tunnel is completed in early 1964.

Another matter that should demand close study is the proposal advanced by Sidney S. Kellam of Virginia Beach several months ago of some form of metropolitan government for the area. This idea has advanced in that the several localities have appointed representatives to a study commission on the subject.

These matters now demand a second look.

PRODDING THE PACHYDERM

Play Scheduled For Showing In Convention Center Tonight

Christopher Fry's highly successful "The Lady's Not For Burning" will play a single performance at the Virginia Beach Convention Center tonight at 8:30. Sponsored by the Allied Arts Association of Virginia Beach, "The Lady" is a production of the Experimental Wing of the Norfolk Little Theatre.

Tonight's presentation will mark the first time that an outside Little Theatre group has played Virginia Beach under the sponsorship of the AAA. This is another in a planned series of cultural endeavors to bring theatre, music and art to Virginia Beach.

"The Lady" was first presented by the Experimental Wing of the Norfolk Little Theatre in June and received high praise from critics and public alike. The cast will be the same as appeared in the play at the Norfolk Little Theatre with one exception, Caroline O'Keefe will replace Joyce Lucas in the role of Margaret Devis.

Miss Capps Named Librarian Of Beach, County Library

The Board of Trustees of the Virginia Beach-Princess Anne Public Library has announced that Miss Margaret C. Capps has been named as the staff of the local regional library as Librarian.

Miss Capps comes well qualified for her position, having obtained her B.A. with a major in English Literature, her M.A. with a major in English Language and Literature and her Bachelor in Library Science from McGill University and Fraser-Hickson Public Library. She has been in the library field for one year. Her favorite branches of the field are reference work and book selection.

Miss Capps was born and raised in Canada she has always been an American citizen and feels as if in returning to Princess Anne County she is coming home. Her father was a native of this area and during his career was transferred to Canada. However, she has visited the area with her family regularly through the years.

The new librarian is trilingual, having a speaking and reading knowledge of French and German in addition to English.

In the field of sports, she is particularly interested in swimming, skiing and badminton. While Virginia Beach can offer her the best facilities in swimming, her skiing

Living in the County away from the cities and the usual sources of help that metropolitan areas provide, it is very reassuring to know that there is an organization and group of men willing to give help and assistance whenever and wherever they are called upon.

Very Truly Yours,
Albert C. Atkins, Jr.

LETTERS TO THE EDITOR

Editor, Sun-News:

Dear Sir: I would like to take this opportunity at the beginning of Rescue Squad Month to publicly express my appreciation and gratitude to a fine organization and group of men.

I would like to cite two examples of their service to myself and family. In December 1959, my wife was hospitalized for major surgery and she faced Christmas in the hospital alone. On Christmas Eve the Doctor consented to allow her to come home, but only by ambulance. The Rescue Squad made available its ambulance and driver so that my wife could come home and also returned her to the hospital on Monday.

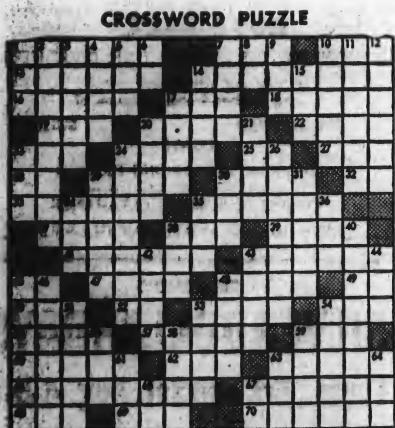

The second occasion that their services were made available to me was in May this year when I became seriously ill. The doctor said that I should be brought to the hospital immediately. The Rescue Squad was called and they responded immediately and rushed me to the hospital where I received treatment.

Living in the County away from the cities and the usual sources of help that metropolitan areas provide, it is very reassuring to know that there is an organization and group of men willing to give help and assistance whenever and wherever they are called upon.

Very Truly Yours,
Albert C. Atkins, Jr.

Virginia Beach Civitan Member Named Champion of District

A Virginia Beach Civitan gained status as champion workhouse of the Chesapeake district of Civitan International in announcements just out of district working groups. He is Duane W. ("Bud") Current, past president of the local club and a past district lieutenant governor. Mr. Current was named chairman of the Junior Civitan committee, to head a group that will seek this year to increase largely the number of youth clubs sponsored by the senior organization. He was also named a member of the credentials and inter-club relations committees.

Mr. Current outranked any other Civitan in the district in number and importance with the three appointments he received in the 76 made by District Governor Cornelius Whitt, of College Park, Md., who recently succeeded William E. Cooke of Richmond in the district leadership. Few of the tried district leaders got two such appointments and only one other, Past District Gov. and past international Vice Pres. Robert E. Howell of Norfolk, won three of the 76 appointments to the 17 major working groups. Civitan Current's chairmanship gave him the highest rating in the category.

The Chesapeake district includes clubs in Virginia, Maryland, Pennsylvania, New Jersey and the District of Columbia. Other Chesapeake district appointments announced by Gov. Whitt include:

Advisory committee — Jerome Offutt, Frederick, Md., chairman; Alvan Andrews, Norfolk, Va.; William E. Cooke and T. Bascom Martin, both of Richmond. Bowling tournament — Isaac B. Good, Washington, chairman. Budget and finance — Wallace A. Smith, Silver Spring, Md., chairman; August L. Lahr, Washington; William Sims, Wheaton, Md.

Chesapeake Pilot — William W. Gullett, Hyattsville, Md.; editor, Dr. Clarence C. Goe, Norfolk, Col. Hugh H. Soper, Mount Vernon, Va.; Don Volheim, Newport News, Va.; associate editors. Civitan education — Dr. Goe, Norfolk, chairman; Paul Keen, Washington; Jerome Offutt, Frederick; Fred Storm, Baltimore, Md. Credentials — William E. Lee, Alexandria, chairman; Mrs. G. G. Hofheimer Store Here To Open Aug. 15th

David S. Hirschler, president of the firm, has announced that Hofheimer's is shooting for an Aug. 15th opening of its new Lorton shoe store. This will be the 11th Hofheimer shoe store in the Tide water area. The store, which had been opened in 1900. As part of Hofheimer's 75th Anniversary celebration.

According to Mr. Richard Hofheimer, vice-president, the establishment of the new store is also an answer to the many requests from the Virginia Beach shoppers for a Hofheimer store. He believes the current Lorton location of the bright and spacious store will be just what they have been asking for.

The new building will house the many famous brands in shoes for the entire family as well as nationally known accessories.

UNDER "21"

By DAN HALLIGAN

(Ed. note: Dan Halligan will be glad to answer questions submitted by teen-agers and children. Send them to him at Box 120, Williston, N. D. For personal replies, please enclose a stamped self-addressed envelope.)

Dear Dan: Should a girl give a boy a second chance when he's apologized twice for something he did that was very wrong. I'd like to date this boy again but something tells me I shouldn't and I would like to know what you have to say.

Last week I dated this 18-year-old boy for the first time. I've only known him a few weeks but during that time he seemed like a gentleman. Anyway, we went to the show, then to a drive-in for something to eat and finally for a short ride in the country.

I didn't mind the ride but when he pulled over to the side of the road and told me to slide over to him, I refused. Right then he became a different person and practically grabbed me while he yelled that when a girl was in his car she would do as he said.

We wrestled around for a couple of minutes and he kissed me but that was all because by then I started crying. We started driving then and he apologized for the way he had acted. I said he really liked me. I didn't say anything, I couldn't. He then took me straight home and apologized again and this time I told him he was forgiven.

The next day he called me and again apologized and asked for a chance to redeem himself with another date. I told him I'd have to think about it and I would let him know in two weeks. That's when I decided to write to you. Should I give him another chance or just forget him entirely? Thank you — Decent Girl.

Dear Decent Girl: I suppose any girl has to consider a date will tempt a pass at her but this boy's idea of doing what he says when you're in his car is something else again.

He may have learned his lesson and he may have not. The important thing is that you've learned yours and inasmuch as you don't feel you want to date him again, don't. Your refusal to date him again will shake him slightly and should show him strong arm tactics.

It doesn't work. He's lucky your father didn't come after him with a clenched fist.

Dear Dan: What would you do in my place? I know I can make my school football team, even as a sub, but I want to play in the band and I can't do both. My parents aren't much help. Mom wants me to choose the band and my father says I should try out for the team. I just don't know what to do and would like your help — Charley.

Dear Charley: Choose the activity at which you'll get the most satisfaction. The high school football hero may be more popular than the snare drummer but that doesn't mean he's getting anymore out of life. You know your capabilities and perhaps even your activities will be a part of your future life, then you should choose that one. Good luck.

Dear Dan: My older sister and her boy friend very seldom go out because he has to be home by midnight. I have a boy friend too and whenever he brings me home from a date I can't ask him in the house because my sister and her boy friend have already got in. We have to live in the living room and whenever he comes in the house he has to stand on the porch and I don't think that's fair night after night. Both my parents say my sister should be married because she's 18. What do you think? — Kid Sister

Dear Kid Sister: I have to agree with your parents, not especially because your sister is older than you but because 18-year-old girls shouldn't expect to bring a date home and settle down on the sofa. Of course, if you want to entertain a boy at your home some evening, that's a different matter and you should proceed with your plans, sister or no sister. Perhaps if you do this, it will force your sister's boy friend to take her out and everybody might just be a little happier.

Frazer's Open New Shop Here

A desire to meet people and exchange varied ideas prompted Mr. and Mrs. James H. Frazer to open a business here in Virginia Beach. Over a period of time they discussed opening a business that would supply these things. After discarding several types, they decided on a Gift and Camera Shop on Atlantic avenue near 21st Street.

Mrs. Frazer enjoys helping people select gifts for their homes, relatives, and friends. She has also always been fascinated by costume jewelry.

Mr. Frazer was born in Victoria, Virginia and moved to Norfolk at the age of two. He attended public school at Virginia Beach and Washington and Lee University. Each summer Mr. Frazer sailed on ships to various ports as a seaman. This led to his previous business which was with steamships.

Mrs. Frazer was born in Carrollton, Va. She was graduated from Smithfield High School and Radford State Teacher's College. She received her Master's Degree in Library Science from George Peabody College in Nashville, Tenn.

Mrs. Frazer was the Assistant Librarian of Radford College for four years, then librarian for Norview Elementary School and is the present Head Librarian for the Norview High School. She also served on the Evaluation Committee of the Southern Association of Secondary Schools.

Because of the Fraser's love for books, they have decided to add a section of children's, adult, and teenage books this fall. There will also be books for leisure and reference reading. Reader's advisory service will be offered by Mrs. Fraser.

U.S. Rubber Get Big Army Fuel Cell Pact

(Continued From Page 1)

eration was a complete success and the young lady should have no further trouble with her eye.

Mr. Myers also reported that the club provided for seven pairs of glasses for needy school children in the area during the month of June.

President Lt. Walker further reported that during the past physical exam, the club has provided 43 pairs of glasses for needy children and sponsored several hundred examinations. The club also purchased a new eye testing machine for use in all the area schools.

Funds for these services to the people of the County are derived from such club projects and the annual Lions Broom Sale and the Christmas tree sale.

AERIAL DAREDEVILS THRILL BEACH PARK CROWDS
The Marcos, a stratospheric trapeze act, drew a large crowd to Seaside Park crowds beat the heat by their chilling, thrilling demonstration — twice a day beginning Monday, August 1, high above the Oceanic Stage.

Performances are scheduled at 2:30 and 9:30, and the whole show is free.

Wald Appears At Cavalier

A veteran of TV, motion picture, recordings and the rated night spots across the country, Jerry Wald opened The Cavalier Beach Club August 5th with his popular orchestra.

Jerry Wald has conducted for such TV stars as Perry Como, Frankie Laine, Jo Stafford, Kay Starr, Paul Robeson, etc. and has made television appearances on the Jackie Gleason, Red Smith and The Chevrolet Show.

The fine society band's engagements at The Beach Club further testifies to the outstanding orchestra on the 1960 schedule. Among its past engagements are such "name" hotels and supper clubs as The Sherman Hotel in Chicago, The Flamingo in Las Vegas, The New Yorker in New York, The Roosevelt in New Orleans and many more.

Jerry Wald and His Orchestra will be featured there August 11th night. Seats \$2.00 and \$3.00. See dancing every other week.

Performances are scheduled at 2:30 and 9:30, and the whole show is free.

High attendance figures of the last several weeks indicate that the Virginia Beach tourist influx is at its high peak for the summer. The season's vacation traffic rise is also reflected on the Seaside Park bathing beach, where the bathhouse is getting its biggest patronage of the season. Surf bathing at Virginia Beach is a major attraction, and Seaside Park is completely equipped to cater to the bathers' enjoyment and comfort.

Sailing Results In Tie Between Newton, Mayo

Roy Newton and Hugh Mayo tied for first place in the Comet Class at the third Broad Bay Sailing Association Series Sunday. They both had eight points for the day. They are leading their class with fifteen points each, going into next week's race.

Hugh Mayo took first place in the first comet race with a time of 44 minutes, 23 seconds. Trailing by Jim Charleston with 44:30 and Roy Newton with 43:21. Roy Newton's time was less than the others, but he was sailing a Hampton, a larger boat. He needed a time of 1:16 less than his opponents in order to win.

Roy Newton made a time in the second race taking a first with 33:20. He was followed by Ray Frest with 33:20 and Hugh Mayo with 34:03.

Mac Newton led the Penguin class for the day with 8 points. A first and second was taken by Mac Newton in the two Penguin races. In the first race Bill Mayo took a second. Bob Smith took a first in the second race and Brooks Glimmer took a third in both races.

The Penguin class for the series is led by Bob Smith with 13½ pts. There was little wind Sunday so all the times were less than usual.

Our Governor's Highway Safety Committee notes that many drivers involved in crashes are prone to say, "It's all right, I'm insured." This doesn't excuse a law violation and one can never know whether he'll be able to say that after his next crash.

Seats Available At Southern 500

There's plenty of good seats unsold for Labor Day's eleventh Southern 500-mile stock car classic at Darlington Raceway but the rush is now due to start and by Labor Day the holiday race will be sold out for the eleventh straight year.

That's the basis of a statement issued by Bob Colvin, general manager of the successful South Carolina race plant. "It happens every year," Colvin explained, "around the first of August. The reservation rush starts and immediately we get frantic calls asking if we are sold out." Colvin added that the earliest a Southern 500 was ever sold out was four days prior to the race and the latest after the race had started. "As a rule we have seats for sale race morning but of course the choice locations have long been exhausted," Colvin concluded.

The covered grandstand is more than half gone now, Colvin reported, with the best seats available on the eighth and ninth row. This stand is sold ahead of any other year. The uncovered grandstand is unserved as high as the eighteenth row. Each stand holds approximately 16,000 spectators. Price structure at the nation's oldest 500-mile stock car race is the same as established in 1950 at six, eight and ten dollars.

Reservations can be made by calling, EX-108 3-4041 in Darlington or writing Darlington Raceway Ticket Office. Out of town ticket outlets are located at Southern 500 Industries truck servicemen in Charlotte, Wilson and Mt. Airy, N.C., Society Hill and Ridgefield, S.C.

Dove Season to Run for 70 Half Days This Year

The Virginia Game Commission has set a 70 consecutive half-day season on doves from September 15 through November 23. Hunters will have five more days than last season in which to draw a bead on the popular game bird whose numbers are up five percent over 1959 in the eastern management unit, said Executive Director Chester Phelps.

The commission was also able to liberalize dove bag limits with a daily bag of 12 and 24 in possession. Last season it was a daily bag of 10 and 20 in possession. Shooting hours are from 12 o'clock to sunset on the morning dove.

Other migratory game bird regulations: Rabbits and gallinules can be hunted from sunrise to sunset, September 1 through October 31. The daily bag limit is 15 and the possession limit is 30. Sora rails, a separate species, has a daily bag and possession limit of 25. Wilson's snipe may be hunted from sunrise to sunset, November 21 through December 20. The daily bag and possession limit is eight.

Woodcock, a game bird occasionally bagged by quail hunters, can be hunted November 21 through December 30. The daily bag limit is four, with eight in possession. Shooting hours are sunrise to sunset.

The framework for waterfowl seasons, established by the U.S. Fish and Wildlife Service, has not yet been set. The state will provide its waterfowl regulations within that framework, but probably not before late August.

Joe Weatherly Seeks Record at Darlington

Joe Weatherly, the Norfolk, Va., winner of the Rebel 300 convertible stock car classic at Darlington Raceway this spring, will start practice for Labor Day's Southern 500 Monday with an attempt on the all-time lap record of 129.608 mph.

Cotton Owens, Spartanburg, S.C., another favorite in the annual classic, will also start his practice with tire tests.

Weatherly, scheduled to drive a Ford in the \$90,000 grand old race, will be behind the wheel of an alcohol-burning Pontiac for his record attempt. The little veteran who has twice finished second in the holiday event said, "I want to be the first to turn Darlington at 130 miles an hour and make the Pontiac, if it is right, can do it."

Besides the fast run in the Pontiac Weatherly intends to participate in the tire tests during the Ford he has entered in the big race. His schedule calls for him to race in Atlanta Sunday and arrive in Darlington Monday in time for afternoon shakedown runs. Tuesday will be devoted to long runs at set speeds and the record run Wednesday. The practice sessions will be free to the public.

Fireball Roberts set the present official lap record during time trials for the Rebel 300, also in a Pontiac. Roberts also is the only driver to have a 129 mph lap and predicted that that speed would reach 130 mph prior to the Southern 500.

Paul Goldsmith, the former stock car driver with a brilliant record at Darlington who finished third at Indianapolis this spring, will probably do some driving during the tire tests. The former motorcycle champion is considered by the engineers as one of the most competent test drivers in the business. Race day Goldsmith will be part of the giant Darlington Raceway radio network, that beams around the world, to give his opinions and view of the race.

Darlington officials declare the track surface is in perfect shape for the tests and record attempt.

Ball Crowned P.A. Golf Champ

Jordan Ball won his first Princess Anne Country Club golf championship Sunday when he turned back the veteran Harry McCready, 3 and 2, in the 36-hole final.

The final match was close throughout with Ball holding a slight advantage most of the way. Both played well in the morning round with Ball carding a 70 and McCready a 71. Ball led three up as they went to lunch.

In the afternoon McCready dropped a forecaddie putt on the 20th hole to cut the margin to two holes. Ball again went three up at the 21st when his putter came through for another birdie.

However, McCready never wavered, getting a birdie two at the 25th hole to win back a hole. Then after both parred the 26th hole McCready cut the margin to two with a par on the 27th to Ball's bogey four.

The rest of the holes were halved until the 31st where Ball got his par and McCready had to be content with a bogey five.

In his quest for his first club championship, Ball defeated George Bennett 1 up on the 19th hole; downed Wayne Whitley 7 and 5; and edged George Giv by 2 and 1. And ready seeking his second club championship, downed Pat Devine, 5 and 3; sidelined Bobby Bennett 4 and 3; and downed Charles McDowell, 1 up.

Championship Flight
Jordan Ball defeated Harry McCready 3 and 2.

Second Flight
Dick Payne defeated Bill Worthington 2 and 1.

Third Flight
Dr. Brock Jones defeated Roddy Watson 1 up.

Fourth Flight
Cross Slingluff defeated Bill Rueger Jr. 2 up.

Fifth Flight
H. L. Smith III defeated L. O. Clark 2 up.

Blind bogey results: Al Beamon 80-12-77; W. N. Marshall 84-7-77; Shay Gregg 85-8-77; W. P. Woodley 92-15-77.

VIRGINIA BEACH — W. H. (Pappy) Wood won his third straight Cavalier Yacht and Country Club senior championship Sunday. Ward defeated Frank Lenz 2 and 1 over the par 69 layout.

Blind bogey results: (Saturday) — J. W. Walker 86-18-78; (Sunday) — Walter Hutchins 91-17-74; Bob Phelps 79-5-74.

Annual Cavalier Tennis Tourney Opening Today

The 11th annual Cavalier Invitational tennis tournament will begin Thursday at 9 a.m. at the Cavalier Yacht and Country Club. Competition will be held in men's singles and doubles and women's singles.

Former Davis Cup player Straight Clark, of Philadelphia, will be top seeded in men's singles. Hal Burroughs, of Charlottesville, Wade Herren, of Birmingham, Ala., and Tom Frieberg, of Yale and Ft. Meade, Md., will be seeded behind Clark.

"Think of YOUR child when driving near someone else's," asks our Governor's Highway Safety Committee. Slow down when you see them playing, riding bikes or walking. Children are human caution signs.

County Playgrounds Have Busy Weekly Schedule of Events

The Princess Anne summer playgrounds will host a busy day at the Princess Anne High School and the Princess Anne Training School. The county event will be held Tuesday, August 9th starting at 9:00 a.m. It will last the entire day. The morning session will consist of softball throw, football throw, pushups, rope jumping, sprinting, relays, broad jump, hop-step-jump and horseshoes. The afternoon session will consist of team games: basketball, prisoners base, volleyball, and softball.

The program highlights on the Princess Anne playgrounds for the week of August 8th are as follows: Arlington — Monday, milk carton craft; Tuesday, table games; Wednesday, musical games; Thursday, low organized games; Friday, arts and crafts exhibit; dancing every afternoon.

Bayside — Monday, corn husk craft; Wednesday, Tuesday, boys &

girls softball, quiet games; Wednesday, boys and girls horseshoes; Thursday, balloon blowing contest, story hour; Friday, test-age dance. Blackwater — Monday, bingo; Wednesday, relay races, paper craft; Friday, pantomime games. Courthouse — Monday, horseshoes; Wednesday, picnic, four stringing games; Friday, social dance.

Creeks — Monday, softball; four bounce ball; Thursday, sharing time, dodge ball; Friday, softball, dance time.

Shelton Park — Monday, pipe cleaner craft, musical games; Wednesday, girls vs. boys softball; Thursday, ping pong tournament; Friday, acrobatics.

Thalia — Monday, watermelon seed spitting contest; Wednesday, mimetics, paper bag craft; Thursday, carnival; Friday, odds and ends craft, circle dodge ball.

Woodstock — Monday, sports

minton; Thursday, dodge ball, folk dancing; Friday, picnic at Menden, Point.

Kempville — Monday, finger painting; softball vs. Bayside; Wednesday, quiet games; Thursday, little fellows softball vs. Bayside, table games; Friday, waste basket craft, basketball.

Ocean — Monday, pot holder craft, round up; Wednesday, apud bounce ball; Thursday, sharing time, dodge ball; Friday, softball, dance time.

Shelton Park — Monday, pipe cleaner craft, musical games; Wednesday, girls vs. boys softball; Thursday, ping pong tournament; Friday, acrobatics.

Thalia — Monday, watermelon seed spitting contest; Wednesday, mimetics, paper bag craft; Thursday, carnival; Friday, odds and ends craft, circle dodge ball.

Woodstock — Monday, sports

ridely time; Wednesday, softball social dance; Thursday, arts and crafts exhibit; Friday, wood craft, roll ball.

The results of some of the scheduled events on the Princess Anne summer playgrounds are as follows:

ARAGONA — The youngsters have been practicing and making costumes for a play presentation next Wednesday. . . . Checker tournament winner, John Santivasi.

BAYSIDE — Jimmy Walsh was the master of ceremonies at the talent show. . . . Tommy Solomon sang the song "Bible". Linda Dexter sang "Frankie". Jimmy and David Dexter gave the commercial of Fuzzy Wuzzy Cereal. Flora Williams imitated Marilyn Monroe. Roger McClurg pantomimed the record "The Battle of New Orleans". Kim Williams sang "Jesus Loves Me".

COURTHOUSE — Horseshoe winners: Donnie Lee, singles; Jamie Burdington and Billy Lee, doubles; table tennis winners: Arnold Dowley, singles; Sharon and Rickey Land, doubles; talent show winners: Jimmy Bradshaw, Dennis McKee, and Johnny McCleskey; winner: Jimmy Bradshaw; checker winner: Jimmy Bradshaw; bulletin board decorations: Kathy Bradshaw.

CREEKS — Ping pong winners: Benny Atwood, Beth Beddingfield, Billy Nossy, Johnnie Whitehurst; Beauty contest winner: Mariene Etheridge; impersonation winner: Debby Craft; softball throw winner: Johnnie Whitehurst; Football throw winner: Johnnie Lanning; checkers winner: Richard Etheridge.

KEMPVILLE — Girls checker winner: Doris Peacock; boys checker winner: Carl Ogerman. The boys softball team lost to Thalia 7 to 5 and now are in third place. SHELTON PARK — The girls softball team played two games losing to Kempville 13 to 7 and to Woodstock 11 to 6. The boys softball team defeated Kempville 14 to 1. Checker winner: Richard Dozier.

THALIA — Winners of a checker match vs. Kempville: Sue Maurice, Tim Henry, Don Fisher, and Forrest Fisher all of Thalia. The boys softball team still remains in first place by defeating Kempville 7 to 5.

WOODSTOCK — The boys softball team defeated Bayside 17 to 4. The girls softball team remains undefeated. Picnic winners: Bill Padgett, Devvie Fox, sack race: Ray Ward, bubble gum: Debbie Williams, Biggest feet: Patsy Joyce freckles.

P. A. TRAINING SCHOOL — Marble winner: Earl Smith; bubble gum winner: Barbara Williams. The boys softball team defeated Seaboard 10 to 6.

SEABOARD — Bicycle rodeo winners: Alfonso Morgan, best decorated; Zeila Davis, bicycle race: Alfonso Morgan, stunts. P. A. Training School visited this playground in a checker and ping pong match; ping pong winners: Linwood Skinner, James Hague, Howard Mercer, Preston Watkins, John Hawkins, June King all of Seaboard. Checker winners: John Hawkins, Jacquelin Carter, Charles Beasley.

Va. Beach American Little League News

By J. M. Matthews

The American Little League started into the home stretch of the 1960 season on Friday, July 29th, with the league running its yearly games, playing host to the third place Rotarians. The Tigers started on their winning way when Mike Keville, with teammates Chip McQuilkin and Richard Jester aboard, cleared the bases with his 9th homerun of the season to put his team ahead 3-0. The Rotarians roared back in the 2nd. Mike Kenney got on base by being hit by a pitched ball. Lee Entsminger drove Kenney to third with a double. Steve Mundy proceeded to clear the bases with a homerun. Tom Sanders duplicated Mundy's feat by clearing the fence for his 8th homerun of the season. From then on, it was the Rotarians night collecting 16 hits to down the Tigers 10-4. Cash Dobbs, Rotarian pitcher, went the distance facing 26 batters, giving up 4 runs on 8 hits, walking 2 while striking out 4. Chip McQuilkin, Bill Mayo and Bill Newton, Tiger pitchers, tried to bottle up the Rotarians, but allowed 16 hits, 19 runs, facing 48 batters.

In the second game of the night,

the Cubs, League Champions, proceeded to throttle Harold Hill's Sports to the tune of 15-4. John Potts and Vivi Hodgson held the Sports to 1 hit and 4 runs while teammates, Guy Standing, belted a homerun and Vivi Hodgson and Ragan Pulley belted 2-baggers. Bill Lang and Mike Hallock collected the only two hits for the Sports. Bill Lang collected for a 2-bagger and scored twice. Jimmy Lee and Greg Cayce each accounted for the other two runs for the Sports. Greg Cayce and Tom Blouin, Sports pitchers, faced 32 batters, walking 6, striking out 4, allowing 7 hits for the Cubs to score 13 times.

The rains came on Friday so the final official game of the 1960 season took place on Saturday, July 30th. Bill Renn, in his sixth year as manager of the Cubs, put in 13 men in various combinations to maneuver the Cubs out in front 5-4 in the sixth inning. However, the Rotarians came back in their half of the 6th to get Tom Sanders and Tim Wood on base by base-on-balls. On an overthrow to third, Sanders and Wood, scored to end the game 6-5 in favor of the Ro-

tarians. Jay Kahn and Will Pugh, Cub pitchers, faced 37 batters, giving up 9 hits and 6 runs. Lee Entsminger, Rotarian pitcher, went the full 6 innings, facing 38 batters, giving up 5 runs on 7 hits while striking out 10.

In the nightcap, the fighting spirit of the Sports, who have been on the short end of the win column all season, exploded to blank the Tigers, 7-0. Greg Cayce and Tom Blouin, Sports pitchers, faced 24 batters, giving up no runs on 2 hits, walking 3 and striking out 8. Bill Newton and Jimmy Maher faced 32 batters, giving up 7 runs on 4 hits, striking out 13 while walking 8.

Plans are being formulated to take the entire group of American Little League players which includes the minor league teams, to Washington, D.C. on Sunday, August 21st, to see the Washington Senators play the New York Yankees.

The Annual banquet will take place at the Methodist Church, 18th Street, at 6:30 p.m., on Friday, August 26th. Mrs. Mollie Fannery (GARDEN 8-5447) is in charge of reservations.

Va. Beach National Little League News

By Mrs. Talmadge Bagby

American All Stars 1
Virginia All Stars 6
The Virginia Beach National All Stars battery was Max Wiley, pitcher, and Lane Agee, catcher. The only two hits for the Virginia Beach National All Stars were made by Carl Bagby in the second inning and Wayne Simmons in the fourth inning. This was a tense

well-played ball game as the only hit for the U.S. Naval Amphib. American All Stars was a home run hit by Bostain in the fourth inning.

THURSDAY NIGHT
Pipers 13 J. C. Hawks 3
The Pipers scored runs all through this game, and it was the sixth inning when the Hawks rallied and scored three runs. Jeff Shelton was the winning pitcher for the Pipers and Max Wiley, and Chuck Hinkle shared mound chores for the Hawks. In this game James Parrish and Kenneth Smith got their first chance to play for the Pipers in a regular game. Johnny Fitzgerald, another Piper who haven't seen play too often, came in and got a nice hit. Players for the Hawks who got their first chance to play were Craig Gey and Dave Terry.

Thunderbirds 13 Little Giants 9
Dale Bradley walked up another no-hitter for the Thunderbirds in

this game. Players we haven't seen too often in this game for the Thunderbirds were Buddy Hines, who got hit by a ball getting on base the hard way, and Robert Longenecker, who hit a single. Boys not playing too often for the Giants were Larry Jacobs and Gene Joyner. Sharing mound chores for the Giants were Willie Rice, Moe Walcott and Johnny Ort.

Our Governor's Highway Safety Committee asks motorists planning a long trip to have their cars checked, even if they aren't yet due for inspection. The heavy strain of prolonged driving at speeds higher than in the city bring out dangerous defects.

His Ninth Blue Marlin

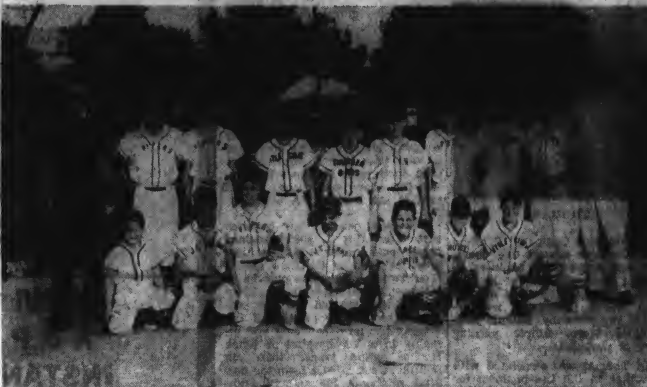

John Wood of Princess Anne, Va., boated this 387 1/2 pound blue marlin off Oregon Inlet recently from waters off Oregon and Hatteras Inlets which have produced more than 90 of the giant billfish during the first half of the current summer. For Wood it was his ninth, two of which were released while still alive, six of which were taken off the N.C. Outer Banks with a ninth taken between Florida and Dixie during the late winter of 1960. (Aycock Brown Photo.)

SUN-NEWS

Beach National League All-Stars

The Virginia Beach National All-Stars won the first game of the All-Star Tournament Play with the Norfolk Naval Base All-Stars by a score of 3-1 on Saturday night, July 23rd. In the second game the Virginia Beach National All-Stars were defeated by the U. S. Naval Amphib American All-Stars by a score of 1-0 on Monday night, July 25th. Back row (left to right) J. W. Wilson, manager; Terry Wheddos, Kenneth Hill, Johnny Ort, Carl Bagby, Dale Brady, Jeff Shelton, Jim Ward, Wayne Simmons, W. C. Orner, coach. Front row: Bill Wheddos, bat boy; Max Wiley, Andy Phillips, Lane Agee, Johnny Milner, Mike Bates, Willie Rice.

World Skeet Championship to Wind Up This Weekend

The World Skeet Shooting Championships, already a week old, continues at the Princess Anne Gun Club through this weekend.

Skeet shooters from all over the world have been on hand at the Lynnhaven shoot site and records have been falling in many of the classes.

For instance, on Tuesday, a team of California shooters, teamed up to break a world 28-gauge skeet record and then later found themselves shooting against each other in a shoot-off for the individual title.

A Junior shooter and a local product has been showing the way to Virginia shooters. He is young Tim Wilson of London Bridge. He won the Class B Junior 28-gauge title on Tuesday.

Two hundred shooters went to the line Tuesday in the 28-gauge event. The entrants from Virginia topped the list in numbers entered with 21. Illinois was second with 20 and New York third with 19.

Braithwaite and Rueger Runnerup in Tennis Meet

Two Virginia Beach youngsters teamed to win runner-up honors in the 15-year and under doubles play of the Eastern Virginia Junior Invitational tennis tournament held in Newport News last week.

The runner-up pair from Virginia Beach were Bill Braithwaite and Tommy Rueger, who lost a close match to Tommy Morgan of Suffolk and Dobby Wynne of Norfolk. The scores were 4-6, 6-4, 6-4.

Braithwaite and Rueger appeared to have an upset in the making in the first set when they won by a 6-4 score. However, experience favored the winners as they reversed the score in the final two sets.

A strong field entered the tournament. The boys title went to Norfolk's Steve Kahn. Kahn bested a fellow townsman, George Hellig, 7-5, 6-2, 7-5.

Ruben Trant, president of the Princess Anne Gun Club, said the club would put in a bid for the meet for next year but felt that it would go to another city. It has been held here for the past two years.

Detroit, Michigan, and Reno, Nevada are bidding for the 1961 tournament, it was reported.

County Little Leaguers Again in State Meet

The Princess Anne Little Leaguers are at it again. They have won their way to the Virginia State Little League tournament that opens tonight in Newport News.

In 1958 a Princess Anne Little League team advanced to the world series only to lose in the first round. They had won the southern championship.

Our Governor's Highway Safety Committee asks motorists to use their horns less and their brakes more. A horn blast can't stop a car but brakes can. Waiting until the last minute and relying on a horn is asking for trouble.

To purchase Savings Bonds, Peter Piper picked the painless partial payment payroll savings plan in the place where he works picking peppers to put in pickles.

East-West Team Meeting Friday In Grid Game

The East meets the West in the annual All-Star football game Friday night at Foreman Field in Norfolk and at kickoff time slated for 8 p.m., the Easterners will be outweighed about 10 pounds per man.

The contest is the fifth annual affair sponsored by the Virginia All-Star Foundation and brings together the cream of high school seniors from throughout the Old Dominion.

Headlining the cast of players is Norfolk's Eddie Versipile, who will be the top Group One senior in the game. He scored 106 points during the 1959 season.

Statistics in the weight department show that the East will field a lighter team than the West. The West linemen average 302.5 lbs. per man while the Easterners average a mere 192 pounds per man.

Butler Bill Dudley is coaching the West team and he boasted of his four ends Tuesday that they were the best single group on the squad. He referred to Art Versipile of Wakefield, Jake Adams of Highland Springs, Billy Bender of Buena Vista, and Buddy Meadows of Richlands.

Coach Fred Isaacs is well pleased with the progress shown by his East squad. He is naturally high on Versipile and Danny Ambros of Princess Anne at quarterback. He promises an air offense if the weather is dry.

The two teams taper off in their drills today and will be ready to go Friday night. In case of inclement weather the game will be shifted to Saturday night.

Course in Traffic Engineering Set For August 8-12

A special short course in traffic engineering will be held August 8-12 at Virginia Military Institute, Lexington, and will be open to anyone in the state who is interested in traffic study.

Sponsored by the Virginia Division of the Institute of Traffic Engineers and Virginia Military Institute, the course will cover all phases of traffic engineering, with particular emphasis on control devices and traffic operations, planning and design.

Col. S. S. Gillespie, associate professor of the Department of Engineering at V.M.I., is in charge of arrangements and instruction and will handle registrations. The registration fee is \$40.00.

Other instructors will be Henry S. Hulme, traffic engineer for Arlington County; J. D. Decker, traffic research engineer for the Virginia Council of Highway Investigation and Research, at the University of Virginia; A. R. Mitchell, traffic signal engineer for the Crouse-Hinds Co., Richmond; and J. C. Echols, district traffic engineer for the State Highway Department, Bristol.

Thomas Tire Co. Opens Plant at London Bridge

THOMAS

Thomas Tire Company, Princess Anne County's newest tire operation, has opened for business in London Bridge. The premises, at London Bridge stop light on Virginia Beach Boulevard, was occupied for years by Ratcliff Merchandise Store. Ample parking space is provided.

Mr. Thomas was associated with a brother in the tire business for the past eight years and acquired through experience and study the knowledge that goes with good workmanship. The shop is equipped with the latest and most modern machinery available today for recapping automobile tires. The present operation can handle all types of passenger car tires for recapping and feature special aircraft rubber treads. They are exclusive for "Dixie Cap" premium quality aircraft retreads. Present plans call for additional equipment to service trucks. All work is guaranteed.

A long resident of the Tidewater area Mr. Thomas was with the Norfolk Naval Shipyard for a number of years. The public is invited to visit the premises and see operation first hand. The shop is open from 8 a.m. until 5 p.m. during the week and until 9 p.m. on Fridays.

News for VETERANS

Some veterans' widows receiving dependency and indemnity compensation may be entitled to receive higher payments as the result of a recently enacted law, the Veterans Administration said.

The amount of dependency and indemnity compensation is now based in part on the rank of the deceased veteran at the time of his separation from service.

The new law, known as Public Law 86-492, allows the widow to receive payments based on a higher rank provided the veteran satisfactorily held the higher rank for at least six months and was holding it within 120 days of the date of his death or separation from the service.

The VA lacks the necessary information to identify these eligible widows. Widows whose husbands at one time held a rank higher than their rank at separation, under the above conditions, should contact the nearest VA office.

The new pension law requires that after July 1, 1960 pensions being paid under the new law must be reduced to \$30 a month after two full calendar months of VA hospitalization or domiciliary care. Under the old law the pension is reduced by one-half if the veteran has no dependents and remains in a VA hospital or home for a period longer than six months. Upon release from the hospital or home the amount withheld from the pension, if he receives a satisfactory discharge, is paid to him.

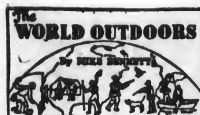

The new act requires the cut to \$30 to be effective on the first day of the month following two full calendar months of hospitalization, regardless of dependency status, the cut to be an actual reduction with no reimbursement to be made. However, an appointment will be made, if needed, to the wife or child of a hospitalized veteran whose pension is reduced. The amount payable to the wife or child will generally be the difference between \$30 and the rate payable to the veteran during the first two months of treatment or care.

Thomas A. Moore, Area Director Div. of War Veterans' Claims Commonwealth of Virginia 305 McKeever Bldg., 203 East City Hall Ave., Norfolk 10, Virginia

NEW POINT OF VIEW

A new method of fluoroscopic examination was revealed recently in New York City by Dr. Russell Morgan of Johns Hopkins University. By using a television technique, the examining physician can intensify the image on a screen in full view of all interested people, including the patient himself, and at the same time reduce the radiation exposure to the patient substantially.

You can own a lovely home if you start now to buy U.S. Savings Bonds regularly. Bonds are a safe sure way to save for a down payment on a home. And now they earn more interest than ever before—3 1/2% to maturity. Let bonds buy your home!

"You can have your 'world outdoors'," said recently, "Me—I'll take the asphalt jungle, the big city. Anytime you want to know where you are, you walk up to the nearest policeman and say 'Where Am I?'—and you're not lost any more."

Feeling kindly at the moment, I saw no reason to point out that this friend's dislike of the world outdoors stemmed, no doubt, from the fact that he had experienced an unpleasant few hours during a vacation to one of our national parks. He'd strayed off the beaten path and managed to get himself lost.

Being lost in the woods or forest is an unpleasant experience, even for the veteran woodsman. They get lost, too, although not so often as the "tourist" who takes to the forest full of joy and enthusiasm and with many a thought about where he is, or where he is going, until suddenly comes the realization that he doesn't know whether his car or cabin is one mile or a hundred away—or in which direction.

The moment of impact, the sudden discovery that one is "lost"—is a crucial moment. There is the urge to panic—and panic only makes the situation worse. The frightened person wanders, often in circles, using up valuable energy, and making it difficult for searchers to find him.

The best insurance against being lost in the woods is to plan your route beforehand. Know where you are going—and be sure to tell someone, letting them know when you expect to return. Take along a compass, some matches in a waterproof container, a couple of short sections of candle. It takes a lot of matches to start a fire with wet wood. The candle saves wasted matches.

Plan Antique Show

Committee chairmen discuss progress and booth layout of the Antique Fair and Sale which the Woman's Club of Princess Anne County hold annually. The show will take place October 20, 21, 22, 23. Proceeds from this event go to the Virginia Beach, Princess Anne County, Eastern Shore of Virginia Mental Hygiene Clinic, and to the proposed Community Hospital. The women are, left to right, at back: Mrs. Glover Miller, Secretary; Mrs. Waverley Dickens, Club President. Front: Mrs. C. L. Hershberger, Patrons Chairman; Mrs. J. A. Clark, Program Book Chairman; Mrs. M. F. N. Camp, Show Treasurer, and Mrs. R. F. Hogue, Food Bar Chairman.

COFFEE TO WELCOME PORT STORY NEWCOMERS

The Port Story Officers' Wives' Club welcomed newcomers to the post, with a morning coffee on Wednesday, August 3, at the Officers' Open Mess. Hostesses for the occasion were Mrs. William P. Pope, Mrs. John W. Albro, Mrs. Robert Gottschall, Mrs. Thomas C. Bankin, Mrs. Stanley A. Wleniewski, Mrs. Raymond T. Lowe, Mrs. John A. Tell, Mrs. Myron Martin, Mrs. Robert C. Courain, Mrs. Haille M. Matlock, and Mrs. George L. Oliver.

Governors Oppose Extension of Federal Gas Tax

If the nation's governors have their way, Virginia motorists will be spared \$13.2 million a year in gasoline taxes.

Clairborne D. Gregory, executive director of the Virginia Petroleum Industries, noted that the annual Governor's Conference has called on Congress to restore the federal gasoline tax to its regular three-cent-a-gallon level after July 1, 1961, and to avoid further increases in this levy. Under a temporary boost which went into effect last fall and is slated to expire June 30, 1961, the federal gasoline tax is currently four cents a gallon.

The additional cent is costing Virginia vehicle operators \$13.2 million a year and nationwide adds \$583 million annually to the tax load borne by highway users, Gregory noted.

In a formal resolution, the governors recommended that funds necessary to insure financing of the federal interstate highway construction program should be bolstered by using a larger proportion of federal automobile excise taxes. Currently, \$1.7 billion a year in these taxes are being channeled into non-road purposes.

Gregory said that Virginia motorists are paying a total of 11 cents a gallon in gasoline taxes since, besides the four-cent federal tax, they have to pay a state tax of seven cents a gallon.

"Every motorist should make it his business to see, as the governors are doing, that Congress lets the fourth cent of the federal tax expire as scheduled June 30, 1961," Gregory said.

Judge Kellam to Crown Summer Festival Queen

Judge Richard B. Kellam will crown the 1960 Festival Queen at the Chesapeake Beach Community Center on Saturday evening, August 6. The Coronation will be followed by a Teen Dance. Music will be provided by a local Radio Disc Jockey.

According to Mrs. Colon L. Powers, general chairman, the Festival, sponsored by the Woman's Club of Chesapeake Beach, will officially open at 12 noon and will be preceded by a parade which will feature the Queen candidates. The 1960 Festival Court will include Miss Billie Jean Morris, 1959 Festival Queen, and daughter of Mr. and Mrs. Billy Morris of Baylake Pines, Miss Rita Doughtie, daughter of Mr. and Mrs. J. W. Doughtie of Chesapeake Beach, Miss Barbara Horstman of Chesapeake Beach. Also in the court will be the 1960 candidates, Miss Kathryn Burton, daughter of Mrs. James Smith of Chesapeake Beach, Miss Peggy Carter, daughter of Mr.

and Mrs. Richard G. Carter Jr., of Thoroughgood and Miss Sara Lou Dennis, daughter of Mr. and Mrs. Ben E. Delbridge of Lakeview Shores. Attendants for the candidates will be Miss Cynthia Compton, daughter of Mr. William Compton of Lake Shores, Miss Kathryn Claypool, daughter of Dr. and Mrs. D. P. Claypool Jr., of Thoroughgood and Miss Sandra Hamrick, daughter of Cmdr. and Mrs. Lawrence Hamrick, of Thoroughgood. Junior attendants will include Miss Pamela Meekins, daughter of Mr. and Mrs. W. B. Meekins, Miss Judy Hudson, daughter of Mr. and Mrs. Elwood A. Hudson, Miss Jane Edmondson, daughter of Mr. and Mrs. O. T. Edmondson and Miss Prudence Fels, daughter of Mr. and Mrs. Ray Fels, all of Chesapeake Beach. Pages in the Court are little Misses Pamela Harksen, daughter of Mr. and Mrs. Roy M. Harksen of Thoroughgood, and Miss Chaille Powers, daughter of Mr. and Mrs. Colon L. Powers, of Lakeview Park. Miss Carter is being sponsored in the contest by the Bayview Junior Woman's Club and Miss Dennis by the Lakeview Shores Woman's Club.

This is the 10th anniversary of the Summer Festival sponsored by the Woman's Club consecutively. Many memories have been stirred by club members who can remember the Festivals down through the years.

The first Festival was held on the adjoining lawn of two members, also sisters-in-law, Mrs. Elwood A. Hudson and Mrs. W. B. Meekins. These ladies who live on

Lake Joyce at Chesapeake Beach, recall that motor boats had just been permitted to use the lake, and that children bought boat rides at 10 cents each. Said Mrs. Meekins, "It's quite a different story now. Speed boats and water skiing have taken over today."

Approximately 30 girls have vied for the crown of Festival Queen since Festival No. 1. This idea was a "brain child" of Mrs. Raymond Sprull, who was twice president of the club. Ten girls contested for top place in the first Festival. Down through the years the Festival Court has retained its popularity, and brought a beautiful climax to the event. The late Judge Floyd Kellam crowned the Queen three years of the ten. Others who have participated in this part of the program have been V. Alfred Etheridge, Princess Anne County Treasurer, Senator Almer Ames, and Captain Ronald Irving of Little Creek has crowned two Queens. Captain Irving has resided at Chesapeake Beach for a number of years and he and Mrs. Irving have always been helpful in youth activities.

"Always the most popular booth in the Festival has been the 'White Elephant.' Here we find the ladies searching for that bargain in an antique, and Junior delving into boxes for 'something for Mother' which she promptly returns the next year. Katy Wasehaley has been the 'Elephant's' chief Barker for the past four years, and does a bang up good job.

Mrs. Colon L. Powers or "Kathryn" to her club members, declares that the 1960 Festival will

be bigger and better than ever. Kathryn has a truck ready at minutes notice to pick up White Elephants from wherever they are. She is most anxious to know about people who are about to move, and really don't know what to do with all "the junk."

The club, under the direction of Mrs. L. E. Ledington, is giving away a five piece Silver Service. The drawing will take place preceding the Coronation at 9 p.m. Home baked products, hand-made articles and fresh vegetables will be sold under the direction of Mrs. J. N. Scarborough and Mrs. C. G. Faison. Mrs. Frederick Rides, club president, promises "that there will be games for the youngsters, fun for the adults, refreshments served at the Center's entrance all day. Dinner will be served from 5 until 7, the Queen will be crowned at 9. We promise fun for everybody who comes, and real bargains thrown in for good measure."

Boosting Your Insurance

Here is a sound Rule-of-Thumb that every property owner can follow: If your fire insurance has been in effect for a number of years without review or revision, it's an odds on bet that you are seriously under-insured.

Since 1945, the statistics show, the cost of home building has just about doubled so if your home was insured in 1945 and you have not increased the amount of insurance that you carried as of that date, you can imagine what could happen to your pocketbook if fire strikes.

What is true of your home itself is true of practically everything inside it. For instance, the cost of household furniture, clothing, appliances—almost every item found in the home—has more than doubled since 1940. Then too you have added new furniture, new appliances, T.V. sets, sewing machines, and many other items and you probably have neglected to increase the insurance on your household and personal effects. These "little things" add up to a surprisingly big total when an accurate inventory is made.

The remedy is for you to review your present coverage, the amount of insurance you carry on your dwelling and the amount of insurance you carry on your household and personal effects. Don't be caught half-insured in the event that disaster strikes you.

We would be pleased for you to consult us to see if the amount of insurance you are now carrying is in line with present day values.

NOTES FROM YOUR COUNTY AGENT

By E. R. "DICK" COCKRELL, JR.

LISTEN TO YOUR COUNTY AGENT

9:30 THURSDAYS, 12:10 SATURDAY, STATION WTAR

An insurance company refused to pay cash to a farmer for his burned barn, but offered to replace it instead. So the farmer immediately cancelled his insurance policy on his wife.

AT THE INSTITUTE

Last week while you folks were mopping your brow, I was enjoying the cool breeze on the campus of VPI. It was an enjoyable week, spent with many friends from all over Virginia, and particularly the friends of Princess Anne County.

Attending with me, from the county, were Jeb Ives, John Potter, E. H. Harrison, Willard White, Alva Malbone, and Vernon Watts. Several other Agriculture business men from the Norfolk area were in attendance.

As the weeks go on, we will be bringing you little items of interest from the Institute of Rural Affairs.

4-H LEADERS AT CAMP

The 4-H Club leaders from Princess Anne County will spend the week-end of August 6th and 7th, at Camp Farrar.

The leaders are invited to bring their husbands or wives and their children. A program has been planned for all members of the family, as well as the particular program for the leaders. There will be several planning and training sessions, as well as recreation at the camp, and also fun on the beach.

If you have not made your reservations yet, please do so at once.

CHEMICAL INSECT CONTROL OF SOYBEANS

It has been necessary this year to make certain changes in our recommendations for the control of insects, which effect soybeans. These recommendations supersede and recommendations that you have received prior to this date. Any previous recommendations that you have now should be destroyed, and you should write to-day for your revised copy of Circular No. 685. A phone call will suffice.

CORN DRYING AND STORING

Requests for information pertaining to methods of drying and storing corn are on the increase. Almost every day, I run into people anxious for information about drying and storing corn.

It would be difficult to say and improper to recommend any one particular method and piece of equipment to do your drying and storing job. It is, therefore, necessary to plan each operation on the basis of a particular farmer's needs. I have worked with several farmers already, in planning their facilities, and will be happy to work with others, as the desire arises.

If you have even the slightest interest in drying and storage of grain, then please give me a call, and we can work out a satisfactory time to get together when we can discuss this matter to the best advantage for your farm.

READING IN THE DARK

Some people have said that trying to farm without having your soil analyzed, is like trying to read in the dark. This, I will agree with. Soon, it will be time for seeding pastures, alfalfa and winter crops. Much of our land will need liming, and all of our newly seeded pastures and hay crops will need to be fertilized. The accurate way to fertilize and lime is according to the needs of the soil, and the only way you can tell those needs is to have it analyzed.

Now is the time to take those soil samples, for those crops to be seeded this fall. Soil samples should be put in boxes provided for this specific purpose. I have those boxes in my office, and you may pick up your needed supply. The samples should be returned to me, and I will have them analyzed and back to you with recommendations in about two (2) weeks.

TIME TO PLAN ALFALFA SEEDING

Alfalfa seeding time is just around the corner.

Seeding should begin after the first good rain, in September. Seeding early in the recommended period is a good idea.

Some changes in fertilizer recommendations are noted for this year. Recent tests have shown that phosphate promotes seedling establishment, but too much nitrogen and potash often will reduce germination and establishment of seedlings, so agronomists make these suggestions:

On fertile soils with a medium or higher level of potash, use 800 to 700 pounds per acre or banded 0-30-15 or the equivalent. On fertile soils with a medium or higher phosphate level and a low level of potash, use 800 to 1,000 pounds of banded 0-14-14 or the equivalent. On light textured soil or soils which have low fertility, use 1,000 to 1,200 pounds of banded 2-12-12 fertilizer of the equivalent, plus enough phosphate to raise the total applied to 200 pounds of P-205 per acre if the need is indicated by a soil test.

Use Certified Williamsburg, Certified Atlantic, Certified Buffalo, Certified Narragansett, Kansas Common, or Oklahoma Approved. In tests at Virginia Agricultural Experiment Station, the first four have consistently given the highest yields. Detailed suggestions on alfalfa production are available from my office. Ask for Circular No. 685, Revised, "Alfalfa Seeding Suggestions."

FALL GARDENING TIME IS NIGH

Planting the fall garden should be well along by the end of this month.

Broccoli, cabbage, collards, beets, kale, carrots, snap beans, and many other vegetables can be planted now to fill the fall larder.

Follow the usual good cultural practices: careful soil preparation, proper spacing, and control of insects and diseases. Seed should be a little deeper than in the spring

herdsmen, can attend the short course and learn to breed their own cows with purchased semen.

CORN BORER CAUSING DAMAGE IN VIRGINIA

Having trouble with the corn borer?

If so, you're not alone. But probably the best thing to do is grin and bear it.

Several reports have been received about damage by the European corn borer to corn, Irish potato and tomato vines, and some flower plants. We do not recommend insecticides to control the corn borer in corn. It is not practical to treat field corn because several treatments will be needed for control, and the high-cost dusting or spraying equipment required is not generally available. Do suggest planting hybrid varieties recommended for the area, and giving the corn best care in cultivation and fertilization.

The corn earworm also is causing damage to field corn. Here again, insecticides are not believed practical.

Trouble from the black cutworm apparently is waning.

KEEP CALVES GAINING

The livestockman who encourages bulging waistlines on his feeder calves this summer will be ahead of the game this fall.

Do everything possible to keep feeder calves moving and gaining. If grass is short in one pasture and there is available grass somewhere else, move the herd to the more plentiful grass. If grass is giving out, go to the old standby crop-feeders.

Another way to conserve a limited grass supply is cull cows now. They will probably bring a better price now than they will later in the fall, and by reducing the load on pasture the quality of cattle kept will be better.

Spray cattle several times to get rid of flies. Fly control recommendations are available from my office.

Pink eye is showing up in cattle of all breeds, be double cautious about watching the herd. Treat pink eye immediately. If corneas and pharynx are convenient to all pastures, the cattle can be treated whenever such an epidemic occurs.

Everything you do now to add extra pounds of gain now will

(Continued on Page Three)

THE MIXING BOWL..

IT'S Fun TO COOK

By LUCILE CLARK
SUN-NEWS FOOD EDITOR

For the very latest in food fads and fables... for practical, down-to-earth recipes that please both palate and pocketbook, read the "Mixing Bowl" by Lucile Clark each Thursday in the Sun-News.

MILK-SANDWICH IS NOVEL FOOD IDEA

A glass of milk and sandwiches are hardly a new idea. But, when the sandwiches actually contain a glass of milk, that is new!

The MILK-SANDWICH is a new food idea which combines favorite sandwich fillings and New Pet Instant Nonfat Dry Milk. Two MILK-SANDWICHES are the equivalent to an 8-oz. glass of milk with all of the B vitamins, calcium, phosphorus and protein of fresh pasteurized milk. With less than 1 per cent fat in New Pet Instant the MILK SANDWICH is welcome news to weight-watchers who still need milk in their diets.

Sandwiches, when combined with milk, make for quick and nourishing luncheons or handy TV snack suppers which all the family will enjoy.

The following suggestions are for two sandwiches. Quantities may be increased to meet family requirements.

PEANUT BUTTER AND JELLY
Mix together gradually, until smooth, 2 Tbsp. of jelly (apple, plum, etc.) and 1/2 cup Pet Instant (in dry form). Stir in 1/2 cup peanut butter until well blended.

August is National Sandwich month. Why don't you take advantage of the hundreds and hundreds of nourishing and delicious sandwiches that will make your summer living more enjoyable and easy?

Bake Ham and Egg Sandwich
6 eggs
1 tablespoon flour

CHIX FOR CHICKEN

Atlantic Ave. & 7th.
GA 8-9515 — We Deliver

PEANUT BUTTER & HONEY
Mix 4 Tbsp. Honey and 1/2 cup Pet Instant (in dry form) until smooth. Stir in 2 Tbsp. peanut butter until well blended.

CHICKEN SALAD
Have salad prepared (lettuce, tomato, egg, etc., may be substituted). Stir in 1/2 cup Pet Instant (in dry form) gradually until well blended.

DEVILED HAM
Mix 2 1/2 oz. can of deviled ham spread and 1/2 cup Pet Instant (in dry form) gradually together until well blended.

MILK-SANDWICH CONQUERS "MILK-RESIST"

The MILK-SANDWICH is the ideal way to add extra milk to the diets of youngsters and teenagers, too. If you have a "milk resister" in the family he won't even know there's milk in his sandwich—and if he likes milk, he'll be intrigued with a MILK-SANDWICH.

1 can (4 1/2 ounces) deviled ham
1 cup minced Heinz Dill Pickles
2 tablespoons minced onion
Dash pepper
12 slices toast or 6 sandwich buns
Mayonnaise or salad dressing
Heat oven to 325°F. (moderate).
With rotary beater, beat together eggs and flour. Stir in ham and next 3 ingredients. Pour into buttered baking dish (11"x7"x1 1/2").
Bake about 15 minutes or until firm. Cut into 6 squares. Serve between slices of toast or buns spread with mayonnaise. Makes 6 servings.
For the youngsters' midday meal, top a mixture of tuna and dill pickle with a poached egg and a sauce of soy tomato soup.

Tuna and Egg on Toast
1 can (6 1/2 ounces) tuna, drained, flaked.
1 cup minced celery
1 cup minced Heinz Condensed Tomato Soup, undiluted
1 cup milk
6 slices toast
6 poached eggs
Combine first 3 ingredients. Combine soup and milk; add 1 cup to tuna mixture; spread on toast. Heat remaining soup. Top each piece of toast with well-seasoned poached egg, spoon hot soup over sandwich. Garnish with parsley. Makes 6 servings.

Another egg treat from the broiler features sliced hard-cooked eggs on toast. A perky mixture of mayonnaise, sweet or India relish, mustard and grated onion is spooned over the eggs, and the sandwiches are broiled until bubbly and glazed.

Puffy Egg Sandwiches
4 slices toast
6 hard-cooked eggs, sliced
1 cup Heinz Sweet or India Relish
1 teaspoon Heinz Mustard
1 teaspoon grated onion
Place toast on broiler pan; cover with egg slices. Blend mayonnaise and remaining ingredients. Spoon over eggs. With pan 3-4 inches from heat, broil sandwiches about 5 minutes or until bubbly and glazed. Makes 4 servings.

Sweet relish, chili sauce or ketchup and parsley season a mixture of hard-cooked eggs and grated American cheese—the filling for hollowed out frankfurter rolls. The rolls are baked for 15 minutes or until the cheese melts and the crumbs (salvaged from the hollowed out buns) are brown and crispy.

Egg and Cheese Boats
4 hard-cooked eggs, chopped
1 cup minced parsley
1 cup grated American cheese
1 cup Heinz Chili Sauce or Tomato Ketchup
2 tablespoons Heinz India or Sweet Relish
1 teaspoon salt
6 frankfurter rolls
Heat oven to 350°F. (moderate). Combine all ingredients except rolls; hollow out centers, reserving crumbs for later use. Place egg filling in rolls. Top with some of the crumbs. Bake at 350°F. for 15 minutes or until cheese melts and crumbs are lightly browned. Makes 6 rolls.

ALL STAR KEY AWARD SUMMER PROGRAMS SET

Virginia's 4-H club elite—members of the Chapter of 4-H All Stars—are holding a series of programs this summer at which new members are receiving their "key awards."

Award programs have already been held for the southeast district at 4-H Camp Farrar at Virginia Beach, and for the east central district at Holiday Lake at Appomattox County. Three other programs are scheduled for August 6 at Powell's Fort Valley Camp, Front Royal, for the northern district; Southwest 4-H Center, Abingdon, for the southwest district, and at Peaks of Otter, Bedford County, for the west central. Another, for the northeastern district, will be held August 13 and 14 at Jamestown 4-H Camp.

State 4-H officials at VPI say that this year 192 club members and 8 honorary All Stars will receive the award. The key contains the 4-H emblem and the star representing the All Stars. The key awards were given for the first time in 1954.

The All Star program is designed to recognize all-around 4-H Achievements, and to develop further the 4-H motto, "Service." All Stars and county agents of each county jointly recommend prospective members, and final selection is made at the annual summer conference at VPI.

State officers of the All Stars are: Curtis Absher, Montgomery, big chief; Mrs. Shirley H. Gerken, Gloucester, lesser chief; Jane Norman, Loudoun, club; Clyde Hughes, Nelson, scout; Cynthia Eden, Orange, corresponding secretary; and W. A. Turner, VPI, medicine man.

Lesser chiefs for each district are: Ann T. Rowell, Surry, southeast; Vivian Spradlin, Bedford, west central; Bill Daugherty, Scott, Southwest; Eugene Wright, Caroline, northeast; Glen Updike, Rappahannock, northern; and Brett Watson, Charlotte, east central.

The All Star Program is conducted by the VPI Agricultural Extension Service and sponsored by Cities Service Oil Co. (Pa.).

WHY BUTTERMILK FANS LIKE SEALTEST BEST!

TRUE BUTTERMILK GOODNESS! Sealtest skill recaptures that missing "something" buttermilk lovers so fondly remember... a deliciously tangy flavor. Precise culturing, careful controls and the Sealtest skill create a buttermilk that is pure perfection.

THE GOOD HEALTH REFRESHMENT! Sealtest Buttermilk is rich in the protein, essential vitamins, the vital minerals of milk. In addition, it's wonderfully easy to digest since the protein is in the form of readily assimilated curd. Great for "toning up" the entire digestion!

REALLY FRESH—AND REALLY COOLING! Sealtest Buttermilk is low in calories; helps you keep cool, while genuinely satisfying your thirst. Try it. You'll find that nothing refreshes like buttermilk—and nobody makes buttermilk like Sealtest.

DELICIOUS EVERY TIME!—Right now, when your activity is probably up but appetite may be down, keep dependably nutritious, flavor-perfect Sealtest Buttermilk on hand for the one truly perfect pickup!

You know it's best when you get

Sealtest

New Air Filter Being Tested

A new and improved air filter, said by the manufacturer to have a higher capacity and greater efficiency, is being tested by the Fram Corp. of Providence, R.I., and the U.S. Army Transportation Research Command at Fekker Army Airfield. The air filter will be used in fixed-wing aircraft and helicopters.

The new filter, designed to be used in dusty or desert terrain, reduces engine wear, oil contamination, and excessive heat according to Fram. The air filter was tested at maximum power and maximum weight and at altitudes of up to 5,000 feet. USATECHCO engineers reported that the new air filter passed all requirements.

John Jackell, Fram Corp., project engineer, and Specialist Fourth Class Mike Blough, crew chief, maintained the craft and tested the air filter. Lieutenants William W. Redman and Kenneth E. Kellogg, under the supervision of Captain William F. Hart, flew a H-23C helicopter with the attached air filter during the 14-day testing period just completed. Further tests involving radioactive tracer elements will be made in August.

The National Outlook

We have just witnessed what properly may be called a financial "miracle" in connection with the federal budget.

Last January it was estimated that the budget for fiscal year ending June 30 would end up with a surplus of \$200 million. Although that was a Budget Bureau forecast, and although there was only a little over five more months to go, it appeared that the figure was on the generous side. The fact now had been that corporate income tax payments would be down sharply, perhaps by half a billion dollars. That meant, should it prove to be true, that the fiscal year would result in a deficit. Now we have the final accounting for the year, and it shows a surplus of \$1.1 billion.

The figures on this budget showing have been widely publicized and we do not propose to repeat them here. None the less, there are a few items which deserve emphasis.

First, the forecast on corporate income tax payments was wrong only in the sense that the decline was even larger than anticipated in the statement of a few months ago. In fact, revenues as a whole were below the January estimate.

Second, the surplus was not the result of reducing military spending. This item was up a quarter of a billion dollars from the January estimate, and at \$41.2 billion was almost identical with military expenditures in the fiscal year ending June 30, 1959.

Third, the total spending was \$3.4 billion below the 1959 level, and the reduction, except for the military, was balanced pretty well across the board.

Finally, and most important, here is definitive evidence that total government spending does not have to increase year after year. It may be granted that some of the reductions were not the result of anything which the Administration itself did. A perfect example was the large decline in agricultural expenditures. That came about because farmers did not make as heavy demands upon the government as anticipated, and had they made the demands there would have been no alternative under the present law but to make larger payments.

The substantial drop in interest payments on the public debt also was not because the Treasury did or did not do anything. It was the result of the decline of interest rates in the open market.

But, in general, it is accurate to say that the surplus is the result of our having a prudent administration—an administration which is not only interested, but determined, to spend no more than necessary. Of course the Administration was not completely successful in this effort. There is, and probably always will be, waste of enormous proportions in our federal spending.

At least in the past fiscal year, however, there was some needless spending eliminated, and for that we should all be thankful.

It would be encouraging almost beyond words if we could believe that an equally good record would be made in the current fiscal year. At the moment, it does not appear that is probable. Already a net loss and quite unjustified \$700 million has been added for increased pay to government workers, and no one can know what will happen in the presumed brief session, however, that there are some enormous spending proposals on the docket, and back of that is a Democratic platform which, if enacted, would cost billions.

The one great point to bear in mind is that there is no economic necessity for spending this year to be above that of the fiscal period just ended. Some categories may need more, but other items can be reduced by more than enough to take care of these increases.

Vet Service Officer To Visit Beach

T. A. Moore, service officer for veterans and their survivors, working for the State government of Virginia, will assist clients, without charge, on Thursday, August 11, 1960, at the Virginia Beach Convention Center located at Pacific Avenue and 19th St., between the hours of 11 a.m. and 2:30 p.m. Moore's office in Norfolk is located at 305 McKeever Building, 203 City Hall Avenue, telephone MA 4-1529-2-9671.

DIAMOND SPRINGS CHRISTIAN CHURCH REARMS GROUND

Monday, July 25, at 5 p.m., a "Ground Breaking Ceremony" was held for the second unit of the Diamond Springs Christian Church (Disciples) 6700 W. Haden Road. This unit will be composed of 14 classrooms for the Education Building. The cost of the new wing will be \$24,000.

Mrs. W. W. Anderson and the Christian Action and Community Service Board of the church presided.

The new unit was designed by Melvin M. Spence, Norfolk architect in cooperation with the Board of Church Extension of the Disciples of Christ.

Construction will be under the direction of Lafayette Builders. The congregation of the Diamond Springs church is five years old and is composed of approximately 375 members. H. Turner Gammon is chairman of the church building committee.

Mr. and Mrs. Ben Brewster of Diamond Springs have returned from the recently held Conference of Christian Disciples Church which was held in Lynchburg, Va. Mr. Brewster was elected secretary of the Conference. Mr. Richard Markham of the Diamond Springs church also attended the conference as a delegate.

Rev. J. Stuart Wake, pastor of the First Christian Disciples Church Norfolk is attending the World Conference of Christian Disciples Churches which is being held in Edinburgh, Scotland. At the conclusion of the conference he will tour Europe.

LAKEVIEW SHORES ADULTS DEVISE WAYS OF IMPROVING TEENAGE LIFE IN OWN NEIGHBORHOOD

Thanks to the efforts of some of the adults in the Lakeview Shores area the teenagers find lots to do in their own neighborhood. This is a new community and many of the adults have a sincere interest of the teenagers at heart. The Russell Christiansons of Bromfield Road have a wonderful tennis court in their yard which they very graciously let the teenagers use. If there is no one for tennis why they fix it for volleyball and they have lots of players.

Ten Area Marine Air Reservists On Maneuvers

Ten Marine Air Reservists from Virginia Beach and Princess Anne County are now at the Marine Corps Air Station, Cherry Point, N.C., for "Operation Vigil," a two-week summer training maneuver. They are members of Marine Reserve Attack Squadron 230 and Marine Air Reserve Group 20 based at the Naval Air Station in Norfolk, Va.

Commanded by Lt. Col. Jack W. Campbell, USMCR, Sanford, N.C., the reserve squadrons include: Capt. Quentin D. Owen, USMCR, 23rd and Atlantic Ave., Virginia Beach; 1st Lt. Winston B. Parsons, USMCR, 3102 Pacific Ave., Virginia Beach; Pfc. Robert E. Ames, USMCR, 209 Osterwood Ave., Virginia Beach; M/Sgt. Paul C. Fulgham, USMCR, 1215 Saturn St., Lynnhaven; Pfc. John T. Haley, USMCR, 105 Breezy Rd., Virginia Beach; Pfc. William E. Moulton, Jr., Box 287, Bayview Cpl. William R. Walker, 616 Virginia Ave., Virginia Beach; Pfc. Spurgeon L. Ward, Jr., 207 Treasure Island Dr., Bayview; M/Sgt. John R. Zartman, Jr., Rt. 2, Suber Dr., Lynnhaven. Commanding officer of MARG-20 is Col. J. Hunter Reinburg, USMCR, 209 Tanager Trail, Birdneck Point, Virginia Beach.

Training will include VMA-230 and MARG-20 at Cherry Point are MARG-8 and VMA-243 and Marine Air Control Squadron 16 (MACS-16) from Atlanta, Ga., MARG-14 and MARG-14 and VMA-341 from Jacksonville, Fla., MARG-19 and VMA-231 from Groesbeek, Mich., and VMA-113 from Olathe, Kan. Highlight of the two-week training period is Operation Whipsaw, in which the pilots of the reserve squadrons will furnish close air support for an amphibious landing at Onslow Beach, N.C. by ground reserve units training at Camp Lejeune, North Carolina.

Applications for Cost-Sharing To Be Accepted

This is to announce that the week of August 15-19 will be set aside for accepting applications for government-cost-sharing on ACP practices. The practices offered and maximum cost-sharing rates are shown below:

A-3 Permanent Vegetative Cover Applying needed lime (soil test required). Applying commercial fertilizer, 200/100/200. Seeding in: clover, fescue, orchardgrass, annual or perennials, lespedeza, or alfalfa. (These may NOT be seeded with a nurse crop, except that at the farmer's request, the County committee may authorize adding not over 3 pecks of oats or barley to the seed mixture.) Seedlings should not be grazed until after they are 6 inches in height.

Maximum cost-share: \$100/ton; \$1.00 - 2.00/hundredwt.; 1.00-1.00/acre.

A-4. Lining Farmland-To be used for establishing legumes (crimson clover, alfalfa) or permanent grasses. Soil test required. \$4.00/ton.

B-1. Establishing Winter Cover. Seeding crimson clover, \$2.00/acre; annual ryegrass, \$2.00/acre; vetch, 2.15/acre; annual ryegrass, 1.30/acre; vetch, 2.00/acre; barley, fall-sown oats, 2.00/acre; small grain mixtures (excluding wheat), 2.00/acre. (May be pastured but not harvested). Applying 200-100-200 commercial fertilizer/acre. 1.00-2.00/hundredwt.

It is desirable for you to have your soil test report with you at time of application, but if not, the county committee will give you 30 days to submit a report of same to the ACP office, after application.

Any applications submitted before or after the period specified above will not be considered. All applications taken during the sign-up period will be approved by the county committee for their proportionate share.

Signup for ditching, ponds and planting trees will be in October. ACP Office is located at the Courthouse, Princess Anne.

Our Governor's Highway Safety Committee says if everyone would observe traffic laws as they observe other laws, we wouldn't see from 800 to 900 traffic deaths in Virginia each year. A good citizen observes all laws and realizes breaking traffic laws can mean death.

Civil War Ad Plates For Postage Meters Available

The Virginia Civil War Commission announced today that Civil War Centennial ad plates are available at reduced rates to postage meter users through the Commission.

The plate will be available in two sizes at 9 and 13 dollars respectively, and can be ordered through the Commission at 614 Capitol Street, Richmond, according to James J. Geary, Executive Director.

"If most of the present users of postage meters would employ the Centennial ad plate, over a million letters per day would go out over the State and the rest of the world carrying publicity about the Civil War Centennial in Virginia," Geary said.

"Think of YOUR child when driving near someone else," asks our Governor's Highway Safety Committee. Slow down when you see them playing, riding bikes or walking. Children are human caution signs.

THE CHURCH FOR ALL

ALL FOR THE CHURCH

The Church is the greatest factor we have for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Children are fired with imagination, just as they are filled with faith. The faith of a child is something so simple and so beautiful that many an adult, viewing it, finds himself crying a little, deep down inside, for his own lost childhood and the touching innocence that was once his.

Yet before God, all men are children. His children, and Faith is there to be accepted, if men will but take it as a gift. The Church has the answer, showing you how to live like a man, while still possessing the heart of a child... helping you to get the very most out of life. If you haven't been to church lately... why not go this Sunday?

FORT STORY Tellings

MAJOR HENRY S. ERNST, JR. is assigned to 10th Air Force. Major Henry S. Ernst, Jr., has been assigned to the 10th Air Force as the new Operations Officer, 4th Section. Prior to coming to Fort Story, he was assigned to the Transportation Officers Advanced Course at Fort Eustis, Va.

Major Ernst has 18 years of military service and during the Korean conflict served with the 43d Infantry Division as Division Transportation Officer.

His tours of duty have included the Far East, Europe, and Canada. He will reside on post with his wife, Florence, and two children, Henry S. III, aged 10, and Loraine, aged 8.

STORY MAN PROMOTED TO SUPER GRAD. Master Sergeant Earl Brigran was promoted to the rank of First Sergeant, E-4, this week. Sergeant Brigran has served as the first

sergeant of the 670th Transportation Company, of the 10th Terminal Battalion, for two years, and will continue in that position. The company is commanded by 1st Lt. Robert Lloyd.

Brigran came to Fort Story in 1956 and served as first sergeant in the 347th and 553d Transportation Companies before his assignment to the 670th.

The sergeant's previous tours of duty include Fort Leonard Wood, Missouri; the South Pacific; Germany; Korea; Fort Bill, Oklahoma; St. Nazaire, France; and Camp Leroy Johnson, Louisiana. He has 17 years of service.

His decorations include the Purple Heart, Combat Infantryman's Badge, and the Bronze Star.

Sergeant Brigran lives in Virginia Beach with his family.

LT. COL. BREMER IS NEW 14th BN. CO.

LT. Col. Ernest K. Bremer has arrived at the U. S. Army Amphibious Training Facility at Ft. Story to assume command of the 14th Transportation Battalion.

He has replaced Maj. Warren J. Higgins who has been assigned to the staff of Maj. Gen. Frank S. Bess, Army Chief of Transportation, Washington, D.C.

Colonel Bremer comes to Fort Story from the U. S. Continental Army Command, Headquarters, Ft. Monroe, Va., where he served as a staff officer in the Transportation Section.

He has 20 years of military service and his tours of duty have included the Far East and Europe. Colonel Bremer will reside on post with his wife, Dorothea, and son, Thomas, aged 15.

LEGAL NOTICES

In the Clerk's Office of the Circuit Court of Princess Anne County on the 29th day of July, 1960.

FRED B. STICKLAND, et al vs. **BERTHA L. PATEK, et al**

ORDER OF PUBLICATION
The object of the above styled suit is to quiet and establish the title of the complainants therein to two certain pieces of land situated in the City of Virginia Beach, Princess Anne County, Virginia, which are more particularly bounded and described as follows, to-wit:

PARCEL ONE: The Northwest (NW) 1/4 of Section 16, Township 36N, Range 1E, 1st Meridian, in block 2, as shown on Map No. 1 of a part of the property of **Pinewood Park Incorporated**, which Map is duly recorded in the Clerk's Office of the Circuit Court of Princess Anne County, Virginia.

PARCEL TWO: A part of Lot Seventeen (17) in Block 2, as shown on the aforementioned plat more particularly described as follows:

Beginning at a point on the Northeast line of Lot Seventeen (17), which point is 15 feet from the intersection of the Southeast line of said Lot; thence in a South-easterly direction along the said Northeast line of said lot, 15 feet to the Southeast line of said lot; thence along the Southeast line of said lot 154.8 feet to the South-west line of said lot; thence along the Southwest line of said lot 105 feet to a point; thence in a North-westerly direction to the point of beginning.

And it appearing by affidavit filed according to law that **Bert L. Patek** is not a resident of this State; that there are, or may be, persons interested in the subject matter of the said suit who are unknown to the Court.

ORDERED that the said non-resident defendant, **Bert L. Patek**, and the heirs or devisees of the above named defendant, if she be now deceased, the consort of the above named defendant if she be married, and the successors in title, lien creditors and other persons claiming by or through such of them as may have heretofore attempted to transfer any claim in, or allowed a lien to be created on, the tract of land hereinabove described, or any part thereof, and any other persons who may be interested in the subject matter of this suit, be made parties defendant by the general description of "Parties Unknown," do appear within ten (10) days after due publication of this order and do what is necessary to protect their interest; and it is further

ORDERED that this order be published once a week for (4) successive weeks in the Virginia Beach Sun-News, a newspaper published in the City of Princess Anne, Virginia.

YOUR VIRGINIA BEACH - PRINCESS ANNE RESCUE SQUAD IN ACTION!

AND WE'RE AT YOUR SERVICE 24 HOURS A DAY - AROUND THE CLOCK!

This Is How Your RESCUE SQUAD has served you!

Our perennial dividend is declared in SERVICE
TO THE PUBLIC, payable on demand. Divi-
dends paid to date as follows:

1,093 CALLS

—answered for the year, a total of 6,484 since organizing in 1952.

31,388 MILES

—driven in service for a year, making a total of 143,899 since
organizing.

13,553 MAN HOURS

—volunteered during the past year, making a total of 84,989
since organizing.

What the RESCUE SQUAD Means to YOU and VIRGINIA BEACH

It means that any hour of the day and night, day-in and day-out,
there is trained help standing by in case you have an accident, are
suddenly ill, need emergency transportation, or any number of
completely unexpected situations arise in which you may need help.

The Rescue Squad is dispatched by the Virginia Beach Police
Department. Just call GA 8-9223 and they're on their way to
your assistance. Race, color or creed knows no barrier when the
call "Rescue Squad" comes over the radio. And their service
cost you nothing!

YOUR CONGRESSMAN
REPORTS

By Thomas N. Downing

For the first time in twelve years, the Congress of the United States is now returning to Washington for a post-convention session that should add an important new chapter to our Nation's history books.

Actually, the Senate is already in session, after convening at noon Monday, August 8, before galleries packed with visitors who came to see candidates of both political parties carrying on legislative business together.

The House of Representatives, however, will not reconvene until next Monday, August 15, and no legislative business has been scheduled until Monday, August 22, because the House' legislative calendar has fewer measures scheduled for action than the Senate's calendar.

Special sessions of Congress—particularly during an election year—are extremely rare, and there is very little historical precedent for the current activity in Washington. About the closest thing to a precedent to be found in recent history occurred in 1948 when President Harry Truman called the Republican 80th Congress back into a special session. But the similarity is distant, because the current special session is the result of the 80th Congress calling itself back. (You will recall that we recessed rather than adjourning.)

Five important pieces of legislation are expected to consume the bulk of the time between now and September 2, which is the tentative date selected for adjournment. They are: medical care for the aged, services relating to the

education, increased minimum wage, and mutual aid appropriations. The House has already passed bills dealing with nearly all of these subjects.

For example, the House has passed a medical care bill which provides federal assistance for our elderly citizens who need medical aid but are not able to pay for it. The House has also approved a school construction bill which authorizes a 325 million dollar appropriation annually for the next four years, to be distributed to the states on the basis of the relative size of their school age populations.

Similarly, the House has passed a minimum wage bill that increases the minimum wage from \$1.00 to \$1.15 an hour, without unnecessarily extending coverage to additional workers. And mutual security appropriations have been passed by the House, although we reduced the amount requested by the President by 597 million dollars.

Of course, a realist would have to admit that these conservative House bills are likely to be constantly changed during the next three or so weeks. Both party platforms promise liberalization of legislation in several key areas, so conservatives will have to battle for their beliefs when a bill goes to conference after being passed in different forms by the two Houses of Congress.

In addition to these so-called "vital five" pieces of legislation, there are about six other important items expected to come up for special consideration. They are: a \$1 billion dollar public works appropriation bill; labor and welfare appropriations; State, Justice, and Judiciary appropriations; situs picking; small business loans; and a treaty providing for 10-nation exploration of the Antarctic region.

Personally, I believe a few items are going to have to be held over until January, when the 87th Congress convenes, because all of these legislative proposals should have careful attention and deep thought—the kind of attention and thought that simply isn't possible in an abbreviated session.

In any event—no matter how many proposals are passed or held over—the next few weeks in Congress will make history, and I invite all of you who are able to visit Washington to watch the House and/or the Senate in action. I have free passes to both chambers in my office, and I would be delighted to make all necessary arrangements for you.

UCF Leaders
Meeting to Lay
Campaign Plan

A kickoff luncheon launching the 1961 campaign drive in Virginia Beach of the United Communities Fund is scheduled for the Princess Anne Country Club Friday at 1 p.m. It has been announced.

Charles F. Burroughs, Jr., president of the United Communities Fund, will meet with local division leaders at the luncheon and map plans for the local phase of the area-wide drive.

William P. Kellam is chairman of the mensa division for Virginia Beach while Frank Hodgkins and Roy M. Nell, Jr., are co-chairman of the hotel and motel division. This year a new chapter of the United Communities Fund is the Princess Anne-Virginia Beach Health Center. It will receive funds from the 1961 campaign drive.

Others expected to attend the Friday luncheon meeting and who are captains in the business division are R. R. McChesney, A. B. Crews, R. L. Riggs, E. A. Langhorne, C. B. Owens and H. O. Ehart.

The overall goal for the campaign this year is \$1,380,500. The drive in Virginia Beach is scheduled to begin on Monday, Aug. 16.

Pantie Raider
Here Arrested

Virginia Beach police were reminded of the celebrated pantie raids of college students of a few years ago this week when they apprehended a man pouring four pairs of the dainty ladies undergarments.

The culprit turned out to be a 26-year-old sailor, Donald D. Horne, who is stationed at the Oceana Naval Air Station. He was fined \$50 and cost and sentenced to 30 days in jail on a disorderly conduct charge and \$25 and costs on the petty larceny charge in police court Monday.

Horne was apprehended by Officer J. J. Waters in the 500 block of First Street. He was found pouring four pairs of ladies pantie in his pocket and admitted collecting these items from clotheslines in the first street area.

Rotary Club Here Preparing
For Crippled Children's Visit

A busy schedule has been arranged by the Virginia Beach Rotary Club for the annual visit of the children from Camp Little, near Huntington, West Va., when the group arrives on Sunday, August 21.

This will be the twelfth annual visit of the children from West Virginia and each year the local Rotary Club planned an active program for the youngsters here. A highlight of the schedule of events this year is a visit to the Warren Hull road show emanating from the Panorama Room at the Cavalier Beach and Cabana Club. This is set for Tuesday morning.

On Monday the 47 children, 39 girls and 8 boys, will visit the Oceana Naval Air Station as guests

of the Naval Base. There they will see the jet airplanes, have lunch, attend a movie and a special party. Seaside Park will host the group on Thursday night following dinner with the Rotary Club. When they arrive on Sunday they will be guests of Grumpy's for lunch. They will stay at the Dunes Motor Hotel.

Fepsi-Cola and Neht will furnish free soft drinks to the youngsters while here and the Pet Company will furnish ice cream for them. Britcher Dairy has donated the milk requirements during the children's visit.

While here the two movie houses will admit them free to the movie at any time and they may play carpet golf at the Ocean Carpet course at 15th and Pacific Avenue.

Young Democratic Clubs Vote
To Work, Support Nominees

The Young Democratic Clubs of Virginia, meeting in a special gathering Saturday in Richmond, unanimously adopted a resolution pledging full support to all Democratic candidates in Virginia in the November general election and to vote, support and exert influence for the election of Senator John F. Kennedy for president, and Senator Lyndon B. Johnson for vice-president of the United States.

The special meeting was called by President Joe T. Crosswhite, Jr., of Virginia Beach, who is head of the Young Democratic Clubs of Virginia. The meeting was of the executive committee of the organization.

William C. Battle, of Charlottesville, executive director of the Kennedy-Johnson campaign in Virginia, spoke to the committee. Crosswhite appointed E. A. Culverhouse, president of the Young Democratic Club of Virginia Beach, to the group's campaign committee. Other members of this committee are Nancy Vaughan of Gloucester and Lemuel DeBerry of Richmond.

Culverhouse read a statement from Sidney E. Kellam, Virginia's Democratic national committee man, in which the members of the Young Democratic Clubs of Virginia are urged to do all that they could to give Virginia and America the type of leadership so desperately needed that of the Democratic Party.

Virginia Fair
Now Underway

It's the season for blue ribbons, cotton candy and ferris wheels in Virginia. August 1st marked the start of the yearly period when the Old Dominion's varied agricultural and industrial achievements are on public display in area fairs.

For many years fairs have provided a showcase for agricultural products, but in today's modern fairs both competitive exhibits and displays are geared to the interests and needs of city dwellers as well as rural folk.

An increasingly important role in fair displays is being played by the state's industries, with new processes and improvements to boast. In addition, a growing number of retailers are using fair grounds as extensions of their store sales, to gain new customers from the thousands of persons who attend each of the state's 25 fairs.

The first Virginia fair of the 1960 season has already come and gone. That was the Page County Fair.

RESCUE SQUAD HAS
29 CALLS IN WEEK

The Virginia Beach-Princess Anne Rescue Squad answered a total of 29 calls during the past week. Of the total 13 were in the City of Virginia Beach and 16 in Princess Anne County.

In 1959 the squad answered four calls involving automobile accidents and three calls were heart attacks. There were a total of nine emergency calls.

County Planning
Re-assessment
Of Real Estate

A reassessment of all county real estate was authorized Monday by the Princess Anne Board of Supervisors in a special meeting. It will be the first such reassessment since 1950.

The survey is to be conducted by State Department of Taxation personnel and it was estimated that it may take as long as two years to complete the work. The board appropriated \$25,000 to get the work underway and it may be necessary to spend more than that figure for the extensive job.

Teams of six to 10 persons are expected to do the field work and this work is planned to begin in the fall or winter. The field teams will be supplied with cards that will include pertinent data.

In 1959 a similar survey of the county was made in which an attempt was made to equalize assessments.

The board Monday also appointed Miss Lois L. Edmund as assistant home demonstration agent for Princess Anne County.

Sign-Up Period
On Cover Crops
Is Announced

Mr. Russell Dudley, Chairman of the Princess Anne ASC County Committee has just announced that the entire third week of August is the 15th through the 19th, has been set aside as a sign-up period for cost-shares on winter cover crops, permanent pasture and lime (if used on legumes or pastures).

Any farmer in the county is eligible to apply for this cost-sharing, and in addition, for the first time this year, may get Conservation Material Service; briefly CMS means the government pays its share of the seed and lime costs of the county's open cropland.

For practices that use lime, a soil test report will be required within 30 days after sign-up. Mr. Dudley points out that a winter cover is desirable on most of the county's open cropland as a means of retaining moisture and topsoil, keeping open ditches open, and improving soil texture and organic matter. He also notes that this cover may be grazed through the winter and is long, but must be turned under later.

Virginia Fair
Now Underway

New Men Must Fill Holes in Seahawk Football Lineup — Coach King

P.A. Stars Bow To Front Royal In State Meet

The Princess Anne All-Star Little League team reached the finals of the state Little League baseball tournament Saturday but there they ran in to a tough pitching by young Larry Sawyer and Front Royal captured the title with a 10 to 0 victory at Newport News.

Sawyer allowed only one hit in the final game. Robert Fender rapped a single in the first inning. At one time he set down 16 batters in a row and registered 10 strikeouts.

Front Royal had won the title in 1958 and 1959 and had lost in 1960 to the same Princess Anne team. Princess Anne reached the regional finals in 1958.

The final contest was pretty much a Sawyer show. In addition to his sterling mound performance he drove in two runs with a scorching double.

Fender, the only man to get to Sawyer with a hit, was shifted to the outfield in the third inning and was injured when he hit the wall in right field going after Friskie's double in the fourth.

Front Royal now enters the divisional tournament at Dover, Delaware, August 12 and 13.

Par 3 Golf Course Is Underway At Glenrock

Par 3 Little Nine Golf Course to be built on Glen Rock Road behind Farmers Market at Virginia Beach Blvd. and Glen Rock Road at a cost of \$85,000.

The Par 3, Pony, Pitch-and-Putt, or Short Course, is really a "cut-down" version of the regulation golf course. In almost all respects except length, the short courses are very similar to the regulation layouts.

Par 3 golf is the newest and most interesting innovation in the sports field and has received tremendous public acceptance from the skilled golfer, the duffer, and the novice alike. Par 3 golf has proven to be the perfect set-up for learning to play golf, and for perfecting the "short game" where most strokes are lost.

This proposed Par 3 golf course

will have holes varying in length from 60 yards up to 160 yards. The layout, covering approximately 16 acres, is planned to offer a whole Par 3 golf course, a driving range, a miniature golf course, and a clubhouse. The entire layout will be fully lighted to permit use of all facilities during the evening hours. Ample parking will be provided. Year-round operation is planned.

Located at the very hub of the Norfolk, South Norfolk, Portsmouth, Princess Anne County and Norfolk County population, adjacent to Kings Dept. Store, and across from Janss Shopping Center, the location will be easily accessible from Virginia Beach Blvd. and from Military Highway. It will be owned and operated by Allen "Doc" Soles and Associates.

Dodgers Capture B. Ruth Title With 4 to 1 Victory Over Spots

The Dodgers, front runners through most of the season, won the championship of the Babe Ruth baseball league Tuesday night at the Virginia Beach stadium with a 4 to 1 victory over the Spots.

Gary Klehn pitched himself out of several jams during the contest. Several times, after getting two men out, he became wild and walked one or two men. Then he settled down to strike out the batter for the inning's final out.

There was very little hitting in the game. Ted Hanson, the losing hurler for the Spots, was also a victim of his own wildness.

For the winning Dodgers young Ricky Leonard played a fine game at third base making several fine stops and long throws to first to nip the runner.

The Dodgers actually won the game in the first inning when they scored three times on only one clean hit. Walks and errors figured in the scoring.

The champions gathered only 3 hits in the title clinching contest. Charley Brown, catcher, hit safely in the first stanza and later in the game there were hits by Johnny Arendis and Larry Maltheis.

Members of the champion Dodgers are Arendis, Klehn, Maltheis, Brown, Jack Tucker, Jerry Cross, Leonard, Armstrong, Mercer, McQuilkin, Dickson and Hanson. The team is coached by Mr. Hall and Mr. Kramer.

Football Clinic For County Boys

A football clinic will be held for all interested boys who are planning to play with organized teams in Princess Anne County. The four day clinic begins Monday, August 15th, at 9:00 a.m. Each daily session will end at 12:00 p.m. The boys are reminded to wear shoes, shorts and shirts.

The clinic's program will cover the following items: warm-up exercises, individual drills, group drills, team drills, agility drills, conditioning drills. The drills will cover offensive and defensive fundamentals.

The white football clinic will be held at Cox Stadium, located at Princess Anne High School. The following are to be instructors: James Boyd, Lou Breedlove, Grey Cassell, Steve Chipko, Francis Curling, and Tom McCaskey.

CAPE COLONY CLUB SWIM MEET IS SET

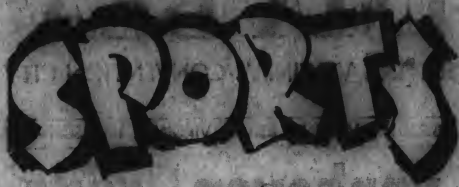

The Cape Colony swimming championship will be held August 27 and 28, it has been announced. The swimming events are for youngsters between the ages of six and 18.

Entrants are requested to enter at the Cape Colony Club at the pool entrance. There will be an awards dinner at the club on September 1.

Vet Service Officer To Visit Beach

T. A. Moore, service officer for veterans and their survivors, working for the State government of Virginia, will assist clients, without charge, on Thursday August 11, 1960, at the Virginia Beach Convention Center located at Pacific Avenue and 18th St., between the hours of 11 a.m. and 2:30 p.m. Moore's office in Norfolk is located at 305 McKeitt Building, 203 City Hall Avenue, telephone MADison 2-9671.

SUN-NEWS

A Brief Pause At The Playground Pet Show

These youngsters have stopped to catch their breath during the recent pet show held as part of the summer playground program here. They could not be identified because their favorite pets kept them too busy to stop long enough to give their names. The pet show proved a popular feature for the youngsters. (Boice Photo)

Pet Show Top Event in City's Summer Program

The eight weeks of the Virginia Beach summer recreation program was highlighted with a pet show, this following was last place trophy winners.

Largest Pet, a German Shepherd owned by Michael Dineen, Smallest Pet, a Frog owned by Donna Gay, Ugliest Pet, Mouse owned by Lynn Dudley, Prettiest Pet, owned by Claudette Neal. Ribbons were awarded to all 2nd place winners.

Regular activities at the playgrounds were basket weaving and recreational games. Ribbons were awarded for the best work in basket weaving and the following were the winners: Age 8-10 yr. group, 1st place Joan Barnes, 2nd place, Danny Banton, 3rd place, Hory McCowan; Age 11 and up, 1st place Ralph Allen, 2nd place, Lonnie Orsten, 3rd place, Sandra Miller. The winners at the high school playground were, Mac, MacAdams, Judy Hall, Craig Dudley in the 8-10 yr. group, 11 yr. and up group, Penny Kilby, Sandy Ferguson, and Rusty Kilby.

FRETZ SHOWS WAY IN SAILBOAT RACE

Ray Fretz won both Comet heats last Sunday in the Broad Bay Sailing Association races to take seven points for the day's top score. He was trailed by Jim Charleston and Chuck Perry.

In the Penguin Class, Bob Smith won the first race and Derek Eggleston took the second one in his Moth.

A three-way tie resulted in this class for the day's high points between Smith, Eggleston, and Mac Newton.

Skipper T. Thompson, from Richmond, sailed his Mobjack across the finish line first in both Comet races, but the visiting big boat would have to beat and outdetermined handicap to score over the smaller Comets.

The club is looking forward to more competition from Thompson next Sunday.

Westerners Show Way Among Shooters in World Skeet Meet

The West showed up the rest of the country in the skeet world last week as Westerners snared major honors in the annual world skeet shooting championships that concluded Saturday at the Princess Anne Gun Club at Lynnhaven.

Peter Candy, a 24-year-old Californian from Los Angeles, won the world skeet shooting title Sunday when he broke 476 consecutive clay birds.

Candy, a slender banker, defeated runner-up Robert Moore from Utica, N.Y. Another Californian, George A. Eichstaedt of Pasadena was third. George Nette of Irvington, N.J. finished fourth and William T. Season of Beverly Hills, Calif., was fifth.

All of the first five finishers broke the first 250 clay birds. Candy added 226 more to clinch the title.

Young Daniel Niederer, 14, of Elmhurst, Ill., won the junior title when he scored 248 hits out of 350.

A 16-year-old girl, Kathleen McGinn of Houston, Texas, won the women's championship by breaking 243 in the main event, and 25 straight in the shootoff to defeat Mrs. D. Jean Shields of Grand Rapids, Mich.

The professional overall title went to Jack Elliot of Chicago with a score of 538 out of 550. The collegiate all-gauge title was won by William Season III, 22, a student at the University of Southern California.

The summer playground highlights on the Princess Anne Playgrounds for the week of August 16th are as follows:

ARAGONA — Monday, quiet games; Tuesday, table games; Wednesday, arts and crafts; Thursday, sports; Friday, musical games; dancing every day.

BLACKWATER — Monday, horse-shoe contest; Wednesday, bean-bag contest; Friday, woodcraft, badminton.

COURTHOUSE — Monday, music appreciation, group singing; Tuesday, table tennis tournament; Wednesday, picnic; Thursday, social dance; Friday, art work.

CREEDS — Monday, softball, kickball; Tuesday, ping pong tournament; Wednesday, pipe cleaner and egg carton craft; Thursday, talent show; Friday, horseshoe tournament.

OCEANA — Monday, monopoly tournament; Tuesday, ping pong tournament; Wednesday, picnic; badminton tournament; Thursday, horseshoe tournament; Friday, pool; Saturday, arts and crafts.

KEMPSVILLE — Monday, individual games; Tuesday, arts and crafts; Wednesday, softball, girls vs. boys; Thursday, watermelon contest; Friday, sports.

SEABOARD — Monday, door mat craft; Tuesday, fan race, favorite stories; Wednesday, hockey, pool; Thursday, picnic; Friday, social dance.

SEATACK — Monday, individual sports; Tuesday, playground hike, picnic; Wednesday, social dance; Thursday, arts and crafts exhibit; Friday, kickball.

LOCALS TO OPEN WITH DEEP CREEK

With King Football nearer than you think Virginia Beach High School head coach Claude King has been mentally lining up his material for the 1960 edition of the Virginia Beach Seahawks as time draws near for the first practice.

The new head coach muses that "you can dream at this time of the year on prospects but you really can't tell anything until sometime after practice gets underway."

King takes over the reins this year from George Tepo and he is enthusiastic and anxious to get down to hard work for the coming campaign. He has helped supervise the summer recreation program here.

According to King he expects to greet nine lettermen when practice opens and several hopefuls with some game experience. In addition he expects to uncover one or two good prospects from the junior varsity team of last year.

Listed as the heaviest member of the squad is tackle Tommy Dennis, who tips the scale at 218. King believes that this lad could reach his peak this fall. He is a junior. Dennis has been improving each year.

Other returning lettermen are George Chappel, David Jones, James Cappel, Pat Ricks, George Alcorn, Elliott Bridges, Steve Standing, Frank Blanchard and Roland Grimes.

Coach King said there are several promising boys from the JV squad who could develop. He mentioned Bobby Ingram, Charlie Reed, Footsie Borum and Gary Lam.

Others expected to make a real fight for starting roles are Bo Bosher, Rocky Sanderlin, Jay Horton, Buddy Williams, Tommy Ayres and newcomers Jim Allen and Mike Russ is a transfer from

Work Union and Russ is a transfer from Grassy of Norfolk. In addition to Coach King, other members of the coaching staff are Jim Cook, line coach; Bob Coulthard, end coach; and Bower, JV coach.

The schedule follows:

Sept. 18—Deep Creek—Home
Sept. 24—Piquon—Away
Sept. 30—Norfolk Acad.—Home
Oct. 7—James Blair—Away
Oct. 14—Suffolk—Home
Oct. 21—Northampton—Home (Beach Bowl)
Oct. 28—Smithfield—Home
Nov. 4—Holland—Away
Nov. 11—Southampton—Away
Nov. 18—Prince George—Away

(Ed. Note: Next week the Sun-News will publish the Seahawk schedule as well as the schedule of the Princess Anne Cavaliers.)

Phelps Proposes Farm System for Bowlers

The country's professional bowl-free bowling instructions in the men have organized a Nationwide various cities they visit Phelps Bowling League and Virginia made arrangements for the instruction.

The new league here will be come up with an idea for a farm known as the Princess Anne County system throughout the nation. By Minor League and will be Phelps is pioneering the idea of signed for young bowlers between a nationwide minor league bowl the ages of 16 and 24.

The Phelps has three young men baseball farm system. Young bowlers from Virginia Beach on the roaders will be given instructions and now acting as goodwill ambassadors basic fundamentals. Then it's just darts and guinea pigs in the ex-a question of experience before permanent.

The three young men, all travel "The big league of bowling, the sling on bicycles to California National Bowling League, will set from Virginia Beach, are to receive sign scouts to different areas to

sign promising boys for their professional traveling leagues," he added. "The only stipulation for the youngsters is that they never have bowled in an organized league before."

"So far only one minor league has been formed but we figure that, with most of the fine young bowlers around — particularly in our own area—it should spread to other areas."

The AMF (American Machine Foundry), makers of bowling equipment, are co-sponsors of Phelps' venture.

If the idea is developed, the league will begin play locally on Sept. 18. Interested parties and sponsors should contact Phelps at Thunderbird Lanes.

The wandering cyclists—cut to three after the first week — are James Payne, George Ferrell and Melvin Hooker. Oral Lambert returned home on Thursday.

They'll get free bowlin' instruction in Atlanta, Birmingham, Dallas, Phoenix and Los Angeles. The Dallas stop will be at Mickey Manley's new Cotton Bowling Palace. Ray Tamber and 17th Tripping, nationally known professionals, will instruct them at Los Angeles.

Va. Beach National Little League News

By Mrs. Talmadge Bagby
Monday's Games

We have been busy this week playing rain-out games, and games postponed on account of the Tournament play.

Thunderbirds 11, Pipers 1

Dale Brady and Carl Bagby shared mound chores for the Thunderbirds, and Terry Wendos and Jeff Shelton shared mound chores for the Pipers. The Pipers were able to score a run in the second inning when Ken Stephenson drew a walk and Wayne Agee got a base hit driving Stephenson home. Then again Jeff Shelton hit a high fly to left field, and Johnny Milner ran over and made a running catch. There were some nice hits made by the Thunderbirds and they were able to chalk up runs in almost every inning.

The second game between the J. C. Hawks and the Little Giants was forfeited by the Little Giants as they did not have enough players to constitute a game. However, they played a practice game using Wayne Simmons from the Piper team as one of their players, and the score was 8 to 6 in favor of the J. C. Hawks.

Wednesday's Games
Pipers 15, Little Giants 7
John Evans pitched the Pipers to victory over the Little Giants.

and Willie Rice relayed by Moe Walcott pitched for the Little Giants. Some nice Piper hits were made by Simmons, Wendos, Ortn, Evans and Hill. Some nice Giants hits were made by Ortn, Taylor, Troutman and Batchelor. J. C. Hawks 5, Thunderbirds 1

This was a good close game between these two teams. Max Wiley pitched for the Hawks, and Carl Bagby relayed by Johnny Milner pitched for the Thunderbirds. Max Wiley and Bob Ward each got nice hits driving in the only two scores for the Hawks. The score for the Thunderbirds was made when Carl Bagby hit a nice single bringing in Mike Bates.

Thursday's Games
J. C. Hawks 10, Little Giants 1

Princess Anne League Schedule

Princess Anne Midget Baseball League

August 8th, Monday
Thalia Midgets vs. Larasan Cardinals at Shelton Park, 8 p.m.

Kempville vs. Woodstock Acetates at Shelton Park 8 p.m.; Aragona Giants vs. Westwood Hills at Kempville, 7:30 p.m.; Woodstock Indians vs. Creeds Indians at Creeds, 7:30 p.m.

Lynnhaven Pony League

August 8th, Monday
Eagles vs. Ruritans at Oceana, 8 p.m.; Chiefs vs. Thalia at Oceana, 8:30 p.m.

P.A. Teen-Age Softball League

August 11, 1960

Knotts Island vs. Aragona at Creeds, 7 p.m.; Creeds vs. Oceana at Creeds, 8:30 p.m.

August 16, 1960

Tournament games (2) at Oceana 7:30 and 8:30 p.m.

August 17, 1960

Tournament games (2) at Kempville, 7:30 and 8:30 p.m.

P.A. County Men's Softball League

August 13, 1960

Va. Beach Blvd. vs. Happy Hours at Kempville, 7:30 p.m.; MNM

Jim Ward pitched the Hawks to victory over the Little Giants with Chuck Hinkle catching. The Hawks chalked up runs in almost every inning, and in the fifth inning Max Wiley hit his fourth home run of the season driving in one run. The Giants score was made when Johnny Ortn got a nice hit driving in Moe Walcott.

Thunderbirds 10, Pipers 3

The battery for the Thunderbirds were Dale Brady, pitcher, and Carl Bagby, catcher. The battery for the Pipers were Jeff Shelton, reliever by Terry Wendos, pitcher, and Kenneth Hill, catcher. Practically all the Thunderbird team got hits. Pipers hits were made by Simmons, Evans and Wendos.

Roberts Enters

'500' Race for Eleventh Time

Fireball Roberts, Daytona Beach stock car veteran now hot on the comeback trail, will take his 11th shot at the annual Labor Day Southern 500 at Darlington Raceway.

Roberts, who won the grand old race in 1958 but has been unable to get back in the winner's circle for nearly a year until he won the Atlanta 500 last Sunday, will drive his Smokee Yunkie prepared Pontiac Catalina.

Six other drivers have also signed for the \$95,000 racing classic. Bobby Johns, Miami, Fla., will drive either another Pontiac or a Ford Thunderbird. Tiny Lund, Harlan, Iowa, a four-time 500 starter will have an Oldsmobile. Fred Lorenzen, Elmhurst, Ill., a Ford, Johnny Allen, Atlanta, Ga., Chevrolet, Wilbur Bakstrom, Dallas, Ga., Ford and Bob Barron, Bradenton, Fla., a Dodge. All are 1960 models.

Joe Weatherly, Norfolk, Va., winner of the Rebel 300 at Darlington this spring was the first Labor Day entrant.

Lorenzen, although a two-time USAC national champion, faces a driver's test at Darlington as does Barron. Neither have every completed over the tricky mile and three-eighths race course.

Johns has the best Southern 500 record, outside of Roberts, of those entering today with a ninth in his first race, in 1956, and third last year. Allen, although he hasn't driven in a 500 since 1957, was running third in the spring Rebel 300 when his car catapulted over the guardrail and plowed into the scoring stand.

Roberts has twice won the Rebel 300 at Darlington and will be shooting towards being the second driver in history to win more than one Southern 500. Retired Herb Thomas won in 1951, 1954 and 1955 but no other winner has been able to repeat. First place in the 11th Southern 500 can pay more than \$25,000.

Race for \$95,225

The Labor Day Southern 500-mile stock car classic at Darlington Raceway will now pay winning drivers \$95,225.

This is a boost of nearly \$5,000 over the originally-announced \$90,425 payoff. The race, nearing its eleventh running, is the richest per-mile stock car race in history now averaging \$190 a mile.

The latest addition will not be the last, according to Bob Colvin, Darlington's general manager. "This addition represents cash monies subscribed to our lap fund," Colvin said, "and it will go higher as more laps are subscribed." Colvin also pointed out that each addition means the Raceway will pay more into drivers point fund which will increase the payoff to those who didn't lead in the race.

The winner is expected to earn in the neighborhood of \$25,000, depending on the number of laps he led. The second place finisher will earn more than all Southern 500 winners but the last two, Fireball Roberts and Jim Reed.

The Raceway also announced a change in office hours for ticket reservations. Because of the heavy demand the ticket office will operate on a seven-day basis until after the race. Phone orders will be taken until 9 p.m. General admission tickets to the infield will be placed on sale the day before the race with spectators then permitted into the infield.

The Sunday night infield market usually attracts 20,000 fun lovers.

Sports

The week of July 24th was a busy one for the Lynnhaven Pony League with two make-up games being played along with the regularly scheduled games.

On July 26th Don Russell was called upon to pitch for the Ruritans for his first pitching assignment in two years. The Ruritans lost the services of John Bierk who when his father was transferred and the family moved to Tennessee. The pitching staff is further depleted by the resignation of the former number 2 pitcher. As a result the Ruritans had to find a new pitching staff. Don came through in fine shape with a no-hitter, striking out 12, walking one and hitting one batter. His teammates collected six hits, struckout 8 times and walked six to give him a 7 to 0 victory over the Chiefs.

In the second game of the evening the Eagles defeated Thalia by a score of 9 to 5. The Eagles collected nine hits, two of them home runs by Billy Dubsky and Johnny Sprull. Bobby Davies was the winning pitcher and Mike Henry the loser. Thalia collected 8 hits.

On the 28th the Chiefs took the measure of the Eagles by a score of 11 to 4. Richard Christman gave

up 3 hits, struckout 8, while his teammates added his victory drive with six hits and struckout five times. Bobby Harrington and Bobby Davies did the pitching for the Eagles.

In the second game Thalia got off to a good start in the top of the first inning by scoring a run against the Ruritans. However, the lead was short lived as the Ruritans came back with three runs in the bottom of the first and went on to score 1 in the second, three in the third and one in the fourth and fifth to give them a 9 to 1 victory. Billy Grimstead gave Thalia only two hits while his teammates collected 8 off Mike Fisher.

On July 28th Thalia came close to winning its first ball game of the season but was defeated by the Chiefs 4 to 3. Thalia took the lead in the top of the first inning and the Chiefs came back to tie it up in the bottom of the third. Thalia went ahead in the top of the fifth when they scored another run but Sam Tillett hit a home run with 2 on in the bottom of the fifth to put the Chiefs ahead. The top of the sixth saw Thalia rally and score one run but with bases loaded they could not get across

the needed runs for victory. Art Heston took the mound for the Ruritans in the second game and proceeded to chalk up a no-hit victory. Art had started for the Ruritans twice but was not able to control the ball game. However, on the 28th, he had some anxious moments, but managed to stay in control all the way. On three hits and taking advantage of six Eagle errors the Ruritans posted a 5 to 1 win. Charlie Phillips pitched a fine game in defeat to get credit for the loss.

On July 30th Thalia again knocked on victory's door but could not quite open it when they lost to the Eagles by a score of 4 to 3. They took the lead by scoring a run in each of the first two innings and holding the Eagles scoreless until the bottom of the third when they scored three. Each team scored in the fifth but Thalia had provided just another score.

The Chiefs collected four hits to the Ruritans 3 on Saturday night, but went down to defeat by a score of 6 to 4 at the hands of the Ruritans. Johnny Crowling pitched 4 innings when Don Russell took over. Johnny has been playing with a badly sprained finger. Jimmy

Kelly pitched six innings for the losers and Sam Tillett got the win. On August 1st the Chiefs took their war club to score 10 runs and chase Johnny Sprull from the mound for the Eagles. They scored again in the third to pick up a 12 to 7 win over the Eagles. The Chiefs had 9 hits to the Eagles 6. Bobby Davies relieved Sprull.

After one scoreless inning Thalia collected 2 runs in the top of the second and two in the third to go ahead of the Ruritans by four. However in the bottom of the third the Ruritans came back with six big runs and while each team scored one in the fifth the Ruritans had another victory by a 7 to 5 margin. Billy Grimstead started for the Ruritans and was relieved by Johnny Crowling. While Martin pitched for Thalia: Thalia was out 10 to 4.

On August 4th, victory day finally arrived for Thalia as they defeated the Eagles by a score of 8 to 4. They had some anxious moments as a thunderstorm delayed the game but after it had passed play was resumed and victory in sight. They scored six big runs in the bottom of the first inning and one in each of the fourth and fifth innings on 2 hits and 4 Eagle er-

rors. The Eagles scored their runs on two hits and 3 errors. Thalia took fourth inning and Bobby Davies and Mike Fisher one for Thalia. Sprull and Randall were the Eagle pitchers.

With a 6 to 4 win over the Chiefs the Ruritans have scored up the Lynnhaven championship. This far they are undefeated and only four more games remain. Don Russell, Everett Norton and Johnny Pelt collected the Ruritan title. The Chiefs had five with Larry Leung going two for four. Phil Davis pitched a good game in defeat. He was relieved by Sam Tillett in the sixth inning.

The remaining schedule is as follows:
Monday, August 8th
Eagles vs. Ruritans, 6 p.m. Chiefs vs. Thalia, 8 p.m.
Tuesday, August 9th
Thalia vs. Ruritans, 8 p.m. Eagles vs. Chiefs, 8 p.m.
Wednesday, August 10th
Chiefs vs. Ruritans, 6 p.m. Thalia vs. Eagles, 8 p.m.
Thursday, August 11th
Eagles vs. Ruritans, 6 p.m. Chiefs vs. Thalia, 8 p.m.

WITH THE GREATEST OF EASE... Brasilia really can't miss a shot in a soccer match between Brazil and Argentina. This unusual shot was taken through the netting of the goal.

Angler Believes In Luck
Who says there is no such thing as beginner's Luck? Certainly not Dan Quick of Virginia Beach who caught a White Marlin on his first Marlin fishing trip.

It took Quick twenty-two minutes to land this 44 lb., 52-inch fish.

Raymond Speight, Jim Gormley, and Leon Clark were Quick's companions. All three had been on several Marlin trips.

They were on the Shilla Galle III with Captain Lou Palmer out of Long Creek, Mariner. They went out in Chesapeake Bay.

The White Marlin was caught about thirty miles east of the Chesapeake Light Ship.

Quick had been deep sea fishing three times, but had never caught a fish.

They were on the Shilla Galle III with Captain Lou Palmer out of Long Creek, Mariner. They went out in Chesapeake Bay.

Ruritans Lead Princess Anne Pony League; Play Eagles Tomorrow

The week of July 24th was a busy one for the Lynnhaven Pony League with two make-up games being played along with the regularly scheduled games.

On July 26th Don Russell was called upon to pitch for the Ruritans for his first pitching assignment in two years. The Ruritans lost the services of John Bierk who when his father was transferred and the family moved to Tennessee. "And how would you like the children served for breakfast this morning?"

Young Hotel Operator Here Entered Venture By Suggestion

By "HARRY" DARRIN
A casual conversation while having lunch was to change the plans of a young man who had just recently moved to Virginia Beach. While eating at the B & Delicatessen he was approached by genial Mike Henneghan who asked if he was interested in going into business. Henneghan then told him that a hotel and the property was for sale, May 1, 1956, twenty-five year old John P. Hoey purchased the Breaker's Hotel on 20th and Atlantic Avenue.

The hotel had gotten in somewhat of a run down condition, but with the summer season so near there was little time for repairs. When the summer was over he immediately began plans for improvement.

The long winter months of reconstruction began. Buildings were torn down and replaced by a new building. Two pools, a new electrical kitchen, wall-to-wall carpeting, air conditioning, new furniture, a dining room, a coffee shop, and many more beautiful and comfortable devices were added.

A new addition was made in the middle of the summer. This was done for the pleasure of the local people as well as the tourist. An attractive wing facing the ocean was built into The Bahama Room, a small unique supper club with dining and dancing nightly.

Hoey was born in Chicago but spent most of his youth in New York State. His summer, however, since he was four years old were spent at Virginia Beach.

He was graduated from Valley Forge Military Academy and Michigan State College. There he was a member of Sigma Alpha Epsilon Social Fraternity. He then spent two years in the United States Marine, where he made Buck Sgt. in fourteen months.

His parents, Mr. and Mrs. John J. Hoey, had been coming to Virginia Beach every summer for 25 years. They were so fond of this area that they decided to make it their home. In November of 1958, John P. Hoey joined his parents at their new home in Linnhaven Park.

At that time he had plans to go into the frozen food business with his father. This was interrupted by his luncheon conversation which turned into a business venture.

Hoey enjoys the hotel business. He can always be found buying himself about the hotel seeing that all is running smoothly. His social life is completely given up during the summer season. He does not have time to go out as he works

JOHN P. HOEY

between 18 and 19 hours daily. In a pinch, Hoey became the chef.

Hoey is very interested in the growth of Virginia Beach. He commented that he noticed that the Miss Universe Contest was no longer being held at Atlantic City and would like to see this type of thing held at the beach.

Recently he has been appointed to the Rudee Inlet Authority. This is being done in the interest of the beach also.

Hoey is a member of the Rotary Club, the Virginia Beach Investment Club, The Cavalier, Princess Anne, The Cape Colony, the Hotel-Motel Association, and the Chamber of Commerce.

After the boardwalk art show, the highest praise was given Mr. Hoey by the ladies of the Allied Arts Association. Through out the show, Hoey allowed the ladies to use his first floor and facilities. They all were greatly impressed by this young man's interest and courteous help.

"Science has moved some men all the way to space. For other men, however, notably those who are blind and deaf, science has offered no new solutions." So says John Dupress, Director of Technological Research for the American Foundation for the Blind, who feels the new "Proton Project" bringing together scientists and rehabilitation workers may at last blaze the way toward improved techniques and appliances.

Fort Story Unit To Take Part In N.C. Area

The 4th Transportation Terminal Command "C", of Fort Story, will play a major role in the forthcoming Exercise Bright Star exercises, scheduled for this month in the North and South Carolina areas, according to Col. William P. Pope, 4th Term Commander, and Commanding of Fort Story.

The 4th Transportation Terminal Command "C", a STRAC unit, has been given the mission of staging and marshaling both the 101st and 82nd Airborne Divisions through four departure airfields in the Carolinas during Exercise Bright Star/Pine Cone III.

Exercise Bright Star/Pine Cone III is a combined US Army/US Air Force exercise being held at Fort Bragg, N.C. and nearby U.S. Air Force bases. Its major objectives are to provide realistic training in personnel for troop carrier elements of the U.S. Air Force Reserve and Active Army Airborne units and other units of the Strategic Army Corps (STRAC), and tactical fighter and reconnaissance units of the National Guard, and to provide realistic peacetime field training in ground operations of STRAC units in limited war situations.

Under a newly developed concept of operations, the 4th Transportation Terminal Command "C" will establish and operate a U.S. Army Staging Area Command (ASAC) in a friendly (neutral) country of PLATKA, in order to receive, administratively support, and assist in outloading elements of the STAG Airborne Force enroute to an objective area for deployment against the mythical enemy AGGRESSOR.

The 4th TTC "C" will set up headquarters of the U.S. Army Staging Area Command at Donaldson Air Force Base, near Greenville, S.C., and sub-ASAC headquarters at Donaldson AFB, Shaw AFB, Myrtle Beach AFB, and North AF Auxiliary Air Strip. These locations have been designated in the player directive of Exercise Bright Star/Pine Cone II as the departure points for the deployment of the STRAC Airborne Force into the objective areas.

The general situation in Exercise Bright Star/Pine Cone III will portray limited war conditions in an allied country, PLATKA (North and South Carolina), located adjacent to a satellite of AGGRESSOR. The satellite forces have invaded the country, and PLATKA has invoked her treaty agreement for assistance from the United States. This situation requires the immediate commitment of U.S. forces, and the strategic deployment and use of the appropriate STRAC units from the United States.

In its role of operating the Army Staging Area Command during Exercise Bright Star/Pine Cone III, the 4th Transportation Terminal Command "C" will coordinate with the 1st Logistical Command, XVIII Airborne Corps and the Strategic Army Corps headquarters for the arrival, in strategic aircraft, of the elements of the Airborne Force at the departure airfields, the complete administrative and logistical support of the Airborne Force while in the marshaling area, and the assistance in preparing the paratrooper elements for their departure to the objective areas and drop zones

via tactical aircraft of the U.S. Air Force. Within the elements of the STRAC Airborne Force will arrive at the locations of the Army Staging Area Command is a battle-ready combat team to personnel and equipment, the conversion necessary between their administrative arrival and their tactical departure from the airfields will involve ASA organization and preparation of the men and equipment into

"Common Glory" Attendance Has Big Improvement

"The Common Glory," Virginia's only outdoor drama, has shown a marked increase in attendance for its fourteenth season.

According to figures released today by Roger Sherman, general manager of the production, the attendance has risen 35 per cent over the 1958 season and 26 per cent over the 1959 season.

At the mid-season mark this past Sunday night, a total of 22,321 audience members had seen this year's show. Moreover, the July 19 audience was the largest single attendance since the 1957 season.

"We're the trend continues," Sherman stated, "we should have a total seasonal attendance of some 50,000 persons."

The 1958 season had a total attendance of 40,000 for sixty performances and six rainouts while the 1959 season had a total of 41,703 in attendance for sixty-five performances and one rainout. Thus far this year the Williamsburg drama has had only two rainouts at the halfway point of thirty performances.

Mr. Sherman attributed three factors for improved attendance: (1) the wonderful support of the Williamsburg community in telling the visitors in town about the show; (2) the generally ideal weather conditions—clear, cool nights; and (3) the popularity of the revised and re-written production of this season.

"We are quite pleased with the reaction in favor of our new version," Sherman said, "and the company members have been giving outstanding performances as a result of this high morale."

The Common Glory is produced by the Jamestown Corporation, a non-profit organization. Performances will run nightly, except Mondays, through August 28.

On May 7, 1954 the USS Constitution (Old Ironsides) returned to the Boston Navy Yard after a 3-year, 22,000 mile tour of large U.S. seaports.

Southland Most Popular Of Vacationlands in United States

The Southland is pinpointed as the nation's favorite vacationland for Southerners themselves and for their neighbors to the East, West and North—in a survey of America's 1960 holiday hopes just completed by Renault, Inc., U.S. subsidiary of the world's sixth-largest motor car manufacturer.

Of all Southerners reporting to Renault on their vacation plans, 78 per cent said they were going to spend their holiday in their own Dixie, with Florida and North Carolina being the most often named States.

The survey also disclosed, that of all Americans who will vacation this year, 36 per cent intend to go south, with Florida the favorite mecca for residents of the 50 other states.

Vacationers driving to Dixie, like those over the nation as a whole,

are driving more miles and spending more money than they did a year ago. The Renault study shows that Southerners on vacation are driving an average of 1,572 miles and spending \$380 this year, compared with 1,023 miles and \$303 last year. The 1960 national average vacation expenditure is \$462, some 11 per cent more than the \$416 spent in 1959.

"On the basis of the American Automobile Association's estimate of a \$15-billion annual outlay for vacations, this 11 per cent increase in vacation spending would mean that some \$1.65 billion in vacation money is pouring into cash registers, motels and service stations, gas stations and restaurants, and retail stores," according to Robert E. Valade, vice president and general manager of Renault, Inc.

"The vacation trip by car is steadily gaining in popularity and therefore in importance to many segments of the economy," Mr. Valade says the survey proves. "And the car trip is by all odds the biggest revenue producer among all modes of vacation travel."

Many travelers are commenting this year on a change in the make-up of the highway "population," Valade added. "Drivers are seeing more imported cars on the road than ever before—an observation that is documented by the fact that Renault alone has more than twice as many cars in operation today as it had a year ago."

Dixie vacationers, like Americans generally, still prefer summer vacations, the Renault survey shows. Some 70 per cent of the persons in the twelve southern states surveyed are vacationing during July and August. Two weeks is the most prevalent length-of-time, and in most cases the vacation party consists of two persons.

In the South, the family car is steadily becoming the preferred form of transportation. This year 90 per cent of those surveyed said they were driving to resorts, camps and national parks compared with 87 per cent for last year.

The vacationing Southerner will spend an average of \$108 on transportation of all kinds this year and will spend another \$122 for lodging. Those driving small and compact cars, of course, will spend less on transportation.

The Southern States surveyed by Renault include Virginia, West Virginia, North and South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Tennessee, Kentucky and Arkansas.

HALF-PAST TEEN

From About Face

The Confederate States of America, with Southern 500, which is one of the annual Labor Day parades at Washington University, has been unfurled from the top of the Eiffel Tower in Paris, France. Not only did the flag fly at the grand old tower, but from the top of Mt. Platan in the Swiss Alps, at the yodeling Swiss, and at the proud old Romans from the ruins of the Roman Colosseum.

Walter J. Klein, of Cincinnati, N.C. did the planting and it was a gag. His company, the Klein Company, produces the film of the Labor Day race that is shown around the world and his European trip with flag raising was photographed for inclusion in the next film.

"The details were all worked out months ago," Klein stated, "and we had official permission right down to police protection and the halting of traffic. Klein added that everywhere he went in Europe the Southern 500 was not only known but discussed in the streets."

"Can you imagine that," Klein asked, "the shock one gets to hear the name of F. Scott Fitzgerald being bandied about on the Parisian boulevards!"

Klein credits his own film and the Darlington Raceway radio network, that annually has been beamed around the world for the European interest and knowledge. One of the Darlington "bromos" that arranges the pageantry that has always surrounded the Labor Day classic, Klein is apprehensive about getting it all into his 30-minute documentary. "So much is now ready for Festival week, I feel we should make two films, one of the race and one just the activity."

Klein added, "but the flag party will not be cut. There's a lot of sentiment connected with that flag for us and when you witness Frenchmen, Italians and Swiss smiling and waving at that flag it does things to you!"

Helps Heal And Clears Itchy Skin Rash!

Zemo—liquid or ointment—a doctor's prescription product—relieves itching, stops scratching and helps heal and clear serious skin rashes. Try Zemo for relief. Strength Zemo for stubborn cases.

VIRGINIA BEACH SUN-NEWS

SERVING VIRGINIA'S FASTEST GROWING COUNTY

SECTION B

VIRGINIA BEACH, VIRGINIA, THURSDAY, AUGUST 11, 1960

Five Sets Of Twins At Hotel Here

Guests were seeing double last week at The Martha Washington Hotel as five sets of twins registered. They are (back row l.-r.) Anita and Kathy Cox, 11, of St. Paul, Minn.; La Vergne and Laurette Swengel, 12, of Wheaton, Ill.; Kaye and Jerry Biggs, 16, of Cleveland, Ohio; (front row) Harry and Laraine Meyer, 7, of Alexandria, Va.; and Marsha and Iver Standard, 7, of Frankfort, Kentucky.

MEMORIAL PARK HAS NEW ROAD SIGNS

Highway road signs were installed in the month of July by Princess Anne Memorial Park, with the permission of the State Highway Department, on Great Neck Road at the following intersections: Great Neck Road (Rt. 632) and Virginia Beach Blvd. (Rt. 58) Great Neck Road (Rt. 632) and Mill Dam Road (Rt. 165), and at Great Neck Road (Rt. 632) and Shore Drive (Rt. 60).

These signs were needed because of the confusion between Great Neck Road and Little Neck Road.

On May 24, 1959 the USS Oregon reached Jupiter Inlet, Florida after a 14,700-mile speed run from San Francisco, California. Her average speed, not including port time, was 11.6 knots, a record that that day.

Successful Summer Festival Nets Chesapeake Women's Club \$1800

The Woman's Club of Chesapeake Beach announced that their annual Summer Festival held for the 10th year Saturday, August 6, has brought to the club approximately \$1,800. The event was held at the Chesapeake Beach Community Center beginning at 12 noon.

Booth activity which included General Store, Home Bakery, White Elephants, Refreshments, Plants and Flowers, and Children's games hummed with activity all afternoon. The parade featuring Festival Queen contestants, defied the heat by driving the girls resplendent in new bathing suits, through the Bay Side Area.

From 5 until 7, the Festival Dinner was served under the direction of Mrs. Lewis Causey.

At seven o'clock, the Community Center was cleared for the crowning of the Festival Queen. At 9 p.m., Judge Richard B. Kellam crowned Miss Sara Lou Dennis "Miss Festival Queen the 10th." Miss Dennis is the daughter of Mr. and Mrs. Ben E. Delbridge, and was sponsored in the contest by the Lakeview Shores Woman's Club.

First runner-up in the Queen contest was Miss Kathy Burton, daughter of Mrs. James Smith of Chesapeake Beach, sponsored by the Chesapeake Beach Club. Second runner-up was Miss Peggy Carter, daughter of Mr. and Mrs. Richard G. Carter, Jr. of Thoroughgood, who was sponsored by the Bay Side Junior Woman's Club.

Other participants in the Festival Court were Misses Virginia Bell, Cynthia Compton, and Kathryn Claypool. 1959 contestants represented in the new Court were Misses Billie Jean Morris, 1958 Queen, Rita Doughtie and Barbara Horstman. Junior attendants were Misses Judy Hudson, Jane Edmondson, Pamela Meekins and Prudence Fels. Pages for the Queen were little Misses Pamela Harkens and Chaille Powers.

The Festival Art Exhibit and Handcraft, under Mrs. R. J. Velines was once more a big success. Ribbons were awarded in the following order:

Novice Class—Mrs. Frances Stokes, Bay Side, Oil Landscape, Blue Water Color Landscape—Mrs. E. C. Dougherty, Ocean Park Woman's Club.

Best in Novice Class—Mrs. Ella Whitfield, Princess Anne Woman's Club.

Advanced Class—Oil Landscape, Mrs. Dorothea Deaton, Blue and Red, Kempville Woman's Club; Wellows, Mrs. Marion Giles.

Oil Still Life—Mrs. Rita Velines, Blue, Woman's Club of Chesapeake Beach; Mrs. W. G. Ashman, Red Princess Anne Woman's Club; Mrs. Ada Wilson, Yellow, Princess Anne Woman's Club.

Oil Portrait—Mrs. Betty Burke, Blue, Bay Side.

Pastel Landscape—Mrs. Rita Velines, Blue, Woman's Club of Chesapeake Beach.

Still Life—Mrs. Gertrude Watkins, Lakeview Shore Woman's Club; Blue Watercolor Landscape, Mrs. L. E. Quackenbush, Bay Side; Blue Watercolor, Still Life—Mrs. Marion Giles, Blue, Mrs. Betty Burke's Abstract was awarded the prize for the best in its class in the Advanced Work.

In the Handcraft Division, awards were made for the following articles:

Ceramics—Mrs. Kay Manning, Blue, Needlepoint—Mrs. Charles Pitt, Kempville Woman's Club,

Blue and Red, Table Linen—Mrs. Michael Henry, Blue, Ocean Park Woman's Club, Afghans—Mrs. W. L. Manning, Blue; Mrs. Charles Hillier, Red, Ocean Park Woman's Club.

Children's Dresses—Mrs. W. G. Speight, Blue & Red, Cape Henry Woman's Club; Baby Knitwear—Mrs. David Laurensch, Cape Henry Woman's Club, Blue—Mrs. E. L. Hudgins, Kempville Woman's Club, Red.

Ladies Knit Dress—Mrs. E. L. Hudgins, Blue, Kempville Woman's Club.

Moore Is New President For Virginia FOP

Princess Anne County Police Chief James E. Moore has been elected president of the Virginia Lodge of the Fraternal Order of Police. His election took place at the annual state convention of the group held last week in Richmond.

Chief Moore succeeds Sgt. Walter I. Baughn of Norfolk in the top position. Other officers elected at the meeting were Alvin Hudson, Roanoke, vice-president; E. A. Culverhouse, Virginia Beach, secretary-treasurer for the third time; Earl S. Hollowell, South Norfolk, state chaplain; Major Frank Duling, Richmond, state conductor; and A. L. Winter, Henrico County, state guard.

Virginia Beach Police Chief Reeves E. Johnson entered a bid on behalf of his city for the next state convention of the FOP in 1962 and the convention voted to hold the meeting in Virginia Beach.

Johnson will serve as a delegate to the national convention from the Virginia Beach lodge and Moore, Hudson and Culverhouse will represent the State lodge.

Culverhouse was re-appointed the state membership chairman. Membership rolls of the state FOP have increased more than 100 per cent in the past year. There are now more than 1,000 members throughout Virginia.

The U.S. Navy first tried propellers on a ship in 1843 on the USS Princeton, an iron-hulled ship designed by John Ericsson, which was launched in Philadelphia, Pennsylvania in that year.

Navy Announces Anti-Submarine Warfare Program

The Navy announced today that anti-submarine warfare training exercises will be conducted with South American anti-submarine warfare forces from August 22 to December 14.

Eight South American countries will participate during the cruise, which is designed to provide opportunities for U.S. forces to conduct anti-submarine (ASW) operations with South American allies. Another objective is to demonstrate U.S. Navy ASW procedures

and equipment to participating nations. The eight South American countries participating are: Venezuela, Colombia, Ecuador, Peru, Chile, Argentina, Uruguay and Brazil.

Rear Admiral A. L. Reed, USN, Commander South Atlantic Force, U.S. Atlantic Fleet, will command the U.S. Naval units during the exercises. These units are the destroyer USS John Paul Jones, the destroyer escorts USS Dealey, USS

Hammerberg and USS Courtney; the submarine USS Olatz and a detachment from Patrol Squadron Twenty Four, John Paul Jones will carry Admiral Reed's flag.

U. S. Naval forces will not conduct exercises with all eight countries at one time. The cruise is scheduled in seven different phases. The phases involve Venezuela and Colombia from August 29 to September 12, Ecuador from September 10 to September 26, Peru from September 29 to October 5, ASW operation will then be conducted with ASW units from Chile followed by a combined U.S., Chile and Peru exercise. Admiral Reed will then take his task force into the Atlantic Ocean via Cape Horn for combined operations with ASW units from Argentina, Uruguay and Brazil.

Participating U.S. Navy ships are scheduled to arrive in their respective home ports on December 14, 1960. During the exercises, an estimated 25 days will be spent in South American ports.

LOCAL OFFICERS UP FOR PROMOTIONS

The President has approved the report of a selection board which recommended 32 line officers of the Navy for temporary promotion to the grade of Rear Admiral.

Among those named was: Capt. Herman Joseph Kossler, Commander Amphibious Squadron 10, U.S. Atlantic Fleet, 5509 Pebble Lane, Virginia Beach, Va., Born December 8, 1911, Portsmouth, Va. Official residence: 31 Afton Parkway, Portsmouth.

Capt. Odale Dabney Waters, USN, Commanding Officer, U.S. Naval Weapons Station, Yorktown, Va., 407 52nd St., Virginia Beach, Born July 13, 1910. Official residence: 36030 Fordham rd., N.W., Washington, D.C.

Capt. George Franklin Pittard, USN, Commander Amphibious Squadron 4, U.S. Atlantic Fleet, 218 74th St., Virginia Beach, Born July 28, 1911, Winterville, Ga. Official residence: Winterville, Ga.

GWALTNEY GROUP IN COLLEY THEATRE SERIES

Tommy Gwaltney and his band will present the history of Jazz at the Colley Theatre over a period of ten weeks.

There will be one installment each Friday night. The first will be August 12th.

Gwaltney will be assisted by Charlie Byrd, Newton Thomas Trio, Billy Butterfield, and other nationally known jazz stars.

They will give two half hour shows, one at 7:30 and another at 9:30. The regular movie will be shown.

What the causes of blindness were among the 355,000 blind persons in the United States is not known in 50% of the cases, according to M. Robert Barnett, Executive Director of the American Foundation for the Blind, and shows the need for continuing research programs in relation to blindness.

Boosting Your Insurance

Here is a sound Rule-of-Thumb that every property owner can follow: If your fire insurance has been in effect for a number of years without review or revision, it's an odds on bet that you are seriously under-insured.

Since 1945, the statistics show, the cost of home building has just about doubled so if your home was insured in 1945 and you have not increased the amount of insurance that you carried as of that date, you can imagine what could happen to your pocketbook if fire strikes.

What is true of your home itself is true of practically everything inside it. For instance, the cost of household furniture, clothing, appliances—almost every item found in the home—has more than doubled since 1940. Then too you have added new furniture, new appliances, T.V. sets, sewing machines, and many other items and you probably have neglected to increase the insurance on your household and personal effects. These "little things" add up to a surprisingly big total when an accurate inventory is made.

The remedy is for you to review your present coverage, the amount of insurance you carry on your dwelling and the amount of insurance you carry on your household and personal effects. Don't be caught half-insured in the event that disaster strikes you.

We would be pleased for you to consult us to see if the amount of insurance you are now carrying is in line with present day values.

Holsen-Williams Vows Exchanged Here Saturday

The marriage of Mrs. Virginia Humphries Williams and Morris Keith Holsen took place Saturday at noon in the chapel of the Virginia Beach Methodist Church.

The Rev. Charles O. Kidd, pastor, performed the ceremony in the presence of the families and close friends of the couple.

The bride is the daughter of Mrs. Edward Collie Humphries and the late Mr. Humphries.

The bridegroom is a son of Edgar Lawrence Holsen of Mount Carmel III and the late Mrs. Holsen.

The bride was unescorted. She wore a cocktail length dress of aqua satin, and chignon with matching bandeau and accessories and carried a bouquet of white orchids with lily.

Mrs. Herbert Winborne of Nansemond County was matron of honor and James E. Rabey Jr., of Norfolk, was best man.

A wedding breakfast was served at the bride's home, 4502 Atlantic Avenue.

Immediately afterwards the couple left for a wedding trip to the Smoky Mountains.

Mr. and Mrs. W. Irving McClellan of Dam Neck, Princess Anne County, recently celebrated their 25th wedding anniversary.

The celebration was planned and given by the couple's children, Mrs. Donald R. Johnson of San Francisco, Miss Dale McClellan and Dan McClellan. (White Photo.)

Mr. and Mrs. E. A. Whitehurst and two children of Knoxville, Tenn., are spending a month with Mrs. Whitehurst's mother, Mrs. Guy Webb on 63rd Street.

Mr. Tufts attended the University of Wisconsin and is stationed at Oceans Air Station.

The wedding will take place Sept. 2 at Gallie Episcopal Church, Virginia Beach. The Rev. Edmund Berkeley, rector of the church, will perform the ceremony.

Mr. Tufts is the son of Mr. and Mrs. Henry H. Tufts of Sheboygan Falls, Wis.

Mr. Tufts attended the University of Wisconsin and is stationed at Oceans Air Station.

The wedding will take place Sept. 2 at Gallie Episcopal Church, Virginia Beach. The Rev. Edmund Berkeley, rector of the church, will perform the ceremony.

Mr. Tufts is the son of Mr. and Mrs. Henry H. Tufts of Sheboygan Falls, Wis.

Mr. Tufts attended the University of Wisconsin and is stationed at Oceans Air Station.

The wedding will take place Sept. 2 at Gallie Episcopal Church, Virginia Beach. The Rev. Edmund Berkeley, rector of the church, will perform the ceremony.

Silver Anniversary

Martha Lou Mason Becomes Bride of W. B. Atherholt

Christ and St. Luke's Episcopal Church was the setting Friday night for the marriage of Miss Martha Lou Mason and William Bradshaw Atherholt.

The ceremony was performed by the Rt. Rev. George Farnell Gunn, Bishop of the Diocese of Southern Virginia, assisted by the Rev. William Frederick Eschhoff, rector of Holy Trinity Church in Onancock.

The bride is the daughter of Mr. and Mrs. Jack Hiram Mason of "Windy Ridge Farm," Princess Anne, and Norfolk. The bridegroom is a son of Mrs. Robert Clark Atherholt of Lynchburg and the late Mr. Atherholt.

Given in marriage by her father, the bride wore a princess style wedding gown of reemboiled tulle, accented with a V-neckline and court train. She wore a full length veil of Brussels lace over illusion, an heirloom in the bridegroom's family, and carried her mother's lace wedding handkerchief. Her flowers were a cascade bouquet of white phloxes, gladioli and lilies-of-the-valley.

Miss Eugenia Ann Jones was maid of honor. Bridesmaids were Miss Elizabeth Kimberly Turner and Miss Helen Browne Bellino, both of Virginia Beach; Miss Ann Fontaine Hutter and Miss Margaret Kyle Mundy, both of Lynchburg; Miss Mary Elizabeth Campbell of Middleburg, Conn.; and Miss Leslie Courtney Heyes of Scarsdale, N.Y.

Miss Janet Hollowell, daughter of Mr. and Mrs. William B. Hollowell, was flower girl and Joseph Gardner Grice, son of Mr. and Mrs. Alexander P. Grice III, was ring bearer.

Robert Clark Atherholt Jr. of Lynchburg was his brother's best man. Groomsman were Wayne Arthur Bonney and Dennis John Walker, both of Virginia Beach; Duncan Crookshanks Kennedy III and Alexander West Mosby III, both of Lynchburg; William Walker Couch Jr., cousin of the bridegroom, of Mountaintop, N.C.; Edward Cedney Webb of Richmond and Benson Townley Buck of Detroit, Mich.

After the ceremony a reception was given at the Norfolk Yacht and Country Club. Later the couple left for a wedding trip to New York and Bermuda. Upon their return they will live at 2137 Murrell Rd., Lynchburg.

Martha Riley, Alfred S. Mundy Are Married

Miss Martha Riley of Suffolk, Va., and Alfred Stanley Mundy of Columbia and Virginia Beach, Va., were married July 27 at 8 p.m. in Forest Lake Presbyterian Church.

The ceremony was performed by the Rev. J. S. Harvard.

The bride is the daughter of Mr. and Mrs. Otis McDonald Riley of Suffolk. The bridegroom is the son of Mr. and Mrs. Ambrose Stanley Mundy of Columbia and Virginia Beach.

The bride was given in marriage by her father. Her only attendant was her sister, Miss Julia Anne Riley of Suffolk and Virginia Beach.

The father of the bridegroom was best man.

A reception was held at the Capitol Club. After a wedding trip through the mountains of North Carolina, the couple will live at 1623 Brennan Rd.

The bride was graduated from Peace College in Raleigh, N.C., and is a rising senior at the College of William and Mary in Williamsburg, Va. She is a member of Kappa Kappa Gamma sorority.

The bridegroom attended Columbian Preparatory School in Washington, D.C., and Wingate College in Wingate, N.C.

Dolores W. Finney, William M. Speight Engaged to Wed

Mr. and Mrs. Thomas E. Finney Jr. announce the engagement of their daughter, Miss Dolores W. Finney to William M. Speight.

Mr. Speight is the son of Mr. and Mrs. James Speight of Lynnhaven. Miss Finney is a graduate of Norfolk Catholic High School. She is employed at Princess Anne Courthouse.

Mr. Speight is a graduate of Princess Anne High School. He is employed at the Newport News Shipyard and Dry Dock.

No date has been set for the wedding.

Personal Mention

Miss Betty Lou Burton has returned to her home "Burton's Bluff" in Bay Colony, after spending a week with Mr. and Mrs. Richard R. Bell and their children, Debbie and Richard Jr., in Eagles Mere, Pa.

Mr. and Mrs. Glenwood J. Smith have returned to their home in Warwick after accepting the Ashley Haycox home in Birdneck Pt., while Mr. and Mrs. Haycox were on a European cruise.

J. Peter Holland IV is spending a week visiting Cmdr. and Mrs. R. C. Dennehy and their son, Ricky, in Alexandria.

Lt. Cmdr. and Mrs. H. E. Phillips and their two children, who have been living on 50th Street, have left to make their home in Turkey where Cmdr. Phillips will be stationed.

Mr. and Mrs. Samuel C. Rowland II and their three children arrived Wednesday from Little Rock, Ark., to visit P. Sheppard Royer in Cavalier Park.

Mr. and Mrs. Wayne Whitman of Winchester spent last weekend as the guests of Mr. and Mrs. Louis Guy Jr. in Bay Colony.

Miss Jenny Willis Snelling is spending a week visiting Miss Joan Dennehy at her home in Alexandria.

Miss Mary Ann Holland has returned to her home in Marietta, Ga., after visiting her uncle and aunt, Mr. and Mrs. J. Peter Holland Jr., on 63rd Street.

Mr. and Mrs. Robert Beckham and three daughters of Hastings-on-Hudson, N.Y., are spending two weeks at their cottage on Lake Shore Drive.

The MIXING BOWL..

IT'S Fun TO COOK

By LUCILE CLARK
SUN-NEWS FOOD EDITOR

For the very latest in food fads and fables... for practical, down-to-earth recipes that please both palate and pocketbook, read the "Mixing Bowl" by Lucile Clark each Thursday in the Sun-News.

Cantaloupe—the melon with the million-dollar scent—is making its annual appearance in the markets these days.

The cantaloupe's triple appeal — to the eye, the nose, and the taste — and its short season, formerly put it on the expensive delicacy list. Now, modern methods of growing and distribution bring it to us June through September at easy-on-the-budget prices.

The cantaloupe's easy versatility can be a great time saver. Because it is so complete in itself, with fragrance and flavor that require little supplementing, it is simple to prepare. Yet it fits into every meal of the day, from breakfast eye-opener to dinner dessert.

With its green rind netted with beige and its orange-gold flesh, the cantaloupe is as decorative as it is delicious. The shell makes a natural chalice in which to serve such summer fruits as cherries, peaches or blueberries, or ice cream or sherbet. A half cantaloupe can become basis for that dessert "spectacular," the baked Alaska. Melon balls make bright punctuations for fruit salads or compotes.

The cantaloupe's "family vine" goes back thousands of years to Persia, India, Kashmir and Afghanistan. Egyptians drew pictures of the forbear of the melon we know as early as 2400 B.C. Columbus introduced it to the New World on his second voyage.

Galen, the early Greek physician, wrote of the cantaloupe's medicinal qualities. Today's nutritionists score it high for content of important vitamins, especially vitamin A. Weight watchers bless it for its satisfying sweetness coupled with a calorie count of only 57 to one half a 5-inch-diameter melon. Cantaloupes got their name from Cantalupo, Italy, where they have long been cultivated. They were one of the first Old World plants to be brought to America.

And now, once again, we can enjoy the sweet flavor of western-grown California and Arizona melons. Cantaloupes are as nourishing as they are good tasting. They are particularly good sources of vitamins A and C.

Don't forget to include cantaloupes in your reducing diets, too. They are well-suited to this because of their low calorie value. One half of a four and one half inch melon contains only 30 calories. Isn't that wonderful! Cantaloupes, which are one of the three classes of muskmelons grown in the United States, are refreshing at any time of the day. Serve them well-chilled. And cut them into halves, sections or balls. Serve them as salads, desserts, or as the fruit course for breakfast.

CANTALOUPE SALADS

Fresh Cantaloupe and Chicken Salad
Combine 2 cups diced fresh cantaloupe or cantaloupe balls, 1 cup diced celery, 1 cup diced green pepper, 2 cups cold diced chicken, 1 teaspoon salt, 1 tablespoon fresh

lemon juice, 3 tablespoons mayonnaise and 1/16 teaspoon ground black pepper. Toss lightly. Serve on lettuce. Garnish with additional fresh cantaloupe balls.

Fresh Cantaloupe Fruit Salad
Combine 2 cups diced fresh cantaloupe, 1 cup fresh pineapple wedges, 1 cup sliced fresh strawberries and French dressing to taste. Toss lightly. Serve chilled on lettuce.

Fresh Cantaloupe Rings With Cottage Cheese
Peel fresh cantaloupe, cut into

Personal Mention

Mr. and Mrs. Henry V. P. Wilson III and young daughter of Baltimore, Md., are spending several weeks with Mrs. Wilson's mother, Mrs. B. K. Lindeman on Holly Rd.

Miss Wyllie Clark has returned to Marietta, Ga., after visiting her uncle and aunt, Mr. and Mrs. Thomas L. Woodhouse Jr., at their home on Crystal Parkway.

Mrs. Eugene B. Clark Jr. has returned to her home on 35th St., after spending several days visiting Mr. and Mrs. John Clark in Wilmington, Del.

Mr. and Mrs. William Elay and Mr. and Mrs. Vincent Thomas of Norfolk, spent last weekend at the Princess Anne Country Club.

Mr. and Mrs. Lawson Turner and their four children of Lynchburg, are spending a month at the home of Mrs. Turner's mother, Mrs. Richard C. Everett in Cavalier Park. Mrs. Everett will return next week to her home after spending several weeks traveling in Europe.

Mr. and Mrs. Hugh Powell of Petersburg, spent last weekend as the guests of Mr. and Mrs. Preston Hix at their Bay Colony home.

Mr. and Mrs. Julian R. Hume are spending a week in the mountains of Virginia. In their absence, their home on 72nd St. is being occupied by their son-in-law and daughter, Mr. and Mrs. William Upton. Mr. and Mrs. Hume were accompanied by Adm. and Mrs. C. G. Richardson of Norfolk.

Mrs. Edgar Trant has left to visit her sister-in-law, Mrs. William Bruce at her home in Dallas, Texas. Mrs. Trant was accompanied by her sister, Mrs. Henry Bowden of Norfolk.

Mr. and Mrs. Robert Riddle were the weekend guests of Col. and Mrs. George Loupre at their home in Linkhorn Park.

Mrs. Guy Capps and her son-in-law and daughter, Mr. and Mrs. Stanley Hudgins are spending two weeks at Highlands, N.C.

Mr. and Mrs. John Bratten and their children, Fay and Ray, are spending several weeks touring the South.

Mr. and Mrs. Tony Valenti and daughter, Kathleen have returned to their home in Brooklyn, N.Y., after spending several days at the Mariner Motel. While there they were entertained at Chola's Restaurant by Mr. and Mrs. Joseph Haubrich of 53rd Street.

1-inch crosswise slices, remove seeds and place on lettuce. Fill centers with a mound of cottage cheese. Delicious for lunch or supper.

Fresh Cantaloupe and Fresh Cherry Tossed Salad
Wash and thoroughly dry 1 head lettuce. Tear into bite-sized pieces and place in a salad bowl. Arrange alternating clusters of fresh cantaloupe balls and pitted fresh cherries over the top. Serve with French dressing.

Fresh Cantaloupe and Shrimp Luncheon Salad
Cut 3 cantaloupes in half. Remove seeds. Fill centers with a mixture of 2 cups cold cooked deveined shrimp, 1 cup chopped celery, 1 teaspoon fresh lemon juice, 1 teaspoon salt, 1 teaspoon ground black pepper and 1 cup mayonnaise. Toss lightly. Serve as a main-dish supper or luncheon salad.

CANTALOUPE DESSERTS
Fresh Fruit Filled Cantaloupe
Fill small fresh cantaloupe halves with equal parts sliced fresh strawberries and fresh pineapple wedges. Sprinkle each half with 1 teaspoon fresh lemon juice and sugar to taste. Garnish with fresh mint leaves. Allow 1 melon per serving.

Fresh Fruit Ambrosia
Combine 1 1/2 cups diced fresh cantaloupe, 1 cup fresh orange sections, 1/2 cup sliced bananas, 2 tablespoons sugar and 1 tablespoon fresh lemon juice. Serve in sherbet glasses. Sprinkle with shredded fresh coconut.

Minted Fresh Cantaloupe and Pineapple Cup
Combine 1 cup sugar, 1 cup water and 1 tablespoon chopped fresh mint. Boil 3 minutes. Strain and chill. Add 2 cups diced fresh cantaloupe and 1 cup fresh pineapple wedges. Serve in sherbet glasses. Garnish with fresh mint.

Fresh Cantaloupe and Grape Cup
Combine 1 1/2 cups diced fresh cantaloupe, 1/2 cup green seedless grapes, 3 tablespoons fresh lemon juice and 2 tablespoons sugar in a mixing bowl. Toss lightly and chill. Serve as dessert garnished with fresh mint and cantaloupe balls.

Minted Fresh Cantaloupe and Watermelon Balls
Combine 2 cups each, fresh cantaloupe balls and watermelon balls with 1/2 cup sugar, 1/3 cup fresh lemon juice and 2 tablespoons finely chopped fresh mint. Chill 2 hours. Serve in sherbet glasses. Garnish with fresh mint.

Fresh Cantaloupe and Watermelon Balls
Combine 2 cups each, fresh cantaloupe balls and watermelon balls with 1/2 cup sugar, 1/3 cup fresh lemon juice and 2 tablespoons finely chopped fresh mint. Chill 2 hours. Serve in sherbet glasses. Garnish with fresh mint.

Bridal Showers Fete

Miss Williamson

Miss Franklyn Roberts Williamson was guest recently at two bridal showers given in her honor. She was entertained by Mrs. Bertha Shipt and Mrs. Travis Barfield. A luncheon and crystal shower was given by Mrs. Shipt at the Ames & Brownley Tea Room. There were twelve guests present. Mrs. Travis Barfield, an aunt of Miss Williamson, was hostess at a linen shower given at the Williamson home at Broad Bay Point. The guests numbered 20.

Mr. James Kirk Ring, Jr., and Mrs. George Russell of Roanoke and Miss Niki Tripoulos of Charlottesville were the weekend guest of Miss Franklyn Williamson at her home on Broad Bay.

Recent guests of Mr. and Mrs. Glenn Dill of Highpoint Ave., were Mr. and Mrs. George Dill, Jr., and children Kathleen and Michael from Buffalo, New York. As this was their first trip to Virginia Beach they had a most enjoyable time.

Mr. and Mrs. Ed Richardson from Reidsville, N.C., are visiting her brother, Mr. Walter Hooker and Mrs. Hooker on 75th Street.

Chills A-Plenty For Hot Patrons At Seaside Park

The quickest way to cool off in a hurry will be to watch Pat Barrett's spine-chilling free act at Seaside Park, Virginia Beach.

Barrett opens Monday, August 8, performing on a 24-inch platform 127 feet above the earth. That's just 27 feet higher than the Bank of Commerce Building in Norfolk.

which will give you some idea of the thrills in store.

He does this hair-raising piece of business twice a day, at 2:30 and 9:30 p.m., on a sky-scraping rig in the vicinity of the Open Air Stage, and the whole show is free, if your heart can stand it.

For the less thrill-minded, Seaside Park continues to offer a program of free dancing night and day in the Ballroom. There is live

music by the Saints and the Dukes of Rhythm on an alternating basis, and a free jam session on Saturday afternoons from 2:00 to 6:00 o'clock, with music by the Saints.

There are just four more weeks of incomparable ocean bathing, riding on the various thrill devices, strolling the boardwalk or sitting on the patio and enjoying cooling refreshments while watching the scenery. Seaside Park will close after Labor Day, September 5.

Another Big Reunion Being Planned At Seaview Beach

As Seaview Beach swings into the last four big weeks of summer swimming and seaside recreation, it celebrates North Carolina Day, August 14, and moves on to another big reunion day scheduled for Thursday, August 18.

That one will be Portsmouth-Suffolk-Nampanom County Day, when residents of those communities will come together at the beach to renew acquaintances and share in the distribution of another \$100 cash giveaway.

It will be passed out in \$25 lots at 3:00 and 4:00 p.m., and \$50 at 6 p.m. The same schedule will be followed on August 14 in connection with the Old North State reunion.

Next in the current series of preliminary contests for the Miss Seaview Beach title will be held Saturday, August 13. The third and last preliminary will be August 20, and the grand finale is scheduled for Saturday, August 27, when the winner will be named and awarded \$100 and a trophy. There are also cash prizes of \$25 for the preliminary winners.

There's a \$100 cash giveaway each Friday, and free dancing in the ballroom and the Cozy Nook Club at all times.

See you at Seaview!

New Cars Roll Off Assembly Line In Israel

The first Studebaker-Packard Lark and Hawk passenger cars have started to roll off the assembly line at the Haifa plant of Kaiser-Frazer of Israel Ltd., it was announced today by Charles R. Weaver, general manager of Studebaker-Packard Corp. Export Division.

The announcement follows that made last March in Haifa and South Bend on a comprehensive licensing agreement providing for the assembly and progressive manufacture of Studebaker-Lark and Hawk cars as well as Studebaker commercial vehicles for the Israeli home market and for export. The Haifa facilities are the largest in the Near East and have a production capacity of 20 vehicles a day, Weaver said.

A Lark four-door sedan made the pilot run over the new assembly facilities just four months after the signing of the licensing agreement. All major components were supplied by Studebaker-Packard from South Bend, Technical assistance from South Bend aided in preparing the Haifa plant for Studebaker production.

New Hofheimer's Shoe Store Opening Here on August 15

David S. Hofheimer, president of the shoe firm, has announced that Hofheimer's new Virginia Beach Shoe Store in Linkhorn Business Center will open at 10 a.m. on Monday, August 15. This will be the seventh Hofheimer Shoe Store in the Tidewater area and the third that has been opened in 1960, as part of Hofheimer's 75th Anniversary Celebration.

Charles F. Warburton will manage the new unit. He has been with the company for four (4) years and has been assistant manager of Hofheimer's Jansaf store since its opening earlier in the year. After his graduation from Pawtucket, Rhode Island, Mr. Warburton served in the U.S. Navy and later was associated with the National Family Shoe Store in that city. He is married to the former Anne Marie Cassidy and they have a daughter, Susan Marie. Mr. Warburton has experience in the selling of footwear of all types. He

has a keen understanding of fashion in both men's and women's shoes as well as a thorough skill in the fitting of children's shoes.

According to Mr. Richard Hofheimer, vice-president of the firm, the establishment of this new store is in answer to the many requests from Va. Beach customers for a Hofheimer Shoe Store to facilitate their shopping for fine footwear. He believes that the convenient Laskin Rd. location will be just what they've been wanting. The handsome, modern store is bright and spacious and will house the many famous brands in shoes for the entire family that Hofheimer's is known for, as well as handbags, hosiery and other fashion accessories.

Mr. Hofheimer added that he thinks visitors to the new store will get a big kick out of the antics of the three lively little Capuchin monkeys that will be occupying their own air-conditioned cage.

Farm Markets Will Grow In This Country Is View

The future of farming as a business is tied tightly to the growth of this country. As a result, farm markets will grow rather than shrink.

This fact was brought out by Paul E. Mullinix, Southern States Cooperative representative, at the Norfolk-Princess Anne area annual membership meeting at Convention Center, Virginia Beach, on August 4, 1960.

By 1975, according to Mr. Mullinix, USDA reports that this country will have 230,000,000 people who will need 35% more poultry, 63% more red meats, 36% more milk, 31% more eggs and 37% more fruits and vegetables.

As a result, Mr. Mullinix pointed out, Southern States Cooperative must "concern itself more and more in the years ahead to increasing farmers' bargaining power through helping them control more of the phases of agribusiness."

In order to do this, he said, the cooperative must "keep up-to-date with respect to facilities, financing, member relations and utilization."

A step in this direction was the recent reorganization program that Southern States Cooperative put into effect on July 1. Under this system the five-state operating territory of the organization was divided into 10 regions. Each region has its own regional headquarters and staff headed by a regional manager. The old system had 40 operation districts with a district manager in charge of each.

"Stockholder members have an obligation, too, to make their cooperative more effective, he continued. This is largely dependent upon how completely they use the services of the organization and whether they do so on a constant and voluntary basis."

In conclusion he added that "it is only through an organization like Southern States Cooperative—which farmers own and control—that they have the opportunity to have a voice in determining and improving their own economic status."

Elected to the local Southern States Board were: John D. Cur-

ling, Rt. 3, Norfolk, Va. and Herman A. Hall, Jr., 2515 Cedar Rd. Elected to the local Southern States Farm Home Advisory Committee: Mrs. R. T. Berry, RFD 3, Portsmouth, Va. and Mrs. J. W. Bannight, Saint Brides, Va.

There was also the election of a delegate and 1st and 2nd alternates to a District Election Meeting to be held in Richmond, Va. in late fall.

W. W. Oliver, Jr., of Bayside, Va. was named as delegate while Alva D. Malone of Princess Anne, Va. was named first alternate.

L. Belmont Williams, manager of Southern States Norfolk Service, Inc., reported that volume exceeded the million dollar mark, tonnage was up, expenses reduced and conditions generally looked fine.

Other highlights of the meeting included: Entertainment was furnished by the Norfolk County 1960 4-H Club Talent Show winners and the Princess Anne County 1960 4-H Club Talent Show winners which consisted of four special acts that were the top two winners in the two counties.

TEENAGERS SOMETIMES LIKE TOTS

By C. D. Smith

THIS WEEK'S LETTER: "I have a problem. I like this certain boy very much, but we had a fight and now he is going out with another girl. When I try to make up with him, he seems to not hear me and he walks away. I would like to have him back. I think one of the reasons that we broke up is that this boy lets his friends tell him what to do and this friend never did like me. Please help me. I don't know what to do."

OUR ANSWER: Sometimes teenagers remind us of the very young—the three and four-

year-olds. Ever watch them playing? There comes a big fuss, they tear into each other verbally and otherwise, and one of them takes out for home, looking as if he or she will never come back again. What happens? Ten minutes later, there they are, playing happily together again as if nothing had ever happened.

Now, we like this. If kids held on to their "mads" and their grudges as grownups do, most of them would never have a playmate. But, as we grow older we become more sensitive and, let's

face it, less forgiving. When we get "mad" at someone, we have to let it "wear off" or resolve it one way or another in our mind. We don't forget so easily. Children get "mad" and ten minutes later they can't tell what it was that upset them. Teenagers and grownups remember.

Children don't bother to patch up old quarrels. They just forget them. Teenagers and grownups must resolve the problem or misunderstanding, before they can get back on the right track.

The question to be answered by this week's letter writer, then, must be this: Just who was responsible for the "fight" and for the break-up. Once this question is truthfully answered, perhaps the way to "getting him back" may be easier to find.

Our advice is: be patient; don't push the issue too hard—and if this friend tells him what to do all the time, ask yourself truthfully if reconciliation is going to be worth the effort.

If you have a teenage problem you wish to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, P.O. Box 100, VIRGINIA BEACH, VIRGINIA 23462.

VEPCO Plant on Roanoke River Set To Begin

Norman D. McKenny, project manager for the construction of the Veeco hydroelectric dam and power station of the Virginia Electric and Power Company on the Roanoke River, arrived at Roanoke Rapids, N.C., today to establish field offices for the construction.

A construction engineer with Stone and Webster Engineering Corp., which has been awarded the contract to build the dam and power house, McKenny has a background of engineering experience in heavy industry. Some of his projects include the construction of shipyards, paper mills, steam electric plants and hydroelectric stations. He recently constructed a multi-million dollar dam on the Baker River in Washington State for the Puget Sound Power and Light Company.

The first step in building the dam will be preparation of the site and erection of the

construction plant, including machine and carpenter shop and equipment. Shoring and building access road to the dam site also will begin immediately. The ex-

Famed Cartoon Artist Visits Beach Family

A ward bond rally back in 1942 and the fact they both graduated from the same college brought Milton Caniff, the famous comic strip artist, to the home of his old friend, Commander Wade W. Lape, in Bay Colony last week.

Caniff came to Virginia Beach for several days last week after a cruise on the carrier Randolph. He went directly to Wade and Tony Lape's home on Chumley Road in Bay Colony. He remained through the weekend.

Commander Lape said he first met Caniff at a War Bond rally in 1942 and they became fast friends. Both are graduates of Ohio State University. Caniff in 1949 and Lape in 1950. And, both are members of Sigma Chi fraternity.

Caniff, who draws the popular Steve Canyon, came to this area in his constant search for new material for his comic strip. Caniff said that Canyon, who is identified with the Air Force, is to be checked out on carrier operations.

While here Caniff toured the Norfolk Naval Base, Norfolk Naval Air Station and the Oceana Naval Air Station.

The Lape children particularly enjoyed the visit of Caniff to their Bay Colony home. Susan and Marleen Lape will long remember the visit of Steve Canyon's creator.

cavation and construction for the dam and power house is scheduled to begin September 1.

Completion date for the 200,000 kilowatt station, eight miles upstream from Veeco's Roanoke Rapids hydroelectric station, has been set for the spring of 1963. Exploratory work has been proceeding for several months. When completed, the 3,000 foot long dam will create a beautiful inland lake 34 miles long, 1.3 miles across at the widest point, with 20,300 acres of surface area and over 330 miles of shoreline.

At its highest elevation, the dam will rise 105 feet above the river. Except for the powerhouse and spillway section, which will be concrete, the dam will be earth and rock fill. Radial crest gates will provide control of the reservoir elevation during times of flood. Three feet of flood storage above the normal reservoir pool level will be provided for flood control purposes.

LT. FOOTE ABOARD CARRIER INTREPID

Navy Lt. (jg) Ernest D. Foote, son of Mr. and Mrs. Glen L. Foote of 2838 Grove St., Ventura, Calif., and husband of the former Miss Mary E. Bauer of 602 Maple Lane, Virginia Beach, Va., is serving aboard the Atlantic Fleet attack aircraft carrier USS Intrepid.

He made the 41 thousandth consecutive successful landing aboard the Intrepid June 8.

Before entering the Navy in June 1957, Lt. (jg) Foote graduated from the University of Idaho.

U.S. Marine Corps security detachments guard United States property at legations, embassies and consulates all over the world.

Beach and County TEEN SCENE

By Ally Oop

Ally Oop flipped, when the phonecalls, letters, and postcards started pouring in from all of his swinging friends on the Beach, in Bayside, Princess Anne County, London Bridge, Alantons, and Argona Villages. The response was tremendous.

Meanwhile, "Ot Ally" has been swinging through the trees and has come up with a few tidbits. This is what Teen Scene looks like this week.

WHO'S AWAY
Jenny Snellings left Saturday for Alexandria to visit Rick and Joan Denichey, former residents of the beach.

Harriet Gilliam is visiting friends in Warrenton, N.C.

Pat Parnell of Linkhorn Park has left for Parkton, N.C. to visit with some of her friends.

Helen Sevier left Saturday for a short trip through Pennsylvania and New York.

Nancy Pugh of Alantons is moving to Washington, D.C. where her father is being transferred.

WHO'S HERE:
Bonnie Berry and Beverly Costes have just returned from Buies Creek, N.C., where they visited Beverly's grandparents.

Jan White has returned to his home on 69th St. Jan attended Augusta Military Academy last winter.

Ronnie Kelly is back on the beach upon returning from Frederick College in Portsmouth.

Gary Lam has just returned from North Carolina after visiting relatives. Accompanying him back to the beach were two teenage cousins, Bonnie and Peggy.

Randy Lucas, a former resident now in California is back on the beach. He is staying with Tanner Rose in Linkhorn Park for a few days.

Susan Hanley is staying at her summer cottage until the end of

August, at which time she will move to Washington, D.C. where her father has been transferred.

Patsy Greene and Nicki Reed, both of Churchland, are spending a few days at their summer home on 81st Street.

Sara Traylor of Norfolk is spending the month of August at her parents' summer residence on 73rd Street.

Another Norfolkian, Sherman Seelinger, is spending the remainder of the summer on 66th Street with his parents.

Peter Nell is back on the beach after returning from Woodberry Forest Summer School.

Sue Kjelldson is spending a few days at a summer cottage on 73rd Street.

Lee Booth, a student at Virginia Episcopal School, is spending a few days on the beach at 62nd St.

TEEN VISITOR:
For the past five days, the Mariner Hotel has been graced with the presence of a very attractive five feet, two inch, sixteen year old blonde named Jerry Tice.

Jerry is from Cheshire, Conn., and has been chosen as this week's Teen Visitor.

She attends Cheshire High School and was last year's Freshman Class President. She is a member of the Belle Rice Theto Rho Girl's Club. Last year this club was the state marching champions. They marched against other clubs of this type and were judged the best.

Jerry enjoys sports, ice skating and baseball are her favorites. Art is her favorite school subject.

When quizzed about the beach, she replied, "The water's nice and the beach is very clean and beautiful. I have really enjoyed myself these past few days."

Just as last week's Teen Visitor, she hopes to come back next summer.

We hope that she does well in school next year and enjoys the remainder of her stay at Virginia Beach.

TOPS "N" POPs

"Teenager Makes Good," that's the story of 16-year-old Brenda Lee. Why? Because she still has the number 1 record in Tidewater. It's on the Decca label "I'm Sorry." It's the title and it's likely to be No. 1 forever.

The Everly Brothers are still hanging around with their great hit, "When Will I Be Loved."

Brian Hyland, who records on the Leader label, is getting a lot of attention with his "Itsy Bitsy Teenie Weenie Yellow Polkadot Bikini."

Hank Ballard is going all the way to the top with his "Finger Poppin' Time."

Coed label has a hit on their hands with The Riverlarks great recording of "Moonlight Cocktail."

The Olympics recording of "Big Boy Pete" is moving and grooving all the way up the ladder of success. It's about ready to challenge Brenda Lee for the number 1 position.

Clyde McPhatter is back on the charts with his snappy rendition of "Ta Ta."

Bobby Rydell has come up with a great version of an old song that was popular last summer. His version of "Volare," an old Italian tune will go a long way.

Rhoda Scott and her swinging trio are getting a lot of results with their "Rhapsody in Blue Cha Cha," on the Scop label.

Chubby Checker is still twisting away and the "Twist" is a big time hit.

An unusual tune by two Swedish youngsters age 11 and 13, is getting a lot of play by the D.J.'s in the area. "That's My Baby" by John and Kjeld is going to be a good bet for a hit.

The Old Pro, Frank Sfiatra, has a nice smooth sound out on the Cap label. His title? "Nice and Easy."

Last week's Pop for the Top,

See the amazing new Carrier Heat Pump Weathermaker

Heats and cools your entire house using only air and electricity

It's the last word in year-round air conditioning! No fuel lines, no fuel storage tanks, no water, no plumbing, no chimney. You get easy winter warmth and the most efficient summer cooling. There's never been anything like it. Drop in or phone for your copy of "What is a Carrier Heat Pump Weathermaker Home?" No obligation.

**NOTES FROM YOUR
COUNTY AGENT**

By E. R. "DICK" COCKRELL, JR.

LISTEN TO YOUR COUNTY AGENT

6:30 THURSDAYS, 12:10 SATURDAY, STATION WTAR

I heard somewhere that not being able to understand women wouldn't be so bad if they didn't understand men.

**SWEET POTATO
GROWERS ORGANIZE**

On Monday, August 1, the sweet potato growers of Princess Anne County organized themselves into a marketing association.

The following Board of Directors were elected to serve the organization for the incorporating year: W. R. Malbon, Jr.; L. W. Whitehurst; J. S. Salmons; A. D. Malbone; R. A. Brown; Admiral J. E. Wheelchel; Frank T. Williams; W. B. Munden; and K. N. Whitehurst.

The articles of Incorporation have been finalized for the Association, and the Board is now working on the by-laws.

The Board of Directors have interviewed several persons who are interested in the management of the Association, but no selection has been made at this time. An announcement of the manager will be forthcoming.

As soon as complete details are completed, a meeting of all growers will be held acreage and participation into the Association.

CORN PRODUCERS TO MEET

All corn producers and corn handlers are invited to attend a very important meeting tonight at the Great Bridge High School Auditorium. The meeting will begin at 8 p.m.

Harvesting high moisture corn is causing a tremendous problem to the corn industry. This meeting is designed to help analyze and to understand this corn problem, and to devise ways to improve the corn marketing program.

There will be two speakers to discuss the harvesting, handling, and marketing of high moisture corn. One will be Mr. A. J. Lambert, Associate Agricultural Engineer, from VPI, and the other will be Mr. Bobby Sadler, of the Division of Markets.

I would certainly like to urge all of our Princess Anne County growers to attend this meeting.

ACP SIGN UP PERIOD

You have been notified by your County ASC Committee that the advanced sign up date for ACP Cost Sharing applications will be the entire week of August 15th through the 19th. At this time you are urged to make application for cover crops which will include crimson clover, rye grass, rye, barley, oats, and small grain mixtures. Also, the seeding of permanent vegetative cover, which will include mixtures of ladino clover and fescue and orchard grass. Lime will also be offered for maintaining present stands of legumes and permanent grasses or establishing same.

The County committee will require a soil sample report with all applications for lime in permanent pasture. This will apply, also, to lime use in connection with the seeding of crimson clover. Please be advised that you should take

your soil sample now, and bring these in to my office for analysis at your very earliest possible date.

The regular sign up period for open disk drainage, ponds and planting of trees will be October of this year. All requests for technical assistance will be acted upon then.

SOYBEAN INSECT OUTLOOK

American Dalrymen qualified for sixth place in production per cow when compared with dalrymen in other major milk producing nations last year.

Dalrymen in the Netherlands took first place with an annual production per cow of 9,079 pounds. Other countries ahead of the United States were Denmark, Belgium, West Germany, and the United Kingdom. The U.S. production was only 6,438 pounds per cow.

Within the United States, production varies by regions. The figure was highest in the far west at 7,822 pounds. The North Atlantic, east north central, and west north central regions were all ahead of the south Atlantic where production averaged 6,232 pounds. Farmers in the South Central were way down scale at 3,978 pounds. Average production in Virginia was about 5,580 pounds. However, Virginia dalrymen belonging to Dairy Herd Improvement Associations fed and managed their herds to produce 10,000 pounds of milk per cow.

Production per cow will continue to rise as the low producing herds find it financially impossible to stay in business.

SUN SCALD CAN INJURE TREES

Recently planted trees are particularly susceptible to sun scald. Injury occurs on the side of the trunk exposed to the hottest rays of the sun usually the south or south west side. The sun heat dries up the tissues faster than the water loss can be replaced and a section of bark dies. Usually the wound is narrow, but long, often extending from the ground upward to the first branch crotch. As the bark dies it darkens in color and shrinks. Eventually, it cracks, loosens, and drops, leaving the inner wood exposed. Thin bark trees, such as maple, are more susceptible to sun scald than trees with thicker bark.

There are several ways to prevent sun scald injury. The trunk can be wrapped up with tree wrapping paper, or burlap can be cut in strips and wound spirally around the trunk. Wide boards, or lath may be placed upright so that the heat of the day. Several layers of clothing which are wrapped loosely around the trunk would help, or the trunk can be coated with a wax spray, sold in a variety of trade names.

Home owners who planted trees this spring would be well advised to check for sun scald injury.

**DAIRYMEN CAN MAKE
MORE MONEY FROM MILK**

Want to increase net profits by up to 60 cents on each one hundred pounds of milk produced?

If you are a dalryman, that proposal probably sounds enticing. It is simple. Use improved dairy practices, and don't forget your record book, so you can keep close tabs on your herd.

The 1959 Michigan DHIA Summary, which shows that while it took \$1.93 worth of feed to produce 100 pounds of milk in low producing herds, it took only \$1.33 worth of feed to produce 100 lbs. of milk in the high producing herds.

Total feed costs per cow were only \$132.00 in the herds averaging 300 pounds of butter fat, or less. Herds averaging over 500 pounds of butter fat, the feed cost per cow was \$128.00. Even though the total annual feed cost per cow was \$11 high in high producing herds, the feed cost of producing 100 lbs. of milk was 60 cents cheaper.

In the low producing herds, averaging 6,090 pounds of milk and 273 pounds of butter fat, the dalrymen received \$2.04 for every \$1.00 spent for feed. The high producing herds, the dalrymen received \$3.03 for every \$1.00 spent for feed. Essentially, the difference in cost of producing 13,700 pounds of milk and 6,800 pounds of milk was only \$51.00, according to the Michigan results.

Dalrying scientifically calls for close culling, intelligent feeding, and wise breeding. All these make it necessary for dalrymen to keep and use adequate records.

**BIG JUMP IN SIZE OF
AVERAGE FARM**

The past two decades have seen an unprecedented increase in the size of farms in a continuing drop in the total number of farms in the U. S. Reason—technological revolution with its increased efficiencies.

In each five-year period, from 1935 through 1954, the average farm size jumped 10 to 13 percent. The 1954-59 period is expected to show a similar increase when census figures become available. At the same time, the number of farms decreased steadily, in fact, a 28% drop.

In the 1954-59 period, the number of farms is estimated to have dropped another 16%. During the last five-year period, average of land in farms may also be down slightly because of acreage put in the conservation reserve and the conversion of land to non-farm

**Social Security
Benefits Going
To 13 Million**

Thirteen million beneficiaries are now drawing monthly social security checks. If you are among those receiving a social security check each month, you can see how important it is that you notify the Social Security Administration and your Post Office promptly.

With the delivery of so many checks, you can understand there are bound to be many people of the same name. Social Security numbers are used to identify each claimant. This claim number identifies the worker on whose account social security benefits are being paid.

When a claim is filed, each claimant is given a post card to be used to report events which would affect receipt of his social security checks. One of the purposes of the card is to report a change of address. The card provides space to show the claimant's name, claim number, new address and signature of the person entitled to receive the check. These four items must be shown so that the Social Security Administration can change its records promptly and mail the next check to the new address. When any of the above four items is missing, a delay results.

If you are drawing social security benefits and have changed your address, be sure to fill in the card given to you when you filed your application. A letter addressed to your local security office will serve the same purpose. However, be sure that in this letter you include all four items—your name, claim number, new address, and signature. Also you should supply your Post Office with a change of address card.

If you prefer to use the specially prepared post card form and have misplaced yours, you may secure another by contacting your local social security office.

ELECTRONIC BAT

A science student participating in the Sensory Aids Program at M.I.T. is constructing an "electronic bat." He hopes that findings about how bats function, may aid in the development of new techniques and devices for use by blind persons. It is revealed by the American Foundation for the Blind.

use, such as suburban home site.

With increased pressure, for larger acreages to hold down or but production cost per unit, farmers have turned to the farm real estate market to get additional land. Full time family farmers continue to be the chief buyers of farm land.

Economists anticipate a continued trend toward fewer and larger farms.

Three Leaders Dunched In Bay Sailing Event

Two doctors and a grain executive are running neck and neck in the Broad Bay Sailing program that reached the halfway point last Sunday.

The doctors are Pittsburgh Mayo and Jim Charlton and the grain expert is Ray Frets. This trio is in close contention for first place honors in this contest class.

Bill Mayo leads in the penguin class with both Smith and Mac Newton in close pursuit.

In Sunday's races Chuck Terry won first place in the first heat in the comet class with Hugh Mayo and Frets second and third.

There are three more racing dates included in the present series of races.

Princess Anne Cavaliers Will Open With G.B.

Coch Pete Sachon's Princess Anne Cavaliers, looking for that big grid season with open the 1960 football schedule in a night game against the strong Great Bridge Wildcats at Great Bridge on September 16.

The Cavaliers' schedule, as released by a school spokesman Wednesday, does not show a breather among the ten opponents. All of the games will be night games.

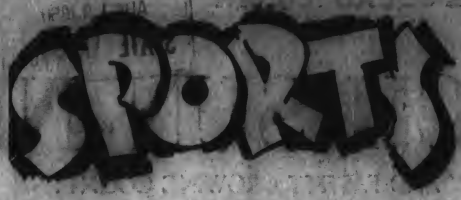

"One of the 'big' games on the Cavaliers' schedule this year is the game with E. C. Glass of Lynchburg to be played at Cox Stadium on the night of October 21. This will be known as the 'Ruritans Bowl Game'."

The complete schedule follows:
Sept. 16—Great Bridge—Away
Sept. 23—Norview—Home
Sept. 30—Granby—Home
Oct. 7—Churchland—Home
Oct. 13—Hampton—Home
Oct. 21—E. C. Glass—Home
Oct. 28—Suffolk—Away
Nov. 4—Craddock—Away
Nov. 11—Wilson—Away
Nov. 18—Warwick—Away

Lynnhaven Pony League Baseball Champions

This is the championship Ruritans baseball team, winners of the Lynnhaven Pony League title this summer. The team was sponsored by the Princess Anne Ruritans Club. Top row, from left, Maury Riganto, Ruritans club president; Melvin Grimstead, manager; Rick Riganto, Robert F. Hogue, Arthur L. Halstead, Donald Russell and Robert C. Horton, coach. Front row, from left, William O. Grimstead, Everett F. Horton, Curtis G. McGuire, John F. Crowling, Charles Ellis and John G. Felt. Missing at the time picture was made were team members John Sienrucker, Russell E. McGuire and John Dick. Charlie Spence, business manager, was also absent when picture was taken.

Anglers Club Will Sponsor Trout Rodeo

The Virginia Beach Anglers Club has announced that it will sponsor a speckled trout rodeo at Lynnhaven Inlet on September 25 with the event open to the public.

Rodeo headquarters at Lynnhaven will be Poole's fishing center and registration for the event will be one dollar. Registrations will be accepted until 11 a. m. on the day of the rodeo.

The basic rules of the rodeo are that no entrant may leave landing before 6 a. m., rod, reel and artificial lures only, minimum length of fish will be 12 inches and fishing will be restricted to Lynnhaven Inlet and its tributaries.

The announcement stated that persons desiring to register prior to the rodeo may do so by forwarding their checks or money order to the Virginia Beach Anglers Club, P. O. Box 653, Virginia Beach, Virginia.

Ruritans Pony League Champions Complete Season Without Loss

On August 11th the Ruritans racked up another victory over Thalia by a score of 5 to 0. In winning Johnny Crowling gave up only two hits while his teammates collected 5 off Mike Fisher and Mike Henry. Billy Grimstead accounted for three of the Ruritans hits and accomplished a feat not seen in years — he hit a single in the first inning, double in the third and triple in the fifth.

The score of 11 to 0 by which the Eagles defeated the Chiefs in the second game is rather misleading. Up until the seventh inning Leonie Randall had a no-hitter going. Walke had accounted for the Chiefs scoring one run in the fifth and sixth innings. Walke and a single by Sam Tillett in the bottom of the seventh tied the score. However the Eagles pushed across three tie-breaking runs in the top of the eighth while the Chiefs could not score in the bottom of the seventh tied the score. The Eagles collected nine hits off four Chief pitchers, Kelton, Chrisman, Kelly and Tillett.

Monday August 15th brought to

a close the regularly scheduled games. There were a couple of make-up games to be played but other plans have been made for the nights they would have been scheduled.

By defeating the Chiefs 5 to 0, the Ruritans wound up the season without a loss. They collected 2 hits and committed 2 errors while the Chiefs had 3 runs on 3 hits and 6 errors. Don Russell went all the way for the Ruritans with Everett Horton doing the catching. Sam Tillett was the losing pitcher; Robert Kelton his catcher.

The Eagles had a 13 to 1 lead over Thalia in the fourth inning and the game was called. Thalia collected 4 hits and committed six errors while the Eagles collected 8 hits and played errorless ball. Bobby Harrington picked up the win, with Johnny Sprull behind the plate. Mike Henry took the loss with Larry Cole doing the catching.

With only three available dates to pick an All-Star team, five players from the Chiefs, Eagles and Thalia to play the Ruritans. They will be out to beat the Ruritans. The games will be a best two-out-of-three series with games starting at 7:30 p. m. Thursday, August 18, Monday, August 22nd and if necessary, Thursday, August 25th. In order to raise some money to give all the boys a banquet, mothers of the boys will make cakes and pies to sell at the games.

The Ruritans were managed by Melvin Grimstead and coached by R. C. Horton. At times they were outbatted but they played heads-up ball, stole bases regularly and when necessary took the chance on stealing home. They had boys with good eyes who could make use of the base on balls by stealing the ones needed to be in scoring position and were fortunate in having hitters who could come through when needed right down to the ninth position. They played this team ball and earned the championship.

A slight decrease in milk production came from the nation's dairy farms in 1959. This was the second such successive annual decrease, reports the National Dairy Council. The slight decline was due to a continuation of the downward trend in the U. S. dairy cow population, says the Council. Milk production was counted at 124.4 billion pounds in 1959, less than one half of one per cent below 1958.

Winners Announced

Field Day At P. A. High School Attracts 200 Youngsters

Well over two hundred youngsters from the local area participated in a Field Day held last week at the P. A. High School stadium. Thalia playground topped the field with a point total of 1581. The other playgrounds finished in the following order: Woodstock, Kempville, Shelton Park, Bayside, Aragona, Creeds, Blackwater, Courthouse, and Oceana. The morning events were of individual competition and the afternoon events were of team competition.

The results of individual events were as follows:

Boy's softball throw: John O'Brien, 8 years old; Curtis Kelly, 9 years old; Julius West, Jimmy Graham, Robbie Carling, 7 years old; Mark Hill, Mike Vickery, Thad Nobles, 8 years old; Ricky Brown, Steven Chipok, Bart Anderson, 8 years old; James Cox, Wes Shaw, 10 years old; Richard Holway, Don Taylor, Grover Whitehurst, 11 years old; Bill Graham, Gary McManahan, Bill Garrison, 12 years old; Craig White, Julie Garriot, Richard Williams, 13 years old; Bill Dorsey, George Tripodi, George McGuire, 14 years old; Pat Henry, Willie Northrop, Lorry Knight, 15 years old; Jimmy Crosswhite, Bob Layne, Larry Street, 16 years old.

Girl's softball throw: Roberta Marshall, Debbie Shirley, Mary Cough, 8 years old; Paula Atwood, Veronica Fox, Cindy Johnson, 9 years old; Beth Cobb, Joyce Stevenson, Martina Kellam, 8 years old; Diana Fincher, Mary Anne Williams, Lorraine Whitehurst, 9 years old; Anne Buffington, Jean Gossett, Sharyn Land, 10 years old; Nancy Plincher, Beth Martin, Dora Young, 11 years old; Sara Syron, Bonnie Atwood, Cynthia Hedge, 12 years old; Penny Gehman, Joanne Hamir, Kathryn Bleton, 13 years old; Julia Dorsey, Rena De Joseph, Patsy Fox, 14 years old; Barbara Coates, Sandra Steele, Barbara Peterson, 15 years old.

Boy's football throw: Jay Anderson, Chris Kelly, Dennis Brown, 6 years old; Tommy Wilson, 7 years old.

Darlington 500 Drawing Strong Field Of Drivers

Junior Johnson, Ronda, N.C., winner of the Daytona 500 last February and Billie Matthews, Asheville, N.C., veteran have signed for the Labor Day Southern 500 annual stock car classic at Darlington Raceway.

Johnson is the fourth "classic" winner to enter the stock car world series. The portly mountaineer, who missed the big race last year when he demolished a new Dodge in practice, will drive his Daytona-winning Chevrolet.

Matthews, who was fifth in 1952, his first start in the fall classic, will pilot a Ford.

Johnson has missed three 500's since he started in 1953 but nearly won the 1958 race taken by Fireball Roberts. Johnson had his Ford in second place and in a challenging position when both he and the leader made their final pit stop.

Johnson's motor stalled and he was dropped to eleventh place when he was able to return.

Bob Colvin, Darlington Raceway's general manager and announced that Governor F. H. Hollings, of South Carolina, and Senator Strom Thurmond will attend the eleventh Southern 500. The Governor has been attending the southeast's largest sporting event since he was Lieutenant Governor and Senator Thurmond dedicated the huge race plant when he was Governor in 1950. Senator Thurmond's late wife cut the ribbon to open the course and the act was duplicated last year at the tenth anniversary of the race with Mrs. Hollings cutting the ribbon to start the second decade of the classic.

Fireball Roberts, in a Pontiac and Joe Weatherly, in a Ford, have been installed as early favorites to take first-place monies out of the \$95,000 purse. The pair duelled viciously in the spring Rebel 500 before Weatherly scored his most popular victory.

This new 50-star flag is a reminder to Americans . . . as long as it waves, your freedom is secure. You can support your country . . . and SAVE for your future . . . by buying U. S. Savings Bonds. NATIONAL LITTLE LEAGUE NEWS

By Mrs. Talmadge Bagby

Thunderbirds 5 J. C. Hawks 2

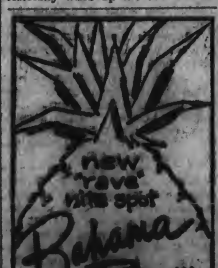

Since the Hawks and the Thunderbirds were tied for first place in the second half, this was a play-off game to determine the winner of the second half. The Thunderbirds won this game making them the winner of the second half and having already won the first half, they were the winners of the National Little League for the 1960 season. The battery for the Thunderbirds was Dale Brady, pitcher, and Carl Bagby, catcher, and for the Hawks was Wiley, pitcher, and Lane Haged, catcher. The Hawks played an early two-run tied in the game but the Thunderbirds struck back in their half of the first inning and scored three runs. Also in the second inning they scored two more runs. The Hawks were held scoreless throughout the rest of the game.

This was the last game of the 1960 National Little League season and the team standings are as follows:

Thunderbirds, winner; J. C. Hawks, the runner-up; Pipers, third place; Little Giants, fourth place.

The League is planning on chartering a bus to carry the teams to see one of the major league games sometime later this month if there are enough players interested in going. Any player who has not signed up and is interested in going, please contact Mrs. Hendrix at GA 8-1163.

The League is also planning a banquet to be held at the Methodist Church on September 10th to officially wind up the 1960 season.

Officers Training Conference is being held. The young people from **BAYLARK METHODIST CHURCH NEWS**
Rev. James W. Reynolds, Jr., pastor of the Baylake Methodist Church is teaching at the Methodist Conference Youth Assembly, this week, at Blackstone Va. Mrs. Reynolds is teaching a course on "Christian Love and Facts of Life."
The church who are also attending the conference are Barbara Smith, Barbara Messick, Patsy Hayes, Billy Gaylord and Harold Williams, Jr.

The Fellowship Class of the Bayside Christian Church held a picnic Sunday August 7, at the home of Mr. and Mrs. D. B. Smith Jr., at Ocean Park. The hours were from 3:00 until 7:00 p.m. John Baker is the president of the class. Approximately forty persons attended.
Everyone brought something different in a "Covered Dish" which were placed on the picnic tables to be sampled and enjoyed by all. Swimming, games and soft ball, for the hardy, were enjoyed.

Tuesday morning, August 2, at 10 A.M. the Helping Hand Circle met at the church for their regular meeting. New officers for the coming year were installed by Mrs. O. B. Pendleton. They are as follows: President, Mrs. Dewey E. Heath; vice president, Mrs. Eugene Caldwell; secretary, Mrs. J. A. Biddle; treasurer, Mrs. Roy Twiford. Mrs. J. J. Hassell, District Delegate, attended the meeting. Sixteen members were present. Following the business meeting luncheon was served.

Sunday August 7, immediately following the church service, Mrs. Margaret Troland, choir director, was honored with a farewell tea. Ms. Troland's husband is being transferred from the area to Great Lakes Training School.
Mrs. Troland has served the church as choir director for the past 3 years without pay. During that time she formed the Junior Choir, the Chancel Choir and the Cherubs choir and worked with the senior choir.
The church presented her with a plaque in recognition for her services.

LONG CREEK MARINA HAS SEAFOOD BAR.
Dockside, a seafood bar with a dockside decor, officially opened its doors Saturday, August 13 to the public. The seafood restaurant is a part of a plan of expansion and improvement of the Long Creek Marina.
The marina now has thirty-two slip facilities for privately owned boats and, in addition, operates a fleet of deep sea fishing boats for bottom fishing. Eastern Shore fishing, inshore fishing, and offshore trolling.
Skilligalee II is a fifty-five foot boat, completed on June 15 of this year by the Glebe Point Boat Works, and is equipped to carry forty nine passengers. This boat leaves the dock of the marina each morning at 8 a.m.

Georgia Naval Reserve Groups Now At Oceana

Naval Reserve Attack Squadron 672 (VA-672) from U.S. Naval Air Station Atlanta arrived in Oceana last week loaded with training spirit and six bushels of peaches.
The famed Georgia fruit was presented to Oceana Commanding Officer, Capt. George R. Luker, by Cmdr. Tom Colbert of Thomaston, Ga., shipper of VA-672.
The reserve squadron is in Oceana for their annual two-week cruise to sharpen their shooting skills. Oceana's VA-42 is host to VA-672, who are using AD-5 aircraft in rocket, bomb and strafing training.
An award winning team, VA-672 won last year's Noel Davis Trophy, awarded annually to the squadron ready. VA-672 completed with 18 considered most "operationally" other AD squadrons throughout the reserve command for the prize.
The Georgia reservists also won the Chief of Naval Operations Safety Award for flying 2,830 accident-free hours last year. They have received the Atlanta Naval Air Station Safety Award this year and are again shooting for the Chief of Naval Operations presentation.

By C. A. Desa, M. D.
MEDICATORIAL: As soon as a new drug is released everyone immediately assumes we know all there is to know about it. This is a common error of the public, of legislators and even of some doctors. Unfortunately, medical practice is not that simple. Constant re-evaluation and testing are needed to get a better understanding of the action, usefulness and side effects of a particular drug. Only large scale use and painstaking observations can supply the answers.
With so many new antibiotics, diuretics, tranquilizers, stimulants, pain killers, muscle relaxers and antihistamines you can see the problem is great. Their evaluation is made harder because as two patients react differently, so do different patients. One can cause different responses, a fact which often accounts for varied results of investigators.
Researchers are confronted with these problems every time they discover a new product. After preliminary studies and tests, a compound can be ruled relatively safe and then released for general use. Your family doctor, in using them, continues to observe their action, noting both good and bad effects. Often years of continuous use must go by before a drug takes its proper place in therapeutics.
The urge to use new medication is great. Pressure from patients who read of a new discovery often forces a physician into error. Even though great successes are reported there should still be caution in the widespread use of a new compound. Any decision in this matter should be left to the doctor. For, after all, who is in a better position to judge the potential value and hazards of a new drug.

Dairy foods take one-fifth of the consumer's food dollars, according to latest U.S. government statistics. At the same time, dairy foods are exceptional in that they supply a considerably larger proportion of the total supply of American food nutrients than any other food group, notes the National Dairy Council.

EDITORIAL SPEAKING

The Cost Of Government Rises, Too

While Mr. Average Citizen is well aware of rising prices and inflation in general he might remember that his personal costs are not the only ones on the rise. The cost of government operation is constantly rising along with normal everyday living costs.

Just this week this fact was brought home once again when the Virginia Beach City Council was faced with a healthy increase in its cost of paying hospital bills for welfare and indigent patients at the Norfolk General Hospital.

Each year the City of Virginia Beach, as do other political subdivisions in the area, enters into a contract with the Norfolk General Hospital and DePaul Hospital for patient care in its welfare department. Just prior to the start of the current fiscal year for the city on July 1 the City Council agreed and prepared its budget on the

basis of an increase to \$19.50 per day for patients at the Norfolk General Hospital.

Then at last month's council meeting a letter from the Norfolk General Hospital stated that they were raising the daily rate from \$19.50 to \$25 per day. Council tabled the matter until further study could be made.

At Monday's City Council meeting the administrator of Norfolk General Hospital explained the reason for the increase and practically said that if the city did not agree to the new and higher rate they could not handle its patients. Naturally, City Council agreed to the increase so that instead of paying \$19.50 per day for patient care the city will now pay \$25.

It is another example of the spiraling costs of today. Governments feel the pinch as well as individuals.

Virginia Beach Gets Fall Shelter

The recent news that the Office of Civil Defense Mobilization had awarded a contract for the construction of a fallout shelter in Virginia Beach is significant. Selection of Virginia Beach as the site of the shelter was not by chance.

Much of the credit for the selection must be given Lewis E. Smith, city treasurer, who serves as civil defense coordinator for the city. Smith pursued the project from the very beginning and his efforts had much to do with the selection of Virginia Beach.

It is believed that the fallout shelter here is the first of its type to be constructed in this area by the Office of Civil Defense Mobilization.

The shelter is to be located on the south-

east corner of 20th street and Arctic avenue, just opposite the city's police and fire division headquarters. The structure will be of steel and heavy concrete blocks of double wall thickness.

The unique fallout shelter is designed to accommodate six adults and will measure 14 feet by 17 feet. It will serve to remind Mr. John Q. Public of the civil defense program and the need to be prepared in case of enemy attack.

Virginia Beach is again placed in the forefront with this fallout shelter. Civil defense authorities, both local and regional, are to be congratulated for this single accomplishment.

County's Growth Causes Headaches

This matter of progress and development becomes a problem at times and the announcement of a 90-day moratorium on zoning changes in Princess Anne County is an indication of this phenomenal growth and expansion that has taken place in this area during the past several years.

The announcement stated that the County Planning Commission will not hold its regularly scheduled meetings in October, November and December. The suspension is more or less a breath catching period for the commission.

Home building projects have sprung up so rapidly throughout Princess Anne County in recent years that maps cannot be kept up to date and the swift growth is creating problems for the county's planning experts. This is particularly true in the Bayside and for our area.

Lynnhaven districts of the county. The Commission will hear any emergency matters during the 90 day period.

Several years ago the Sun-News adopted a slogan that it has carried on its front page every week — that we "serve Virginia's fastest growing County." When the slogan was adopted we were bragging a little but subsequent developments have proven the statement very true. However, the Sun-News feels that Virginia Beach and Princess Anne County is just now beginning to grow and the next ten years will make the last ten years look like we were standing still.

Time will tell but we believe the next 10 to 15 years will really be the golden years for our area.

What Others Are Saying

Women May Decide The Election

Back before the first world war when women were agitating for the vote, a British humorist named Saki wrote a little fable in which the ladies were not only given the vote, but also forced to vote.

"Not only can you vote, but you shall vote," was the gist of the legislation.

Saki made humorous capital of the disempowerment of the new voters at finding a long-forgotten right suddenly presented to them as a legal duty.

Today when women were handed no such choice when given the vote some 50 years ago but they seem to have made the most of their enfranchisement. Since

shortly after World War II, there have been more registered women voters than male.

While they have not entered the political lists in any great numbers, their influence has been felt at the polls. As a group, they are conservative. Republican registration among women is 4 per cent higher than Democratic registration.

And now the 1960 census establishes the fact that there are two million more women eligible for voting than there are men.

They have it in their power to elect the next president.

—Editorial (L.A.) Times

VACATION TRANSFORMATION

UNDER 21

By DAN HALLIDAY

(Mr. Dan Halliday will be glad to answer questions submitted by teen-agers and children. Send them to Dan Halliday, N. D. Bar personal reply, please attach a stamped self-addressed envelope.)

Dear Teen-Agers: I don't spin records, can't sing and don't know any magic tricks, but if arrangements can be worked out between your local newspaper and myself, I hope to be dropping by your school one day this fall and having a little talk with you.

Anyways, I'm working on the details of a tour that will take me to as many cities and towns in the United States and Canada as there are subscribing newspapers to "Under 21."

Maybe I'll be able to drop by you in an assembly and perhaps in small groups and individually too.

Maybe you're not especially interested in whether I visit your school or not but I think I'd like to meet you and perhaps become a little better acquainted. Maybe if we haven't been able to see eye to eye on certain subjects, we can talk them over and see what we come up with. I warn you though, you'll never change my mind about girls of less than 18 voting, for any degree or boys and girls of less than the junior class driving cars.

If arrangements can be worked out, I'm sure your local newspaper will keep you well informed.

Dear Dan: I'm on a spot. I'm a 15-year-old girl and have a generally good stenographic job where I'm well paid and very content. My mother has always thought I would do better and because I have a lot of people in town I have found out she's been going around asking influential friends for a job for me. She's even gone so far as to ask me to apply for a job with the head of an accounting firm where we're supposed to discuss a job. I don't want to change jobs and have told Mother that a dozen times but she says I don't know what I want.

What am I supposed to do? This may sound nice but I'm not going to quit my job for my mother or anyone else. I.D. I would rather stay in my job. I think I'd feel just as put out as you if someone interfered in my job. As long as the appointment is set up, you may as well talk to the person who's giving you the appointment in writing. If you're not any firm other than the one you're now employed by, if this doesn't show your mother she's meddling, nothing will. She means well, of course, as she's got a lot of love for you.

Dear Dan: Do you believe a 17-year-old girl should be forced to go to school? I've been in school since June and my parents keep nagging at me to quit acting lazy and find a job. I've tried and tried, honestly, but have just about given up hope. I won't be in until the start of the summer. I really would appreciate your opinion.—A.B.H.

Dear A.B.H.: If you're referring to a summer job, they are a lot tougher to get than many parents realize. However, in a city the size of the summer, I really would imagine if you looked around, you would find something. Even negotiating would bring some sort of income.

Regardless of whether or not you intend going to college, I think any teen-ager after graduating from high school should realize, if they haven't worked before, that the real world is over and about as knocking out as you can stand.

What's your local newspaper wanted? As in your local newspaper of a trip to your local state employment service office may find some results. A change of attitude would probably also help.

Oceanic Sailer 'Saves' Aircraft

An alert air craftsman on watch in the Oceanic tower was instrumental in preventing the crash of an aircraft here recently. His alertness also saved a regular seat to Uncle Sam of \$11,000.

On August 8 at 1:30 p.m., William T. Wyatt, Air Controller third class, spotted the loss of a landing A-10B approaching runway 14 with its wheel up. Wyatt quickly passed the information to the tower. The pilot, who had radioed the pilot to take a wave off.

The plane, which was attached to VA-672 from the Atlantic area, circled the field and landed safely on the second attempt.

Helping to save the taxpayer money is not a new thing to Wyatt. Since arriving in Oceania in January, 1949, he has spotted several aircraft attempting to land with wheel up.

In the past 20 months he has been instrumental in saving 40 F-4F, an A-10B, and his most recent, an A-10B. Total repair cost saved in the prevention of accidents to the Navy's fleet of aircraft is a sum which would take Wyatt over 18 years to earn.

Congratulations to air controller Wyatt and to others throughout the Navy whose attentiveness saves lives, equipment and U.S. tax dollars.

WATER SKIING IS LEARNED QUICKLY

People who have the theory of water skiing is difficult to learn should see Bob Rumley, the Bob Rumley water ski school.

According to Rumley many of his pupils have learned to ski fairly well in the matter of a few hours. His pupils range in age from seven to 65 years.

The popular sport has found its way to the Rumley school at Laskin Road from all parts of the country. Many summer visitors to Virginia Beach have learned to ski at the Rumley school. The school is located at Laskin Road.

Today when you buy U.S. Savings Bonds you're investing in a bigger, stronger America. Just the flag to prove it, 50 states, 50 states! And the value of Bonds has grown right along with the nation. Your very Bonds now earn 3 percent interest to mature.

Vet Service Officer To Visit Beach

T. A. Moore, service officer for veterans and their survivors, working for the State Government of Virginia, will assist clients, without charge, on Wednesday, August 25, 1949, at the Virginia Beach Convention Center, located at Pacific Avenue and 19th Street, between the hours of 11 a.m. and 5:30 p.m.

Moore's office in Norfolk is located at 505 McKeitt Building, 203 City Hall Ave., telephone 36-2-971.

Miss Martha Pender and Miss Sandra Sadler returned last week to their homes after spending two months traveling in Europe.

Colonial Store At Oceana Air-Conditioned

The Colonial Store in Oceana has been completely air-conditioned and special free prices are being offered Thursday, Friday and Saturday.

The grand prize will be a riding rotary type lawn mower and there will be five other prizes. Patrons need only to register and awards are to be made on September 1.

Art Work On Display Here

The President of Santiago, Chile, was walking through the streets of Winchester, Virginia when a poem in the window of a gift shop caught his eye. It was a poem about the sea which was written by Zilda Arttrip fifteen years ago. He translated it into Spanish and had it published in his country.

Mrs. Arttrip has written several poems about marine life and the sea to go with her driftwood arrangements and shell novelties. This all started as a hobby, but is now her career.

She is a great lover of the water and a student of biology. For each article that she creates, Mrs. Arttrip can tell the life and history behind the sea creature or material used.

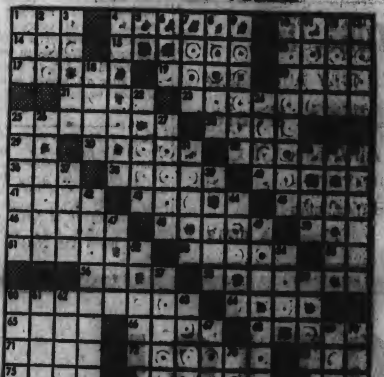

There's no end to Mrs. Arttrip's creations. She does art designing, interior decorating, caters for banquets, (specialty seafood served in shells), and writes poems.

Mrs. Arttrip will make jewelry, woman's bags, and shoe pins to match any wearing apparel. If a piece of china is brought in to her, she will make place mats, napkin holders, and coasters to match.

All of her work is original and authentic. There are no two pieces that are alike.

Mrs. Arttrip will have a display of her work for all to see August 15 at Fraser's gift and camera shop on 21st and Atlantic Avenue.

FOR AND ABOUT TEENAGERS

To Young To Go Steady

THE WEEK'S LETTER: "I am seventeen years old and I'm going to be 18 in October. Lately, I've been dating a certain girl. She is a very nice girl and I like her a lot. When I told my mother that I was going to ask this girl to go steady with me, my mother said that I was too young to go steady and that she didn't want to be a grandmother before her time. I know right from wrong and all I want is to go steady with a nice girl. My question: Am I too young to go steady?"

OUR ANSWER: We cannot give direct answers such as, "Yes, at 17, going on 18, you are old enough to go steady." There are too many other questions that would have to be considered. There is no "right" time to start going steady, chronologically speaking, just as there is no "right" age when one should get married. People sometimes say to a girl, "You're 21-4's time you started thinking about getting married." Or, they say the same thing to a man after he turns away from 21. It is interesting to note, however, that many parents are concerned. To them, their darling child is too young to get married—until one day the

child, with a child in tow, is off and out in life (or love) trying to get married.

But, going steady is something else again. It is a rule that is made to see their children go steady because they believe that this will lead to an early marriage. They do everything possible to keep their children from going steady for this reason. There are no statistics to provide the basis for argument, but it is certain that the majority of teenagers go steady several times before they get married. Some, of course, never do. They play the field and suddenly, to the surprise of all, they suddenly marry.

There is nothing wrong with going steady and the wise parent should prefer to see her son going steady with a nice girl rather than spending a lot of time with girls about whom she knows nothing. The time for a parent to become concerned is when a teenager goes too far to understand much of a deep responsibility, leading to a marriage rather than going steady.

If you have a teenage problem you want to discuss, or an observation to make, address your letter to P. A. AND ABOUT TEENAGERS, NATIONAL YOUTH CENTER, 1000 N. 17th St., N.Y.C. 10011.

Housewife, Mother, Too

Leading P. A. Woman's Club Small Part Of Busy Program

By "TIMMIE" DARDEN

A housewife, mother, and an active civic worker still finds time to guide the oldest woman's club in Princess Anne County and Virginia Beach, she is Mrs. Waverly J. Dickens, Jr.

Mrs. Dickens, who is serving her second year as President of the Princess Anne Woman's Club, has lived in the Tidewater Area all of her life. She was born in Portsmouth, later moved to Norfolk where she graduated from Mary High School. A resident of Virginia Beach for twenty years, Mrs. Dickens now resides in Birnbeck Point.

The mother of two boys, Waverly and John, Mrs. Dickens has been very active in PTA, scouts, and church. Because of ten years difference in the ages of her sons, she has gone through all of these things twice.

Books, flower arranging, sewing, and art are Mrs. Dickens' hobbies. She belongs to the Book of the Month Club, sews with the Galtier Episcopal Church Sewing Department, and is Vice President of the Birnbeck Point Garden Club. Her main hobby is art. Before her marriage she studied art under Mrs. Glenda Lattner in Norfolk.

A charter member of the Princess Anne Junior Woman's Club, Mrs. Dickens became very familiar with club work. She helped with the quilts and was treasurer of the club.

Her husband is up to the neck in club work, where her first job was as hospital chairman. The club published a hospital library. Each day Mrs. Dickens went to the Virginia Beach Hospital with books for the patients. This job she enjoyed very much.

While "Ways and Means" chairman she put on the boardwalk Easter Parade. This consisted of girls of all ages wearing clothes dating from the 1800s until the present.

Other offices held by Mrs. Dickens were treasurer and first and second Vice President.

The Princess Anne Woman's Club which is actually a cultural club is very active in civic affairs. They directed the heart fund drive for Virginia Beach and part of Princess Anne County. They also sent a girl to Girl's State. A crippled girl selected through the Cripple Children's Society was sent to Camp Happy Easter Sea by them. A contribution of one hun-

dred dollars was also made.

Each year they give a two hundred dollar scholarship to a graduating student. This revolves between Virginia Beach and Princess Anne County high schools.

The Drama and Art Departments of the club awards prizes at both high schools to the outstanding seniors in these fields.

They have \$2,000 earmarked to go to the Mental Clinic of Princess Anne opening in the fall. Also \$2,500 waiting to be donated to the community hospital in Princess Anne.

There must be a source of income enabling them to donate these large sums to worthy needs. Instead of having several small projects they decided on one large task. This would be the annual antique show. Last year's show brought in five thousand dollars. All of last year's dealers and more will be back this year to show their merchandise. Chairman of the antique show, which will be held October 20th-23rd, will be Mrs. Bernard Battelman, second vice president of the club.

This antique show is a large operation and must have a separate treasurer to handle the large sums of money coming in before and after the show. Mrs. Margaret Camp was selected for the position. All members of the club take part in this show as it requires the work of several to be successful. They sell tickets, man the booths, and bring food.

The club has several non-profit activities for its 304 members who meet once a month at the Pine Hall. Many of these are planned by the fine arts department. Last year they had rug weaving classes. This year they had art classes. Several had never painted before and found they possessed some of the club's talent. Many of the members have won ribbons in club and other exhibitions. Mrs. Dickens, whose main interest is in portraits painted the members while they painted their own. She then made a gift to them of their pictures. In the local woman's club art show, Mrs. Dickens won 1st, 2nd and 3rd prizes in the novelties portrait division. With a portrait of Mrs. Cyril Williams, she won 1st and 2nd prizes in the district and state art shows.

In June, the Princess Anne Woman's Club sent Mrs. Dickens to the National General Federation of Women's Clubs which was held in Washington D.C. While there, Mrs. Dickens roomed with Mrs. H. O. Freeman, president of The Cape Henry Woman's Club.

Mrs. Dickens was amazed at the international women's club represented. Present were members from clubs in Alaska, Hawaii, Astoria, The Philippines, Mexico and Korea. Lt. Waverly J. Dickens, is stationed in Korea, so naturally she was more interested in the Korean delegate. "It was most interesting to learn of the activities of these clubs," she commented, "for few are aware of their existence."

The woman's clubs of Princess Anne and Virginia Beach more or less work inwardly, but all take part in the other club's projects. For example, Mrs. Dickens presented a trophy, donated by P. A. Club at the annual horse show given by the Kemperville Woman's Club.

Mrs. Dickens is assisted in planning the club's activities by several fine chairmen and other officers. The other officers of the club are: Mrs. V. Alfred Etheridge, 1st Vice President and program chairman; Mrs. Bernard Battelman, second Vice President and antique show chairman; Mrs. Harry Billups, third vice president and membership chairman; Mrs. M. B. Zoll, treasurer; Mrs. Edward Snyder, secretary; Mrs. Frank Clipper, corresponding secretary.

To become a member of this outstanding organization one must have lived in the community for a year, be a registered voter, be sponsored by a member of the club

Teddy Phillips Band Now At Cavalier Club

The fresh sparkling music of the distinguished man with the distinctive saxophone is meeting with enthusiastic reception at The Cavalier Beach and Cabana Club.

Teddy Phillips and His Orchestra show a wide versatility and repertoire from the opening and closing theme "The Melody Lingers On."

A protégé of the late Ben Bernie, Teddy Phillips played a key spot in his hand until Bernie's death broke up his organization — at which time he willed his entire musical library to Phillips.

With featured vocalists, Colleen Lovett, solo, duet, trio and even glee club arrangements of ballads, novelties and comedy show numbers, the Teddy Phillips Orchestra affords a highly entertaining evening of dancing.

The orchestra will give the bandstand over to Lester Lanin and His Orchestra appearing August 24th.

and endorsed by two other members.

Mrs. Dickens feels that being a member is a good thing as it enables women to meet who come from various areas.

This year they have taken in several new members and are always delighted when new women come into the club as they bring with them new and refreshing ideas.

The National Outlook

By Ralph Stobey

To most of us foreign competition is merely a term, and to a large number of us it is all the good because we get a selection of articles that would not otherwise be possible. But to thousands of business firms in this nation today foreign competition is hurting profits and in many instances it is threatening the very existence of the organization.

Now American business believes in competition, and since 1860 have had a federal law prohibiting monopoly. Why the growing concern about foreign competition? The answer is to be found in the difference between domestic and foreign competition.

In the domestic field, every business works under the same general conditions. Its raw material costs the same, it draws on the same labor supply. It pays the same rate of charges and, in general, the same rate of taxes. It has the same freedom to devise articles which will appeal to the taste of its customers. It can advertise to any extent it can afford, and its market is identical with that of its competitors. In the case of foreign competition we find the following:

1. Wages are lower. This is true in every nation, even if one counts the fringe benefits. Taxes on business also are lower as a general rule. Raw materials may cost more or less, and administrative expenses may be either higher or lower, but usually are lower. Even though output per manhour is less than in this country, therefore, the total cost of production is less in most instances.

2. Foreign factories have been largely rebuilt in the past few years. This means that they have just as modern and efficient machines as we have and can, if they so desire, turn out just as good a product. In many lines, the foreign factories are even more modern on the average than ours—in spite of the enormous investment we have been making in plant and equipment.

3. Foreign governments, with few exceptions, actively help and support exports. In some cases this is through outright and direct subsidies, and in most cases the government guarantees the exporting company against various kinds of loss. Foreign governments also make constant surveys of the market, arrange fairs and so forth, all of which are designed to be of specific aid to their exporters. Our government does practically nothing along these lines, although it is moving in this direction but moving very slowly.

4. In most foreign nations it is a matter of exporting to survive. Until the past two or three years, as a result of the war devastation they did not have a surplus which

they could ship abroad, but now they have increased their production in many lines to a volume which gives them a substantial supply for export. And the widespread over-evaluation of their currencies in 1948 and immediately thereafter has given them a competitive advantage as of today.

In spite of all these favorable factors we still are exporting more goods than we import, and this year our exports are increasing more rapidly than our imports. This is quite amazing because in many foreign nations there are tariffs and other restrictions against our goods. In some cases these restrictions are so severe that American companies are establishing foreign branches or subsidiaries in order to be able to sell at all in the market.

Unfortunately the severity of the foreign competition is creating a demand in many quarters for us to raise tariffs. In some instances that may be desirable, or even necessary. But the only sound, real answer is for us to increase our productive efficiency—and sell more abroad.

Americans drank over 600 quarts of milk per person in 1959. Reports the National Dairy Council in its annual study, "How Americans Use Their Dairy Foods."

Boosting Your Insurance

Here is a sound Rule-of-Thumb that every property owner can follow: If your fire insurance has been in effect for a number of years without review or revision, it's an odds on bet that you are seriously under-insured.

Since 1945, the statistics show, the cost of home building has just about doubled so if your home was insured in 1945 and you have not increased the amount of insurance that you carried as of that date, you can imagine what could happen to your pocketbook if fire strikes.

What is true of your home itself is true of practically everything inside it. For instance, the cost of household furniture, clothing, appliances—almost every item found in the home—has more than doubled since 1940. Then too you have added new furniture, new appliances, T.V. sets, sewing machines, and many other items and you probably have neglected to increase the insurance on your household and personal effects. These "little things" add up to a surprisingly big total when an accurate inventory is made.

This remedy is for you to review your present coverage, the amount of insurance you carry on your dwelling and the amount of insurance you carry on your household and personal effects. Don't be caught half-insured in the event that disaster strikes you.

We would be pleased for you to consult us to see if the amount of insurance you are now carrying is in line with present day values.

G. L. Lemoine, manager of Ford Motor Company's Norfolk Assembly Plant since 1946 prepares to drive the last 1960 model Ford off the assembly line. This marked Mr. Lemoine's final official act as plant manager. A Ford employee since 1924, Mr. Lemoine will be reassigned to the general manufacturing manager's staff in Dearborn, Mich., and will officially retire in December.

G. L. Lemoine, Veteran Ford Man, Retires

G. L. Lemoine, who has been 34, and then received his promotions to superintendent and plant manager while at Norfolk. With the exception of a period at the Sonerville, Mass., plant, 1943 to 1945, Mr. Lemoine has been in Norfolk since December, 1934. He has been plant manager since July, 1946.

During his years at Norfolk, Mr. Lemoine has participated in or supervised the building of more than 1,350,000 Ford cars, enough vehicles to circle almost twice around the Earth, if placed end to end.

Mr. Lemoine, who plans to officially retire in December following the start up of 1961 models, will be re-assigned to the general manufacturing manager's staff in Dearborn, Michigan.

Better known to his friends as "Frenchy", Mr. Lemoine has been with the company since September, 1924. He started as a cushion maker in the New Orleans, La., plant and in slightly over a year earned a promotion to foreman. He became general foreman while at the Memphis, Tenn., plant in 1933.

Applicants Can Secure Forms For Princess Anne Postmaster

An examination for Postmaster at Princess Anne, Va., \$5,750 a year, will be open for acceptance of applications until Sept. 6, 1960, the Commission announced today.

Competitors for the postmaster vacancy in this city must have at least 2 years of experience showing that they have the ability to conduct and manage the community's postal business efficiently and to supervise employees so that customers are satisfied with the service.

Complete information about the examination requirements and instructions for filing applications may be obtained at the post office for which this examination is being announced. Application forms must be filed with the U.S. Civil Service Commission, Washington 25, D.C. and must be received or postmarked not later than the closing date.

Grain Storage Plan Helpful To Farmers

Farm storage for grain will nearly always mean more money for farmers. County Agent Dick Cockrell points to the case of corn as an example. Last October, he says, corn sold at \$1.15. In April, the price was \$1.35. That's \$180.00 per 1000 bushels. This is a typical post-harvest rise, Cockrell notes.

Robert White, who is in partnership with his father on his farm near Pungo Airfield, says they stored 12,000 bushels of corn last fall. They sold it this Spring for \$1.42 per bushel. That is 27¢ over the October price of 1.15, or a saving of about \$3,240.00.

Norman Beal, ASC county office manager, reports that farm storage bin loans are available to cover up to 80% of the actual cost of the bins installed. Payments may be made over a 5-year period and interest is 4% on the unpaid balance. Beal adds that the loan may also include the cost of drying equipment if affixed to the storage bins. If the drying equipment is mobile, a separate loan is available to cover up to 75% of the cost and payable over a 3-year period. He says that loans will also be available at harvest time on corn, soybeans and other grains through the ASC office.

Fluid milk consumption in the United States after World War II increased by about 15 quarts annually, per person, and has continued at that rate.

Drainage Projects Under ASC Projects Are Highly Successful

Norman Beal, Princess Anne County ASC office manager, reports that 4 multi-member cooperative drainage projects have been completed under the Agricultural Conservation Program this year and work has started on another. The government pays 50% of conservation practices carried out using approved methods. Princess Anne is the only county in the state to do any considerable open ditch drainage. Col. Aubrey N. Holmes, of the Soil Conservation Service, says that drainage is the most vital conservation need in the county today, without drainage, he says, you can't grow crops, whether for cash or conservation.

Clyde O. Freeman, of Creeds was the manager for a pooling agreement covering 14 farms. Under the supervision of a Soil Conservation technician, ditching was dug to drain 1048 acres. Guy Simmons managed a project in Back Bay including 21 farms; 1280 acres of these were drained. James Bright of Back Bay was manager of an eight-farm project draining 70 acres. Albert S. Twiford recently reported completion of drainage on 7 farms and 214 acres under his management. Still scheduled to be completed is a 17-farm pooling project in the Holland Swamp area of Princess Anne which, when completed, will drain approximately 1200 more acres. Isaac Gould, project manager, reports that clearing work has commenced and the ditching should be complete within a month.

These community drainage projects alone account for 3812 acres drained this year. This is in addition to the numerous individual farms that have received government cost-sharing under the ACP.

COOKE SCHOOL TO HOLD REGISTRATIONS

Cooke School will be open the week of August 22-28 from 9 a.m. until noon for registration of pupils in grades one through seven. It is not necessary for pupils who attended Cooke School last year or for first graders who registered in the spring to register again at this time.

For entrance in first grades a child must be six years of age by October 1st. A birth certificate must be presented.

The MIXING BOWL..

IT'S Fun TO COOK

By LUCILE CLARK
SUN-NEWS FOOD EDITOR

For the very latest in food fads and fables... for practical, down-to-earth recipes that please both palate and pocketbook, read the "Mixing Bowl" by Lucile Clark each Thursday in the Sun-News.

2 cups grated Cheddar cheese (about 1 pound)
1 cup grated carrot
1 cup sliced pimiento-stuffed green olives
12 slices bacon, cooked
6 slices toast
Melt butter or margarine. Add green pepper and cook 5 minutes. Add flour and pepper; blend. Gradually add milk and cook over low heat, stirring constantly, until thickened. Add onion, cheese and carrot and cook until cheese melts. Add olives; mix well. Arrange bacon on toast. Pour olive-cheese sauce over toast. Garnish as desired.

Broiled Olive Hash Sandwiches
(Makes 6 servings)
1 1/2 pound corned beef hash
1 medium-sized onion, chopped
1 cup sliced pimiento-stuffed green olives
1 cup chopped celery
2 tablespoons chili sauce
1 teaspoon prepared mustard
8 hamburger buns, split in half
Combine hash, onion, olives, celery, chili sauce and mustard; blend. Spread hash mixture on bottom half of buns. Broil 3 inches from source of heat 5-8 minutes or until lightly browned. Top with remaining bun halves.

Aerial Artists Featured Act At Seaside Park

Hilda and Kurt Oranto bring their spectacular aerial balancing act to Seaside Park, Virginia Beach, for six days beginning Monday, August 15.

The show, which may be seen twice daily, at 2 and 9:30 p.m. on the Outdoor Stage, is one of many free attractions which tourists and visitors to this ocean bathing resort are finding popular as the season moves into its last three weeks.

Also free is the dancing in the Ballroom every night, with live music furnished by two popular bands, the Saints and Frank Carillo's Dukes of Rhythm. There is also a free jam session every Saturday and Sunday afternoon, from 2:00 to 6 o'clock.

Seaside Park's spacious ocean beach front offers the resort's patrons some of the finest surf bathing on the whole Atlantic Coast, with a modern, completely equipped bath house for their convenience.

The completely roofed midway also houses a variety of other attractions, notably a wide selection of thrill rides with a separate area devoted entirely to the entertainment of the kiddies. There are also games, shooting gallery, and an air-conditioned snack and refreshment bar.

From where I sit... by Joe Marsh

Don't Scream for Ice Cream

Joe Marsh, the young dentist, moved into town only three months ago—but already he has a thriving business, especially with children.

I found the secret of his success when I stopped by Pop's Drugstore for a sandwich the other day. A small-try walked in and handed a card to Pop. Pop immediately went to the ice cream freezer. As he started scooping a cone, I asked him if I could see that card. It read: FOR GALLANTRY IN THE SUMMER'S CRISIS—NIGHT AND BEYOND THE CALL OF DUTY—PLEASE PRESENT THE BEARER

WITH A DOUBLE-SCOOP ICE CREAM CONE, BY MR. JOE MARSH. From where I sit, it's good when a man can deal with people through understanding. He's the sort of fellow who respects the preferences of others though they may differ from his own... a tolerant man who offers his neighbor a glass of beer even though he himself may prefer lemonade. Take it from me, tolerance is the "painless" way to build a strong community.

Joe Marsh

Falconer-Samuels Vows Exchanged Here Saturday

Galilee Episcopal Church was the setting Saturday at 4 p.m. for the marriage of Miss Elizabeth Davidson Falconer and Robert Wayne Samuels.
 The ceremony was performed by the Rev. Edmund Berkeley.
 The bride is the daughter of Mrs. Elizabeth Sawyer Falconer. The bridegroom is the son of Mr. and Mrs. Robert Levi Samuels of Princess Anne.
 The bride was given in marriage by Ray Arthur Jackson of Richmond. She wore a waist-length gown of peau de soie fashioned with a bouffant skirt and Chantilly lace bodice. Her lace cap was trimmed with pearls. She carried a bouquet of white roses, lilies of the valley and forget-me-nots.
 Miss Temple Shaw Ryland II of Richmond was maid of honor for her cousin. Bridesmaids were Misses Corinne Whitfield Falconer and Lorena Lee Falconer, sister of the bride.
 The father of the bridegroom was best man. Groomsmen were Julian Baylor Etheridge Jr. and Frederick Edward Winfree III.
 A reception was held at the home of the bride after the ceremony.

Miss Oldham, Edward D. Bonney To Wed in Fall

Mr. and Mrs. George S. Oldham Jr. announce the engagement of their daughter, Miss Gwendolyn Stuckey Oldham, to Edward David Bonney Jr.
 Mr. Bonney is the son of Mr. and Mrs. Edward David Bonney.
 Miss Oldham is a June graduate of Virginia Beach High School. She is employed by Coates Motor Company.
 Mr. Bonney is employed by E. V. Flanagan.
 An early fall wedding is planned.

Betty Jean Beamon Engaged to Wed David L. Bracey Jr.

Mr. and Mrs. Thomas Raymond Beamon announce the engagement of their daughter, Miss Betty Jean Beamon, to David Leroy Bracey Jr.
 Mr. Bracey is the son of Mrs. D. L. Bracey and the late Mr. Bracey of Norfolk.
 Mr. Beamon was graduated from Maury High School.
 The wedding will take place in November.

Judith Henley, Pert K. Graham To Wed in Fall

Mr. and Mrs. William Benjamin Henley announce the engagement of their daughter, Miss Judith Faye Henley, to Pert Kallon Graham.
 Mr. Graham is the son of Mr. and Mrs. Robert Lee Graham of Norfolk.
 Miss Henley is a graduate of Princess Anne High School.
 The wedding will take place in the early fall.

Wilson's Entertain At Cocktail Party

Mr. and Mrs. Nicholas G. Wilson III of Virginia Beach and Mr. and Mrs. John D. Munford II of Franklin entertained Sunday from 5 to 7 p.m. at a cocktail party in honor of Miss Gail King Grant of Dayton, Ohio, and Charles Haines Slingluff Jr. of New York City.
 Miss Grant and Mr. Slingluff will be married in November.
 Thirty-five guests were invited to the Wilson's home on Brandon Road, Bay Colony.

Personal Mention

Mrs. Lee F. Herbert and her 3 children of Los Altos, Calif., are visiting Mrs. Herbert's mother, Mrs. F. A. Van Patten, at her home on 56th St. Mrs. Herbert and her children will return to California on Sept. 1.

Mr. and Mrs. John B. Bowdler of Richmond are occupying the Outlaw home on 46th St., for the month of August.

Mr. and Mrs. Raymond Powers of Richmond spent last weekend visiting Mr. and Mrs. E. Page Preston on Linkhorn Drive.

Mr. and Mrs. Ray W. Reinhardt and son, Steve, of Harrisburg, Ill., are visiting their brother and sister-in-law, Mr. and Mrs. Robert S. Reinhardt on 53rd Street.

Mr. and Mrs. William Bruce and their three children, have returned to their home on Leg Road, after visiting Mr. Bruce's mother, Mrs. Edwin Bruce, in Lake George, N.Y.

Charles H. Slingluff Jr., of New York spent last weekend with his parents, Mr. and Mrs. Charles H.

Miss Ann Eagles Engaged to Wed William Carrell

Mr. and Mrs. Horace Watson Eagles of Anchorage, Ky., announce the engagement of their daughter, Miss Ann May Hew Eagles, to William Pingst Carrell.
 Mr. Carrell is the son of Mr. and Mrs. Elmer Nevin Carrell of Louisville, Ky.

The bride-elect is the granddaughter of the late Mr. and Mrs. Thomas Butt Johnson of Norfolk County and niece of Mr. and Mrs. Thomas Butt Johnson of Norfolk and Mr. and Mrs. William Waller Johnson of Virginia Beach.

Miss Eagles attended Radcliffe-Hickox School in Cambridge, Mass., and graduated from Sweet Briar College.

The bridegroom-elect is a graduate of Davidson College where he was a member of Sigma Chi and Phi Mu Alpha fraternities. For two years he was an officer in the U.S. Army and stationed at Ft. Eustis. At present he is working towards a master's degree at Woodrow Wilson School of Foreign Affairs at Charlottesville.

The wedding will take place in December at Anchorage Presbyterian Church.

Mrs. Mary Lou Humphries and her two sons, Bob and Richard, from Silver Springs, Md., are spending the month of August at Brother's Apartments. Mrs. Humphries has been coming to the Beach every summer for the last twenty years.

Sandra Faye Capps Engaged to Wed Nathan M. Roberts

Mr. and Mrs. Harold Oliver Capps announce the engagement of their daughter, Miss Sandra Faye Capps, to Nathan Monroe Roberts.

Mr. Roberts is the son of Mr. and Mrs. George Frank Roberts Sr. of Shawboro, N.C.

Miss Capps is a graduate of Moyock High School, Moyock, N.C. She works at Smith & Welton, Virginia Beach.

Mr. Roberts, also a graduate of Moyock High School, does agricultural work.

The wedding will take place in September.

FOUR THINGS YOU SHOULD DO

If you are a member of an average family, there are four things you can do to secure the future of the other members of the family. And things which each of the others can and should do to secure your future. This is a family matter and each member over fourteen years of age should participate.

The four things are:

1. Make a Will.
2. Own all real estate in joint tenancy with right of survivorship.
3. Have sufficient insurance made out properly.
4. Own A FAMILY MEMORIAL PLOT

Beach and County

TEEN SCENE

By Ally Oop

Hi Yo Dinosaur! I'm back with this weeks Teen Scene. There are many visitors at Virginia Beach and it's going to be a great week for Ally Oop.

I want to see all my friends from the county on the beach this week. I'll be there scanning the beach for girls, news, friends, and girls. Let's have a look at Teen Scene this week.

WHO'S AWAY:

Sarah White has returned to her home in Norfolk after spending a month at her summer cottage on 76th Street.

Charlie Reed left last Thursday on a short vacation through New York.

Kitty Bosher is spending a few days in Greensboro, N.C., visiting friends.

Pat Shean is visiting her grandparents in Pennsylvania for two weeks.

WHO'S HERE:

Jenny Snellings has returned to the Beach after a short vacation in Alexandria.

Chuck Campbell has returned to the Beach after attending Hargrave Summer School.

Joan Dennehey is spending a few days with Patricia Renn in Bay Colony.

Mary Douglas has returned to her home in Linkhorn Park after a vacation in Middleberry, Vt.

Lewis Stone of Martinsville is enjoying a vacation at her summer cottage on 83rd Street.

Chalborne Robbins, of Richmond, staying at a summer cottage on 83rd Street.

Carole Anne Emory has returned to Richmond after a month at the Beach.

Johnny Livers of Charlottesville is here at the Beach for a short

vacation.

TEEN VISITOR:

This weeks teen visitor is Judy Buhr, age 16 and her home is in Salisbury, Maryland.

She will be a junior at St. Anne's School in Charlottesville next year. She was president of her Sophomore class in Salisbury last year.

This summer she is going to summer school three days a week. Judy is enrolled at The Country Day School for Girls at the Beach. Our visitor is also a very active member of the Rainbow Girls.

Judy has been coming to the beach during the summer months for the past few years. This summer you may have seen the very attractive blonde around the Mayflower Apartments where her parents have an apartment. Most of her free time however, is spent at the Cavalier Beach Club, where her parents have a cabana.

We are happy to have Judy as our visitor for this week and hope she will return for many summers to come.

TOPS 'N' POPS:

The mighty have fallen! Yes, Brenda Lee has been ousted from her perch on the top of the record heap. Brian Hyland is the villain and the title of his song is "Itsy Bitsy Teeny Weeny Yellow Polka-dot Bikini". Brenda's song, "I'm Sorry" is still not to be counted out as she is still very high up on the list.

Hank Ballard is pushing both of these songs for the top spot. His version of "Finger Poppin' Time," is moving fast.

"Big Boy Pete" on the Arcee label, by The Olympics, is pushing everything out of sight in its quest for the number 1 rating.

Clyde McPhatter is coming on very strong with "Ta Ta" (Just like a baby).

Johnny Preston has a big hit in his swinging rendition of "Feel So Fine."

"Glad" by Bobby Rydell, is going all the way.

Anita Bryant has a groovy sound out, with a cha cha beat. It's called "In My Little Corner Of The World."

V. J. Label has a hit on their hands with Dee Clark's "You're Looking Good."

Jo Ann Campbell has a Kookie sound out on the ABC label. "Kookie Little Paradise," is the title and it's moving fast.

Teddy Randazzo, also of ABC, has a smooth sound out called "Journey to Love."

The Carlos Brothers, who record for De-Fi, are getting big results with "La Bamba."

"Walk, Don't Run" last weeks pick for a hit is running wild. It jumped from nowhere to No. 21 on a local Top Tune Tally.

This weeks Pop for Top is an unusual tune titled "Yogi". It's by The Ivy Three and tells a story about a T.V. character we all know, Yogi Bear.

CALENDAR OF EVENTS:

The Knight's Boys Club of Virginia Beach will hold their weekly dance at the Community House on Saturday night from 8 p.m. until 12 p.m. The Rhythmic Rockers will play. Admission will be 75c.

The Thunderbird Bowling Lanes announce that Junior Leagues are being formed for the winter months. Those interested should contact Joe Phelps at the popular recreation center to sign up for the leagues. It's lots of fun and good exercise too.

Do you know what the fastest growing sport in America is? Miniature Golf, Virginia Beach and Princess Anne County are no exception to this trend. Hilltop, 18th Street and 10th Street are the lo-

Oceana NAS Popular With Touring Public

Any day is open house at the U.S. Naval Air Station Oceana.

Located three miles from Virginia Beach, Oceana is always prepared to welcome anyone interested in Naval air operations.

One of two Master Jet Bases on the East Coast, Oceana maintains aircraft for U.S. fleet deployment in the Atlantic and Mediterranean.

Visitors to Oceana can see over a dozen types of jet and propeller-driven combat planes. Those included are the jet fighter F8U, Crusader, the attack jet A4D Skyhawk and the propeller-driven AD.

According to figures compiled by Oceana's Service Information Office the air station handled more than forty organized tours from January to August, 1960. Total number of visitors in this period was 1,688. This figure does not include guests who came aboard the station through channels other than the Service Information Office.

The visitors included grammar school high school students, cadets, boy scouts, businessmen, housewives, civil service workers and 670 newsmen.

Although 1961 is months away Oceana expects a substantial increase in visitors during that year since May 8, 1961, is the 50th anniversary of the birth of naval aviation. The Navy Department has designated the entire year for celebration of this occasion.

FIRE CALLS

August 9-6:27 a.m., Inhalator; 32nd and Atlantic Avenue.

August 9-10:14 a.m., grass on stove; 2308 Atlantic Avenue.

August 10-6:02 p.m., locked out of house; 38th and Pacific Ave.

August 11-12:32 p.m., Inhalator; 39th and Ocean.

August 11-4:19 p.m., locked out of house; 430 Lakewood Circle.

August 12-10:00 a.m., electric short circuit; 38th & Atlantic Ave.

August 12-6:47 p.m., sewer gas leak; 205 37th Street.

August 13-7:46 p.m., electric short circuit; 3703 Atlantic Ave.

August 14-5:45 p.m., Inhalator; Rudee Blvd.

cations of the local courses. Visit them, it's fun.

Many new attractions are now holding the "Teen" interest at "Putt-N-Green" located in Bayside. It's become a "summer circus of golf." "Lions," "Puppy-dogs" "2-Gun Petie Pirates" and "Hula Girls" are playing the front 18 holes around 6 p.m. nightly. Come down and watch these added attractions and join in the merry adventure with your favorite character. Prizes are given for low scores.

(Send your cards and letters to: Teen Scene, c/o Virginia Beach Sun-News, P.O. Box 667, Virginia Beach, Va.)

FORT STORY TELLINGS

4th TTC ARRIVES IN N.C.
FOR EXERCISE BRIGHT STAR

The U.S. Army 4th Transportation Terminal Command, C. of Fort Story, has arrived at Fort Story, N.C., to participate in the Army Staging Area Command for the forthcoming Exercise Bright Star/Pine Cone III scheduled to take place between August 13th and 23rd, throughout the Carolinas.

Exercise Bright Star/Pine Cone III is a combined U.S. Army/U.S. Air Force exercise being held at Fort Story and nearby U.S. Air Force Bases. Its major objectives are to provide realistic training for peacetime troop carrier elements of the U.S. Air Force Reserve and active Army Airborne units, other units of the Strategic

Army Corps (STRAC), and tactical fighter and reconnaissance units of the Air National Guard, and to provide realistic peacetime operations of the STRAC units in limited war situations.

In its role as the Army Staging Area Command, the 4th Transportation Terminal Command C will receive, administratively support and assist in the outloading of elements of the 32nd and the 101st Airborne Divisions as they arrive at four Air Force installations in an administrative movement aboard strategic aircraft, and depart for their objective areas aboard tactical aircraft.

The 4th TTC, commanded by Col. William P. Pope, has established sub-headquarters at each of the four air bases: Donaldson Air Force Base, Shaw Air Force Base, North Auxiliary Airfield and Myrtle Beach Air Force Base. Airborne elements will be deployed to the objective areas through each of these four locations.

All operations for Exercise Bright Star/Pine Cone III are being carried out under a player-directive which describes a hypothetical political situation similar to many actually existing throughout various sections of the world to-

day. In the exercise situation, a mythical friendly country known as PLATKA has been invaded by an aggressive force from the neighboring country of VADA, after many months of political and subversive infiltration by the VADA forces. As the result of an appeal made by the Plankians to the United Nations, the United States is responding with military forces to assist the Plankians in repelling the Vadan invaders.

Under such a situation, the Army Staging Area Command concept would provide for U.S. elements presently in PLATKA (the 4th TTC C) to receive the STRAC force as it arrives from the Continental United States, and is staged in the marshalling areas preparatory to making a tactical jump into the battle zones of the attacked country.

The actual play begins on August 13th, when the 101st Airborne Division arrives at the Army Staging Area departure fields. Jumps and airdrops will be made in the Bragg-Makall area near Fayetteville, N.C., with the 101st Airborne Division elements scheduled to jump on August 20th, and the 32nd Airborne Division elements on August 23. The date for jumps are subject to change in the event of unfavorable weather.

Exercise Bright Star, an Army Training Exercise, is conducted under the general supervision of Headquarters, United States Continental Army Command.

SP/5 RICHARD J. SEATS IS
SOLDIER OF MONTH

Sp/5 Richard J. Seats of Headquarters Company, 4th TTC "C", has been selected as Fort Story's Soldier of the Month.

Specialist Seats was chosen for the award on the basis of neatness of appearance and knowledge of military and current events. He received a Letter of Commendation, a three-day pass, and a \$25.00 U.S. Savings Bond.

Specialist Seats is the verbatim court reporter and legal stenographer in the Judge Advocate's Section of Fort Story. He has been here for 11 years and has five years of military service.

Recently, Specialist Seats completed a Pre-Commission Course at Fort Benning, Ga., and upon discharge from the Army, he will enter the reserves with the rank of 2nd Lieutenant. He also plans to enter the College of William and Mary in Williamsburg to study law.

Among the schools that he has attended were the Non-Commissioned Officers Academy at Fort Eustis, Va.; Personnel Administrative Specialist School, Fort Benjamin Harrison, Ind.; and the School of Naval Justice (court reporter) Electronic Machines, Newport, R.I.

Specialist Seats is the son of Mrs. Agnes Seats of Richneck Rd., Lee Hall, Va.

347th TRANS. CO. IS 10th BN.
COMPANY OF MONTH

In a ceremony held here today, Major William M. Rutledge, USA, Commanding Officer of the 10th Terminal Battalion, presented the "Best Company of the Month" plaque to the 347th Transportation Company (Amphibious Truck).

This is the second consecutive month that the 347th Transportation Company has won the "Best Company of the Month."

The 347th is commanded by Capt. D. Van Meter, USA.

Judging for the award is done by staff officers of the Headquarters, 10th Terminal Battalion, and is based on a maximum score of 25 points for personnel, training and operations and maintenance and supply activities.

EDUCATION CENTER
AIDS SOLDIER

Private, First Class, Thomas G. McKiernan of the 344th Transportation Company, Fort Story, has proven that an education can be obtained regardless of how a country varies its educational system.

Originally from Swanlinbar, Co. Wick, Ireland, Private, First Class, McKiernan had 10 years of

New Telephones

Being Tested
By C&P Patrons

Over 200 subscribers of the Chesapeake and Potomac Telephone Company of Virginia here in Richmond will participate in a trial test of two new type telephones.

These phones, named the Contour and Trimline, are smaller than telephones now in use and have the dial located in the handset portion of the instrument. Both of these phones may some day find a place in the home of telephone customers.

The trial sets, attractively designed in a drastically new telephone concept, feature a "space-saver" dial, a built-in miniature bell and a soft night light. The Contour and Trimline phones are suitable for either wall or desk use and are the result of many years of research and experimentation at the Bell Telephone Laboratories.

A total of 208 C&P residence customers about equally divided between users of wall and desk sets will test each of the trial telephones for a six-week period. Installation of the instruments will begin sometime in mid-September, according to C&P's local manager, L. P. Patrick.

Utilizing methods developed through previous research and experience during trials of other types of telephone equipment, the C&P has made a careful selection of customers who will participate in this particular study. They will include practically every conceivable type of location and condition to simulate those which would apply under normal operations.

The objective of product testing is to ascertain customer reaction with respect to appearance, design and handling ability of the phones. The results will serve as a guide and give some indication of their acceptability in other areas of the Bell System.

schooling in Ireland when he came to America and enlisted in the U.S. Army.

He was tested at the Fort Story Education Center and his scores amounted to 9th grade equivalency. After 10 weeks of attending classes at the Education Center, he was re-tested and his scores showed a high school level.

His records were sent to his hometown high school in Tuckahoe, N.Y., and through the United States Armed Forces Institute he received the equivalent of a high school diploma.

McKiernan will continue his studies by enrolling in the College of William and Mary in Norfolk this fall to study Accounting.

TWO FORT STORY COMPANIES
GET NEW CO'S

The new Commanding Officer of the 347th Transportation Company (Amphibious Truck), 10th Terminal Battalion, is Capt. Jack D. Van Meter, USA.

Prior to coming to Fort Story, he served in the S-4 Section, 41st Transportation Battalion, Army Aviation Maintenance, Mannheim, Germany.

He also attended the Transportation Officers Advanced Course, Ft. Eustis, Va., where he was on the staff and served as an instructor in the Aviation Branch of the school.

Capt. Van Meter has 17 years of military service and his tours of duty has included the Far East and Europe, included among his decorations is the Combat Infantryman's Badge.

He will reside on post with his wife, Dorothy, and son Jay Bryan, aged 19 months.

1st Lt. John W. Moran is the new Commanding Officer of the 365th Transportation Company, (Terminal Service), 10th Terminal Battalion.

Prior to his new assignment, he was a Platoon Leader with the 344th Transportation Co. (Amphibious Truck).

Lt. Moran entered the Army in October, 1929 and attended the Transportation Officers Basic Course at Fort Eustis, Va.

A graduate of John Carroll University, he received a Bachelor of Science Degree in Social Science.

2385th IN TIDEWATER, VA.

The 2385th Transportation Terminal Command "C" is currently in the Tidewater area for its annual two weeks of active duty summer training. Coming from Cincinnati, Ohio, the 2385th has 50 officers and 14 enlisted men undergoing training at Fort Story, Fort Eustis, and the Hampton Roads Army Terminal.

While participating in its training here, the 2385th is planning and operating in over-the-shore loading and unloading procedures. The unit is commanded by Col. Edward E. Rosenbahr, and its deputy commander is Col. James Robinson, who commands the Fort Eustis detachment.

During the rest of the year, the 2385th trains on staff procedures and plans operations. It is one of the few U.S. Army Reserve units that serve without pay.

Talking Books for the Blind require no special instruction such as braille does, yet 6 out of 7 blind people in the United States have never "read" a Talking Book (they all are eligible to use them free). For information write: The American Foundation for the Blind, 15 West 16th Street, New York City, or the Library of Congress, Washington, D. C.

**NOTES FROM YOUR
COUNTY AGENT**

By E. R. "DICK" COCKRELL, JR.

LISTEN TO YOUR COUNTY AGENT

6:20 THURSDAYS, 12:10 SATURDAY, STATION WTAR

Perkins: "How was your fishing
 trip in Texas?"
 Perkins: "Fine. I was out there
 one, and no was under size, but
 luckily two men came along in a
 truck and helped me throw him
 back."

MARKETING ASSN. PROGRESS

Since the organization of the
 Princess Anne Marketing Associa-
 tion, the Board of Directors have
 been working long and hard on the
 many details that must be worked
 out before the marketing season.
 At present, the Board of Directors
 are interviewing prospective man-
 agers and working on contracts
 for the manager and also the pro-
 ducer.

Various committees have been
 set up to work out details for the
 organization.

As soon as all of these details
 have been worked out, and the
 management service secured, there
 will be a meeting of all the grow-
 ers in the county to sign farmer
 agreements, and to get underway.
 Keep watching this column for
 further news.

STOPPING THAT FLY

Menno Beller, on Salem Road,
 has used automation to kill flies.
 Menno has put into operation an
 electric eye fly control system. This
 is one of the best operations that
 I have seen.

As each cow leaves the milking
 parlor, she is sprayed with an ap-
 proved insecticide as she passes
 through the exit from the barn.
 This operation is almost fool proof.
 As soon as the cow's head reaches
 the electric eye, the eye automati-
 cally starts the pumping action,
 which sprays the cattle. When the
 cow passes the electric eye, the
 pump stops spraying. If the cow
 should stop directly in front of the
 electric eye, after a short period
 the electric eye cuts off automati-
 cally, so that there will not be a
 waste of insecticide.

Cows can be sprayed as often as
 they pass through the passageway.

4-H STEER SELECTION

Last week we were on the road
 a couple of days, making final se-
 lection and purchase of the steers
 to be fed by our 4-H Club mem-
 bers enrolled in that project, this
 year.

We would like to inform our
 boys and girls who are looking for-
 ward to this project that we have
 selected some very excellent steers
 for them to feed this year, and that
 the project will be getting under
 way on September 17th.

**MAKE DAIRYING PAY
THE RECORD WAY**

Have you delayed joining a
 DHA because you don't intend to
 consign any cattle to sales? While
 records do definitely add to the
 value of cattle at sales, the real
 benefit of participating in a pro-
 duction testing program comes to
 the herd owner as he does his
 feeding, culling and breeding.

While you might be able to
 sell your cattle for dairy purposes,
 you do plan on selling milk. Use
 use of production records results in
 lower feed costs for producing each
 pound of milk.

hundred pounds of milk.
 it is to be efficient. Dairying is no
 exception.

CULL THE SHEEP FLOCK

Now is the time to cull the ewes
 in your sheep flock. Culling is a
 continuous process, but after the
 lambs are sold or weaned, take an-
 other look at the flock. Sell those
 that fail to make rapid gains, have
 unsound udders, and broken
 mouths. Replace them with vigor-
 ous ewe lambs of the right breed-
 ing and type, preferably from twin
 births.

Free the ewes of parasites and
 have them gaining rapidly when
 the breeding season arrives. Keta-
 tion at VPI show that the average
 dairyman can add \$50 income per
 cow annually by feeding more sil-
 age.

Don't cut yourself short on winter
 feed. Be sure that you make
 ample silage.

TAKE A SOIL SAMPLE NOW

Take a soil sample now to deter-
 mine lime needs and the fertility
 level of your soil. This is a neces-
 sity for all fall and early winter
 seeded crops. Soil sample contain-
 ers can be secured from my office
 at any time.

MAKE CORN SILAGE

Corn silage is the best and cheap-
 est feed for dairy cows. Beef cat-
 tle especially like corn silage and
 even sheep and breed sows do well
 when fed corn silage. Studies at
 the Agricultural Experiment Sta-
 tion at VPI show that the average
 dairyman can add \$50 income per
 cow annually by feeding more sil-
 age.

Don't cut yourself short on winter
 feed. Be sure that you make
 ample silage.

CLIP PERMANENT PASTURES

Don't permit weeds, tough
 grasses, and brush to ruin im-
 proved pasture. A thorough clip-
 ping in August is part of good pas-
 ture management program. Weeds
 rob the soil of plant food and mois-
 ture, interfere with grazing, and
 lower the carrying capacity of pas-
 tures. If the clipping is heavy and
 of fair quality forage, save it for
 feed, either hay or silage.

LAST WEEK

Last week I was visiting John
 Potter at Oceana, and while I was
 there we rode out to his pasture to
 look at his crop of calves.

John has an excellent crop of
 beef calves in the Petersburg
 Feeder Calf Sale, and he is
 extremely pleased with them.
 They are early calves, mostly Jan-
 uary and February, and should
 average close to 600 pounds when
 they are sold at the Feeder Calf
 Sale in October.

John believes in marketing his
 calf crop through organized sales.
 For the past several years, John
 has been marketing all of his el-
 igible calves in the Petersburg
 Feeder Calf Sale, this year to be
 held on October 5th.

John believes that he can get
 more money from his calf crop sold
 through this method than any other
 way.

If you have beef cattle on your

you might be interested in
 talking with John about the way
 that he sells his calf crop. Also,
 drop by the office and let's take a
 look at some of the prices that
 calves have been bringing through
 these sales. I am sure you will find
 some very beneficial information
 that will assist you in getting more
 money from your beef cattle.

WATCH THOSE SOYBEANS

I continue to caution folks about
 making periodic checks in their
 soybean fields for outbreaks of
 damaging soybean insects. Now is
 the time of year when we can ex-
 pect the corn earworm, fall army-
 worm, velvet bean caterpillar, and
 other insects. We hope that we do
 not get a dangerous infestation,
 however, we should be continually
 on the lookout. If you find worms
 in your soybeans and cannot deter-
 mine the necessity of applying
 chemical control measures, please
 contact us, and we will be very
 happy to assist you.

THESE ARE PROBLEM TIMES

Many folks in Princess Anne
 County are receiving valuable as-
 sistance from the VPI Agricultural
 Extension Service, through the
 County Agent's office. We are con-
 tinually receiving calls from peo-
 ple who have various problems on
 their farms and around their
 homes. Many people need infor-
 mation on how to grow a better lawn,
 fertilize shrubbery, control insect
 and diseases in their vegetable
 gardens, and on their shrubs.

Many times we are able to pro-
 vide the information required on
 the telephone or through an office
 visit. At other times, we find that
 people are finding the VPI bulle-
 tins and circulars to be tremen-
 dous help in finding new and bet-
 ter ways of doing things.

If you have a particular prob-
 lem, or just want some informa-
 tion, then call or write the County
 Agent's Office, and we will try our
 best to assist you with the infor-
 mation you need, through tele-
 phone, correspondence, office visit,
 or through bulletins and circulars.

**BUILDING THE DAIRY RATION
FORAGE IS THE FOUNDATION**

Forages form the basis of every
 good dairy cattle feeding program.
 Pasture, silage, and hay are cheap-
 er sources of nutrients are con-
 centrates. Micro-organisms in the
 rumen of the cow enable her to
 make good use of this cheaper nu-
 trient source. The micro-organisms
 break down many complex organ-
 ic materials found in forages into
 simple useable ones. They can also

change many compounds from raw
 materials that are essential to the
 cow. Therefore, the greatest possi-
 ble proportion of the dairy cow's
 nutrient requirement should be
 provided from forage.

QUALITY IS IMPORTANT

The contribution which forage
 makes to the ration is deter-
 mined largely by the amount that
 the cow can be induced to eat. If
 the quality is equal the amount of
 dry matter consumed will be about
 the same whether it is provided
 from pasture, silage, or hay.

FORAGE EVALUATION

The development of an adequate
 concentrate knowledge of the
 amount and quality of forage ac-
 tually consumed. Traditionally,
 quality of forage has been deter-
 mined on the basis of what can
 be seen, felt and smell. The market
 value of hay depends upon this
 system of grading.

**PROTEIN NEEDED IN THE
CONCENTRATE**

High quality forage will usually
 be highly palatable and will be
 relatively high in protein. There-
 fore, the greater amount of forage
 consumed, the greater will be the
 amount of protein consumed from
 this source. This will lower the
 amount of high priced protein sup-
 plement that must be provided in
 the concentrate mixture.

All of these factors must be taken
 into consideration when you
 determine your dairy rations.

**AMOUNTS OF CONCENTRATE
TO FEED**

There are many factors that de-
 termine the amount of mixed con-
 centrate that should be fed to each
 cow. Therefore, no figure can be
 given as to the exact number of
 pounds that a dairy cow requires.

A few of the factors that must
 be considered are: (1) the kind,
 quality and quantity of forage fed;
 (2) the amount of milk produced;
 (3) the butterfat content of the
 milk; (4) the body of the cow; (5)
 the ability of the cow to take feed;
 (6) the stage of lactation; (7) the
 age of the cow; (8) the condition
 or degree of finishing; (9) the in-
 herited level of production; (10)
 the price of milk and grain; (11)
 the cost and availability of hay.

FEEDING MOST IMPORTANT

How you feed your dairy cattle
 determines whether you are going
 to make money or not. One way to
 assist you in being able to make
 more money through better feed-
 ing of cows is to belong to a pro-
 duction testing program. There are
 two production programs operat-
 ing here in the county, and I will
 be very happy to discuss these
 programs with you at your con-
 venience.

**"These trails
 would shake
 the cab off
 an ordinary
 truck...but
 not our Chevy"**

Few trucks are subjected to the
 body-wracking beatings that are
 part of a day's work for this
 Chevrolet Series 60 pulpwood
 hauler. It's owned by J. E. Fox,
 North Carolina logging contrac-
 tor. As Bobby Fox, a partner in
 the business says, "Loaded with
 pulpwood, we drive over stumps
 and potholes you'd think would
 tear the truck to pieces. These
 trails would shake the cab off an
 ordinary truck, but not our
 Chevy. We can average an extra
 load a day . . . make \$45 to \$50
 a day more with this Chevy than
 we can with the others."

In every weight class these Chevies
 are doing more work at less ex-
 pense than trucks have ever done
 before. Drive one at your Chev-
 rolet dealer's. It's an experience that
 could pay you big dividends.

That 8-cylinder engine really per-
 forms, says Bobby Fox. "It's got the
 lifting power we need in the woods
 and works right along with a full load
 on the highway."

Authority Is Seeking Data

Representatives of the Corps of U.S. Army Engineers are to be invited to the next meeting of the Rudee Inlet Authority on September 2, according to Frank W. Kellam, chairman.

Members of the Authority met last Friday to discuss the work ahead and to hear preliminary reports from members on their findings of possibilities for development of the Rudee Inlet area south of Virginia Beach.

Also to be invited to the next meeting of the Rudee Inlet Authority will be E. H. Church, chairman of the Virginia Beach Erosion Commission; and representative of Madden and Madden, consulting engineers from Roanoke.

There are three broad phases that the authority is considering. One is the extension of jetties at the mouth of Rudee Inlet. Another is a high level bridge and the third phase is the development of a yacht basin with slips for mooring boats.

Following the September 2 meeting the next regular meeting is scheduled for September 16.

Circus Coming To P.A. Plaza

The 21st anniversary edition of Mills Bros., 3-ring circus comes to Princess Anne County, under the sponsorship of the Lions Club of Kempsville for 2 and 4 p.m. performances at Princess Anne Plaza on Tuesday, September 13.

The action-packed show made up of circus marvels from 18 nations comes to town for the benefit of the sight conservation fund of the Lions Club.

Alluring dancing girls, clowns, acrobats, high-jumping horses, trained animals, roller skating whizzes and other circus champions combine in the largest motorized circus to make the one-day stand a fun-filled one for adults and youngsters alike.

"Fairyland," a fantasy depicting any fairybook characters, opens the grand spangled performance, and this is followed by a quickly paced program of outstanding circus acts. Included are the Hungarian contortionists, Bob and Zeida; Walter Rath, German comic acrobat; The Cashell Family, head-to-head equilibrists on the high ladder; Rudy Ducky and his amazing basketball-playing dogs, plus many other featured acts.

Miss Burma, perennial pachyderm star, will carry a beautiful girl around in her mouth; Coco, called "the greatest clown in Europe's history," will lead the great Mills Bros., funnyman in crowd-pleasing antics; and the Four Emory Sisters, from Germany, performing daring flying, twisting somersaults on roller skates.

Highlights of the program will be two spectacular aerial ballets, Pirate Fantasy and Swinging in the Snow, featuring many beautiful girls from many nations.

Reduced advance sale tickets for the Mills Bros. circus can be purchased now from members of The Kempsville Lions Club. The organization desires a greater profit for its charitable activities from the advance sale of seats.

CITY, COUNTY POLICE ATTEND F.B.I. COURSE

Three members of the police departments of Virginia Beach and Princess Anne County attended a Federal Bureau of Investigation retraining conference in Richmond this week.

Those attending the conference were Virginia Beach Police Chief Reeves E. Johnson, Lt. R. K. Husted and Sergeant George Bryan. The latter is with the Princess Anne County Police Department.

A Virginian in Canada

A Virginia Belle who will extol Virginia Beach's attraction in Canada, Julia Nelms, secretary of the Virginia Beach Chamber of Commerce, poses in the Ante Bellum costume she will wear while representing Virginia Beach at the Canadian National Exposition.

Mrs. Julia Nelms Representing Beach at Canadian Event

Mrs. Julia Nelms, preceded by hundreds of pounds of promotional material (including anti-water tariff) left for The Canadian National Exposition August 19th. Mrs. Nelms, secretary of the Virginia Beach Chamber of Commerce, will represent Virginia Beach in the Virginia Travel Council's booth at this large scale annual travel show.

Thru The Virginia Beach News Bureau arrangements were made with The Toronto Globe and Mail newspaper for the week of August 29-September 3, to be featured as Virginia Beach week at the newspaper's vacation bureau with Mrs. Nelms appearing as a guest August 29th and 30th. According to Laura Lamb, handling the resort's promotion and publicity, the Globe and Mail will run a large advertisement on Mrs. Nelms' guest appearance, a publicity story on Virginia Beach and reproduce one of the Toronto to Virginia Beach strip maps especially made up as a promotional piece for this major show.

In keeping with advance promotion on the Civil War Centennial, Mrs. Nelms will wear a specially designed Ante Bellum type dress in the Virginia Booth and during her appearance at The Toronto Globe and Mail's Vacation Bureau.

The last and most extensive of all the 1960 travel shows in which Virginia Beach has participated, The Canadian National Exposition is considered an important avenue for the further development of the Canadian market for this resort. Pursuant of this Mrs. Nelms will contact travel and transportation agents while in Toronto.

Laura Lamb of The News Bureau stated that additional current

House Approves Bill of Oceana School Building

The House of Representatives Tuesday passed a bill for federal purchase of the old Oceana Elementary School after Rep. Thomas N. Downing had prodded his colleagues. The bill had faced opposition from at least three Republican members of the House.

The legislation now goes to the Senate Judiciary Committee and, if approved there, would then go to the floor of the Senate.

Included in the measure is the federal purchase of the property to help Princess Anne County finance construction of a new school on another location.

The present site was abandoned early this year due to the noise and possible danger from jet aircraft landing and taking off from the nearby Oceana Naval Air Station.

Downing's bill originally set the purchase price at \$245,000, but the amendment provided the amount should be set by the U.S. Court of Claims.

Youth Activities Week Slated by V.B. Methodists

Youth Activities Week features Square Dancing, Panto-Petticoat Ball Game and Banquet.

The Virginia Beach Methodist youth Fellowship cordially welcomes every youth of the community to their Youth Activities Week, August 28-September 2.

1. Sunday, Tuesday and Thursday night will consist of classes and worship service followed by a social assortment of activities.

2. Monday night will include classes and worship and is highlighted by a square dance commencing immediately after worship ceasing at 7:30.

3. Wednesday night will be the one night of the week you must not fail to miss as commencing at 7:30 will be a cook-out during which the Panto-Petticoat game will take place. Guys dress up as Gals and vice-versa. This will take place at the W. T. Cooke School.

Friday will bring to an end a week we all will remember. We will have classes and worship followed by a Banquet.

The Worship services on the theme "Where Are You Going" will be the high moments of the week. Our guest speaker will be Dr. R. B. Parker from Richmond, Virginia. He will also hold classes for the seniors and the Older Youth. Chaplain Solomon will teach the Intermediate.

Registration fee will be \$1.00 and can be taken care of at the door Sunday night, August 28 or any time before 8:30 a.m. until 4:30 p.m. in the Church office.

Young people of the area are urged to accept the invitation to fellowship together and worship and study.

Supervisors Vote to Purchase Airfield for Civil Defense Use

The Princess Anne County Board of Supervisors are going to establish a Civil Defense training center for police and firemen with the approval Monday to purchase the former Navy auxiliary airfield at Creeds for \$25,000.

Buildings of World War II vintage now occupy the 272 acres. The Board feels that someday it may

be converted into an airfield for Tidewater.

R. F. Trant Jr., in a letter to the board, objected to the wording in a proposed ordinance pertaining to dangerous weapons.

Under the new law, Trant said, a law-abiding resident of the county can hardly handle pistols, knives, baseball bats or even shotguns without violating the law, even when trading antiques, cutting roast beef with a neighbor's knife or lending his Boy Scout son his hatchet to take on a hike.

The proposed ordinance was tabled for further study.

Supervisor Carroll G. Clough said a pending legal hearing concerning bus routes in the Norfolk area threatens the service in Aragona Village. The area is now served by Trailways, buses of which pick up and discharge passengers between Aragona Village and the old city line.

Clough said he was told that if Trailways cannot serve passengers inside Norfolk, the Aragona Village operation may be abandoned.

Supervisor James Darden asked that a conference be held between county representatives and the U.S. Army Engineering Corps concerning the dredging of the Lynnhaven Inlet. The Engineers have asked

(Continued on Page 4)

Aragona Gives Land

P.A. Memorial Hospital Site Being Accepted Today in Ceremonies at Princess Anne Plaza

The family of Democratic vice-presidential candidate Senator Lyndon B. Johnson are shown above in front of the Cavalier Hotel here talking with Sidney Banks, president of the Cavalier. The girls are Lucy Baines, left, and Lynda Bird and their mother, "Lady Bird." They vacationed here last week and reported "having a wonderful time."

To Live Here

Keeley Leaving Beach Position Sept. 1

Richard B. Keeley, who resigned recently as convention director and managing director of the Virginia Beach Chamber of Commerce, is expected to remain in this area after September 1, the effective date of his resignation here, and is also expected to remain in the same field of hotel and convention work. It was learned Wednesday.

Keeley's future plans were not specifically revealed, but it is reportedly reported that he will remain in the hotel, motel-convention field and that he will probably continue to live in Virginia Beach.

Mrs. P. H. Allen Elected New V.B.-P.A. Welfare Board Chairman

Mrs. Patrick H. Allen of Virginia Beach is the new chairman of the Princess Anne-Virginia Beach Welfare Board following an organizational meeting of the expanded board last week.

The new chairman succeeds J. L. Hargrove, who retired from the board in July after serving for more than 22 years. He had served as chairman of the Welfare Board since 1938.

Mrs. Allen was elected last week. She has been a member of the board since 1956. Mrs. Allen resides with her husband at 135 Pine-wood Road, Virginia Beach.

In addition to Mrs. Allen other members re-appointed to the board are Walter E. Williamson, Charles W. Cashman, Sr., and Mrs. Robert B. Tyne.

New appointments to the board are Herman O. Freeman, James G. Kontopoulos and Ernest Richard Hines.

The Virginia Beach-Princess Anne Welfare Board meets monthly in Princess Anne to review cases and to approve individuals for support by the welfare department.

\$10,000 Short of Goal

Rescue Squad Members Termed "Pros With Amateur Status"

Professionals with amateur standing is a phrase that would probably make Avery Brundage, head of the Amateur Athletic Union, turn handsprings, but that is exactly the right description for members of the Virginia Beach-Princess Anne Rescue Squad.

Which, incidentally, is trying to raise \$20,000 for operating expenses for the next 12 months.

Members of this fine volunteer group are all amateurs in the sense that they receive no pay for their services, but they are professionals as far as knowing their respective jobs in caring for those requiring their services.

Each August this group attempts to raise just enough funds to cover its expenses for one year. With only seven days left in the month

the squad reports barely more than down to 24 years. Each member has its goal of \$20,000 has been put in 12 hours duty twice a month plus one night drill meeting and one night a month at the section of the business life of the business meeting. The squad community represented on the averages answering 130 calls per membership roll of the Virginia month during the summer and 70 Beach-Princess Anne Rescue per month during the winter.

Here are excerpts from letters received by the Rescue Squad executive, a trucking executive, served by the Rescue Squad ice station operator, chemist, truck from fellow citizens who have driver, engineer, real estate salesmen helped by the group answer-

man, banker, policeman, plumber, ing their call for aid. "The enclosed check can be a salesman, postmaster, motel owner, no way repay you for your help lumber yard owner, stock broker and kindness to me when I called and so on. Almost every conceivable for your services."

able type of occupation is listed "your men worked cheer- among the 36 active members of fully and efficiently when called the squad. The ages of members of the hospital, enclosed please find Rescue Squad range from 49 years money order."

Virginia Beach and Princess Anne County officials are expected to be joined by State and National leaders this afternoon at Princess Anne Plaza when the Princess Anne Memorial Hospital Committee accepts the 15-acre site being donated by John Aragona.

Dr. Ira L. Hancock, chairman of the hospital committee, is scheduled to accept the deed to the land from Aragona. The ceremony is set for 3 p.m. The 15-acre site is valued at \$100,000.

Shortly thereafter, the long-delayed fund-raising drive to build a 14-million-dollar community hospital for Virginia Beach and Princess Anne County will get under way.

Ivan Justice Co. of Ohio, a professional fund-raising organization, has been retained and its representative, William Kesterly, will organize the drive.

Kesterly will contact civic groups and other organizations within the next few weeks preparatory to the start of the actual drive.

A total of \$750,000 is the drive goal. Twice that much is needed to build a 100-to-120-bed facility. Half the money will come from Hill-Burton funds, a federal subsidy for hospitals.

The Princess Anne County Memorial Hospital Committee is working under the direction of the Princess Anne Board of Supervisors and the Virginia Beach Chamber of Commerce.

The hospital will be located three blocks south of Virginia Beach boulevard and a block east of Plaza. Trail, the main road through Princess Anne Plaza. Roads in the project will connect the hospital site with Holland Swamp, Lynnhaven and Rosemont Swamps.

A committee spokesman stated that the ceremony this afternoon is open to the public.

Waterfield In New Position

Floyd Waterfield, Jr., who was recently named an assistant cashier of the Bank of Virginia, has assumed his new duties with the bank, according to Edward H. Church, president.

Waterfield, a graduate of the Princess Anne High School, has been employed by the Bank of Virginia since January of 1959. Waterfield resides in Back Bay with his parents, Mr. and Mrs. Floyd L. Waterfield, Sr.

P.A. FOP LODGE IS PLANNING BUILDING

Estimates are being sought for the construction of a lodge building for the Princess Anne Fraternal of Police Lodge 8. Actual construction is expected to get underway in the fall.

The building is to be located on Courthouse Road on a lot that measures 220 feet by 350 feet. The estimated cost of the building has been placed at \$65,000.

"I am enclosing a check for \$25. to be used towards the operating expenses of the Rescue Squad. It was indeed a heart warming experience to have such gracious and skilled assistance in our time of need."

"I had hemorrhaged badly from stomach ulcers and was practically unconscious. Your prompt service prevented a very dangerous situation. In appreciation, the enclosed check is to help maintain this important service."

"The enclosed check is a token of our appreciation and high esteem for your fine service. You are to be commended for the high quality of your work, the gracious consideration accorded patients"

(Continued on Page 4)

New Kings Grant Elementary School

This is the new Kings Grant elementary school in Princess Anne County. This school along with new rooms at the John B. Dey and Linkhorn Park schools will accommodate students who previously would have attended the old Oceana school. (Simmons Photo.)

Youth Week Is Set for Sunday Start at Salem

The Princess Anne Charge Methodist Youth Activities week will be held Sunday evening, August 28 through Wednesday evening, August 31. The theme for the week will be "Our M. Y. F. in Action." Each evening will start with a dinner at Salem Church social hall at 6:30 o'clock and will be followed by theme presentations, films of interest to teenagers, singing, vesper services and recreation. Vesper speakers will include the Rev. Mr. A. W. Ayers, pastor of the charge, and the Rev. Mr. Douglas Ebert, pastor of Foundry Methodist Church. Teachers for the courses will be Judge Richard B. Kellam, Mr. J. W. Huntington and the Rev. Mr. Ayers. Miss Jerry Rudd will present slides of Europe.

Young people of all denominations in the area are cordially invited to participate in this interesting and spiritual week.

LAM RE-APPOINTED

Henry L. Lam, Virginia Beach and Princess Anne attorney, has been re-appointed judge advocate for the American Legion, Department of Virginia. It was announced last week at the state convention of the group held in Alexandria.

HARDINS RETURN FROM WORKSHOP

Mr. and Mrs. Bristow Hardin have returned from Richmond where Mr. Hardin conducted a Workshop for more than forty piano teachers from three states. The Workshop was sponsored by the Piano Teachers Division of the Richmond Musicians Club.

Mary Dekker, daughter of Mr. and Mrs. W. J. Dekker of Virginia Beach, was one of three of Mr. Hardin's students who performed piano solos to illustrate various features of pedagogy that were developed in the lectures.

The other two students who performed were — Hygd Hardin, daughter of Mr. and Mrs. Bristow Hardin Jr. of Rossmore, and Beverly Bebeck, daughter of Mr. and Mrs. David Bebeck of Newport News.

BOOKS APPROVED FOR P.A. COURTS

An audit of the books of Princess Anne County Court and Juvenile and Domestic Relations Court has been completed for the fiscal year which ended June 30.

J. Gordon Bennett, auditor of public accounts, said the records were "in good order." Judge J. Davis Reed Jr. presides. Horace A. Culppeper is clerk of the court.

JOHNSON, CAPPS BACK FROM POLICE SCHOOL

Virginia Beach Police Chief Reeves E. Johnson and Detective Henry Capps have returned from a four day retraining session at the Southern Police Institute.

The police training course is conducted each summer at the Institute at Lexington, Kentucky.

DARDEN BACK FROM OFFICIAL MEETING

Mr. and Mrs. James G. Darden have returned to their home in London Bridge after spending ten days in Miami Beach, Florida. While they were there Mr. Darden attended the Silver Anniversary Conference and Products Exhibit of the National Association of County Officials at the Fontainebleau Hotel.

Safety Group Holds Meeting

The Greater Tidewater Safety Society held their monthly dinner meeting at the Dunes Hotel, Monday Evening, August 22, 1960, Virginia Beach.

The guest speaker at this meeting was Mr. Donald Shriver, Executive Manager of the Norfolk City Chamber of Commerce. Mr. Shriver made a very interesting talk on safety his theme was "Be Your Brother's Keeper." He believes we should do away with the old slogan—"Drive Safely the Life You Save May Be Your Own" and replace it with something like this "If you have no regard for your own life—think of the innocent victims that are killed each year and be ever mindful of the other fellow—work and drive safely."

The Greater Tidewater Safety Society was organized about one year ago. The purpose of this organization is to promote safety in the Tidewater area. Our membership covers many industries and governmental agencies in this area, as far south as North Carolina and to the north we nearly reach Richmond. Our organization is available to anyone interested in the safety and welfare of the people in this Tidewater area.

The officers for the coming year have been elected and are as follows:

Chairman—A. N. Blum, Navy, Public Works Center. Vice-Chairman—C. P. Peterson, Smith-Douglass Company. Secretary—S. W. George, Jr., Virginia Electric and Power Co.; Treasurer—G. T. Spain,

CAVALIER ANNOUNCES FOUR CONVENTIONS

Four conventions are scheduled for the Cavalier Hotel for the next week. It has been announced.

The Virginia-Carolina Peanut Council opened a three-day meeting at the hotel on Wednesday. From Thursday through Sunday the John Hancock Life Insurance Company will convene at the hotel. Starting Sunday the Appalachian Power Company is to meet at the Cavalier and on Wednesday the Virginia Association of Assessing Officers will hold a one day meeting.

CHARLES HARDIN IS BACK FROM EUROPE

Charles Hardin, of the faculty of the Hardin School of Music at Virginia Beach, has returned from a summer devoted to study and travel in Europe.

He was enrolled at the Zurich, Switzerland, Conservatory for study in piano and recorder. One of his pleasant recollections is of having performed as an invited guest in a professional recorder quartet concert in Zurich. At the close of the summer session Mr. Hardin traveled extensively on the continent and the British Isles. He will resume teaching at the Hardin school on September first.

Summer staff—E. A. Gallahue, Liberty Mutual Insurance Co.; W. H. Sims, Naval Ammunition Depot; C. P. Hearne, State, Labor Department.

Sixty-three cents a day isn't very much — you probably can save it without missing it at all. But in a month, it adds up to enough to buy an \$18.75 Savings Bond, worth \$25.00 to maturity.

If you buy one each month for just 40 months, at maturity your bonds will be worth \$1000.

There are two especially good things about saving money this easy way:

1. You do it without a struggle—with money you could easily have just dribbled away.
2. You get back $\frac{1}{4}$ more than you save.

Why not start right now to lay away your \$1000—or any amount you have in mind?

SOME ADVANTAGES YOU MIGHT THINK ABOUT

You can save automatically with the Payroll Savings Plan. Tell your company how much to set aside from your pay for Bonds. This way you won't forget to save and your savings will add up automatically.

You now get 3% interest, to maturity. This new rate began June 1, 1959, makes your Bond money grow faster. Series B Bonds now mature 14 months earlier than before—in just 7 years, 9 months. Bonds

bought before June 1, 1959, earn more, too—an extra $\frac{1}{4}\%$ from then to maturity.

You can get your money, with interest, anytime you want it. Bonds are a ready reserve that you can cash anytime at any bank. But it pays to keep them.

Your money is guaranteed safe by the U.S. Government. Bonds are an absolutely riskless investment. The cash value of your Bond will not drop—it can only grow.

Your money can't be lost or stolen. The Treasury will replace your Bonds, free, if anything happens to them.

You save more than money. You help save the peace with every Bond you buy. Bond money goes for science, education, military strength—the weapons of peace. And the money you save helps keep our nation's economy strong.

Here's how you can reach your savings goal with U.S. Savings Bonds in just 7 years, 9 months

If you want about	\$2,500	\$5,000	\$10,000
each week save	\$5.43	\$10.85	\$21.70

You save more than money with

U.S. Savings Bonds

Va. Receives Cancer Grant

The University of Virginia in Charlottesville has been awarded an Institutional Research Grant in the amount of \$15,000, it was announced today by the American Cancer Society.

In making the announcement, Dr. John R. Knight, President of the Virginia Division, said: "We are pleased that the research committee of the American Cancer Society have made another Institutional Research Grant to the University of Virginia. This is the second successive year that such a grant has been made and it indicates the confidence the Society has in research possibilities at the University."

The funds would be used primarily to initiate new research projects, according to Dr. Byrd S. Leavell, Chairman of the Institutional Research Grant Committee at the University. "In special circumstances, aid may be given to projects that are already established," Dr. Leavell said. He also noted that "since the Institutional Research Grant is made to the University as a whole, it provides potential support to investigators in many different fields, such as biology, chemistry, and physics, who are interested in cancer research."

The new grant is effective September 1 and is one of a number of grants approved for institutions of higher learning by the Cancer Society at a recent meeting of its National Board of Directors.

The Finnish people are the world's leading milk drinkers. They consume fluid milk and cream at the annual rate of about 310 quarts per capita. The U.S. is the eighth ranking nation in terms of milk drinking.

Mrs. H. O. Freeman Active as Head of Cape Henry Woman's Club

Mrs. H. O. Freeman

By Timmie Darden
A Norfolk resident for twenty four years and a very active member of the Norfolk Woman's Club moved to Princess Anne County four years ago. She soon became a member of the Cape Henry Woman's Club. Because of her hard work and devoted interest, the members elected Mrs. H. O. Freeman as their club president.

Mrs. Freeman is the fourth president of this six year old club. She is proud to be a member of this fine group that does so much for the good of the community.

A native of Clifton Forge, Virginia, Mrs. Freeman received her education from their public schools. After graduation, she moved to Norfolk to work. She met Mr. Freeman and they were married. This area then became her home.

Although Mrs. Freeman and her husband have lived in Princess Anne for a short while they feel a part of this fast growing county.

Being extremely talented with handwork, Mrs. Freeman does various types of wood panels and dried arrangements. These beautiful articles that she creates have been shown and written about several times.

Mrs. Freeman is interested in all phases of garden work. She is the corresponding secretary for the Norfolk Federation of Garden Clubs and first vice-president of the Thalia Garden Club. Last year she attended thirty different garden club meetings. She was the guest speaker at several of these meetings.

Mrs. Freeman also helps with the Y. W. C. A. in her spare time. She and her husband are members of the Thalia Lynn Baptist Church.

The Cape Henry Woman's Club is known throughout the state for their work to conserve the beautiful Lotus flower. This lovely flower does not grow naturally in any place else in the world.

A large festival is given each year to raise money to conserve this flower. The program includes a parade, dinner, boat trips through the gardens, and a dance. At this dance a queen is chosen to reign throughout the year.

Besides the wonderful work that they do with the Lotus flower, the club has many other projects. Each year they send a crippled child to Camp Easter Seal. A girl is sent to Girl State each year. Two literary awards are presented to graduating seniors from Princess Anne and Virginia Beach High Schools.

The Cape Henry Woman's Club also gives to Cape Henry Club, Girl Scouts, and spend hours in Princess Anne Welfare work. They

sent Christmas Cards to Western State Hospital for therapy work. Forty-eight books were donated by the club to local school libraries. A trophy for the Kempsville Woman's Club horse show was also donated.

A large sum of money was given by the club for the Maxtion. This is the new cancer machine at the Medical College of Virginia. Doctor Benjamin T. Jackson of the College came down to speak to the ladies and thank them for their help.

Alternating between the Princess Anne-Virginia Beach Professional Woman's Club and the Cape Henry Woman's Club, a woman of the year is chosen for outstanding work in the community. This has been won by four members of the Cape Henry Club. It was won the first year by Mrs. Cecil Reed for her work with the Lotus flower and gardens. Mrs. R. T. Booker was awarded this the second year for her hours of welfare work. The third member of the club to win this honor was Mrs. Wallace Clark for her many hours with the polo vaccine. Recently it was given to Mrs. Robert S. Wahab, Jr. for her help and devotion to cancer patients.

These active 110 members meet once a month at the Sir Walter Hotel. The meetings consist of business, lunch, and a program. The programs are planned to entertain and educate the women.

The General Federation of Women's Clubs presented the Cape Henry Woman's Club with a Citation for community achievements.

Last year interior decorating courses were offered through the club at Cofters. The members were invited to the shop and lessons were given.

The senior club is very proud of their newly formed Junior Cape Henry Club. Their first president is Mrs. Iris Hubbard.

Mrs. Freeman is assisted by a fine group of officers in guiding the club. They are: Mrs. Gilbert Keene, first vice president; Mrs. John Collins, second vice president; Mrs. William P. Kellam, third vice president; Mrs. J. C. Brennan, recording secretary.

Mrs. James C. Darden, corresponding secretary; Mrs. Leonard B. Bickow, historian; Mrs. T. C. Ferguson, parliamentarian; and Mrs. Arthur James, chaplain.

Today, when you buy U.S. Savings Bonds, you're investing in a bigger, better America... now 50 United States! Your new bonds earn more interest... 3 1/2 percent to maturity.

Protect your future! Invest in the future of America by buying U. S. Savings Bonds. Your new bonds earn more interest than ever before—3 1/2 percent to maturity.

EDITORIAL SPEAKING

A Congressman at Work

The news dispatch from Washington Tuesday that the Oceana school bill had been passed by the House of Representatives was good news, indeed, but it was more than that. It demonstrated the work of our representatives and what goes on behind the scenes.

We believe Congressman Thomas N. Downing rendered a real service to the citizens of this area in that he explained away earlier objections to the bill in order to secure its passage.

A less alert representative may have been beaten from the start on a bill of this type, but Congressman Downing stayed with the bill from beginning to end and the House passed the legislation on Tuesday.

Three Republicans had temporarily blocked the proposed legislation and had stated that both the Budget Bureau and the Navy Department opposed the bill. Congressman Downing then explained to the legislators that these objections had been removed from the bill by an amendment. They were convinced on the point and withdrew their objections.

Congressman Downing is to be commended for his work on this bill and we know that he will now follow the legislation into the Senate Judiciary Committee and to the Senate floor. We feel confident that the bill will pass with little difficulty and our confidence is strengthened knowing that Congressman Downing is on the scene.

A Look at Your Rescue Squad

We believe this is a good time for the residents of this community to pause and take a look at the Virginia Beach-Princess Anne Rescue Squad. This volunteer organization is presently seeking funds to support it through the next year.

Those persons who have had to call on the services of the Rescue Squad are well aware of the fine contribution this group of young men are making to the welfare, health and safety of this community. But, there must be many who are not aware of the work of the Rescue Squad nor familiar with its personnel.

First of all the members of the Virginia Beach-Princess Anne Rescue Squad give their time and energy and receive no payment in return, except the personal satisfaction they must get from doing for others. The funds they receive are used solely to cover operating expenses.

Some interesting facts about the local Rescue Squad is found in the varied occupations of its 36 active members. All are trained in first aid and other life-saving methods. The squad operates three ambulances and members are on duty 24 hours every day of the year. Each member puts in 12 hours of duty twice each month and they must attend one drill each month. The squad answers on an average of 130 calls per month during the summer season and about 75 calls each month during the winter.

Each August is fund raising month for the Rescue Squad. The group prepares an operating budget and then attempts to raise the necessary funds. The need this year is for \$20,000 and at last report the Rescue Squad had raised barely more than half that amount. Anyone may donate by sending a check to P. O. Box 47, Virginia Beach.

Hospital Plans Moving Ahead

Plans for the erection of the Princess Anne County Memorial Hospital are moving ahead and will get a real "lift" this afternoon when title to a 15-acre site in the Princess Anne Plaza area is transferred to the Princess Anne Memorial Hospital Committee.

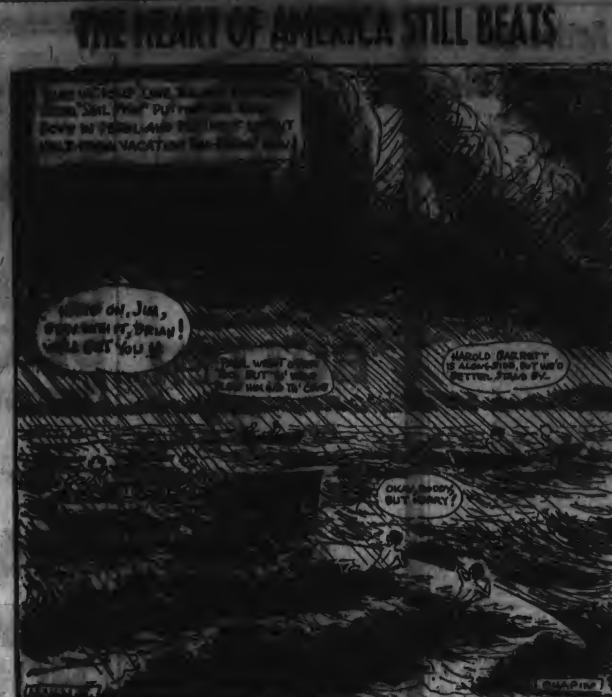

Acquisition of the land is the first concrete step in the committee's plans to construct the hospital. The next big step is the raising of approximately one and one-half million dollars.

The hospital site has been donated by Mr. John Aragona, well known land developer in Princess Anne County, and it

gives the committee a good working start on the actual building of the hospital.

The generous gift of the land site for the hospital by Mr. Aragona is a tremendous "lift" to the hospital planners and the gift can hardly be measured in dollars and cents. It should certainly help the committee and its workers in raising the necessary funds to build the hospital.

The community can be grateful for such public minded citizens of the type of Mr. Aragona, not to mention those giving so much time and effort to making the hospital a reality.

LETTERS TO THE EDITOR

August 15, 1960
Virginia Beach Rescue Squad
Virginia Beach
Gentlemen:

On July 31, 1960, at about 7:00 p.m., our daughter inadvertently consumed a very toxic insect repellent. Within a matter of minutes, your representatives had reached the home and delivered the child to the Virginia Beach Hospital, where necessary medical assistance was provided.

This writer has long been an admirer of the unselfish devotion to duty that the members of your organization have displayed. The splendid condition of your equipment further reflects the care that it receives from those responsible. The daily accounts in the newspapers have made known the valuable assistance you have provided to those in times of crisis.

My appreciation of the foregoing, however, has been an objective basis, and this incident is the first occasion that my appreciation has been subjective. Words are inadequate to express my true feeling of gratitude at that time and the feeling of comfort derived from the professional and courteous conduct of your representatives.

It is my understanding that you will not accept compensation for your services on a direct basis; however, there is enclosed a check which might be used in your annual fund raising campaign. We thank you very much, and you have our very best wish for the continued successful operation of your squad.

Very truly yours,
RICHARD J. DAVIS.

Rescue Squad

(Continued From Page 1)

liness. Mere words are so inadequate to express our gratitude.

"Enclosed is personal check. This by no means expresses my and your most wholesome friend appreciation for your coming to the aid of my daughter who had 'blackened out' while visiting the Beach. The two gentlemen who came were most kind and thoughtful and we shall always remember them. We don't know their names, but we shall try to keep the Rescue Squad in our remembrance.

"Money and words are inadequate to express our appreciation. 'We would like to express our appreciation for the careful and tender manner in which you handled the patient, who was racked with pain, and could hardly bear to be touched. You fellows are doing a fine job, and more of us are realizing it every day.'"

"I could not forget your service some years ago when you took my wife to a Norfolk hospital, nice ambulance, excellent driver, and perfect gentleman. I was too upset to get his name, but thank him from me."

The latest figure showed that approximately \$10,000 of the \$20,000 goal had been raised. Anyone wishing to donate to the Virginia Beach-Princess Anne Rescue Squad may do so by mailing a check or money order to the Rescue Squad, P. O. Box 47, Virginia Beach, Virginia.

St. Gregory Club — St. Gregory's Women's Club will meet September 6th, 8 p.m., at the Arlington Elementary School. Speaker for the evening will be Mrs. Mildred Gregory, member of the St. Gregory Club, who will speak on plans for the autumn.

Mrs. Clara E. Kellam, Mother of Well Known Family, Dies at 90

Mrs. Clara E. Kellam, 90, wife of the late Abel E. Kellam, died early Wednesday morning at the family home at Princess Anne. She had been in declining health for several months.

Mrs. Kellam was a native of Princess Anne and had lived at Princess Anne all of her life. At the time of her death she was living with a son, Judge Richard B. Kellam.

The former Mrs. Clara Eaton, daughter of the late Moses J. and Sara Whitehurst Eaton, Mrs. Kellam was the mother of 16 children, eleven of whom survive.

Mrs. Kellam married the late Abel E. Kellam, who served many years as clerk of court for Princess Anne County. They lived and reared a large family at Princess Anne.

Mrs. Kellam was a member of the Nimmo Methodist Church, located just a few miles from Princess Anne. She was the second oldest living member of the church at the time of her death. She was devoted to church work and gave much of her time to it during her long life.

She is survived by eleven sons, V. Hope, Sidney S., Fred J., Frank W., Richard B., Edwin C., Robert W., Harold B., Herbert S., James G. and William P. She is also survived by a sister, Miss Laura E. Eaton, 26 grandchildren and eight great grandchildren.

Funeral services for Mrs. Kellam are to be conducted Friday afternoon at 2 p.m. at the Nimmo Methodist Church. Burial will be in the church cemetery. The funeral is under the arrangement of the Holloman-Brown Funeral Home.

Mr. and Mrs. George Hornbake has as their guests Mr. Hornbake's mother, Mrs. Eleanor Burns and Mrs. Edna McCreary from Washington, Penna., and Mr. and Mrs. Glenn, Edminger from Monongahela, Penna.

Mr. and Mrs. William E. Godwin and children Myrtle Emma, Eddie and Lynn, spent the week end with Mrs. Godwin's sisters, Mrs. Bertha Sams and Mr. and Mrs. O. C. Childers, Lockhart, South Carolina.

The Court House Volunteer Fire Department held their annual Picnic, Sunday, August 21, 1960, at Mr. Frank Kellam's cabin on Knott's Island.

The Girl Scout Troop 254 on Tuesday, August 18, visited the Bird Refuge at Back Bay, Virginia. They hiked from Sandbridge. The troop leader is Mrs. Raynolds. The following girls went: Debbie Hunt, Lella McDonald, Myrtle Emma Godwin, Susan Burtin and Denise Reynolds.

Mr. Calvin Upjohn Jr. has returned home from the Paul Hospital where he was under observation.

Mrs. Beulah Barnes is in Norfolk General Hospital.

Professor Cleon Harrell of North Carolina State College is visiting his mother, Mrs. Mabel Harrell.

Mr. and Mrs. Cary Myers and daughter, Jean, of Madison, New Jersey, are visiting Mrs. Myers' parents, Mr. and Mrs. Calvin Upjohn Jr.

Mr. Danny Dunagan is spending a few days with Mr. and Mrs. R. Gettall, Ocean Grove, New Jersey.

Real estate developer John Aragona Thursday sold his half-interest in Aragona Village Shopping Center for \$250,000.

The sale was made to a former partner, Emilio Olivieri, through Clam-O Realty Corp., of which Olivieri is president. Aragona explained the sale simply: "I wanted to get out of everything I own in partnership. I'm putting all my energies into the new Anne Plaza."

Princess Anne Court House News

PAT GODWIN

Mr. and Mrs. George Hornbake has as their guests Mr. Hornbake's mother, Mrs. Eleanor Burns and Mrs. Edna McCreary from Washington, Penna., and Mr. and Mrs. Glenn, Edminger from Monongahela, Penna.

Mr. and Mrs. William E. Godwin and children Myrtle Emma, Eddie and Lynn, spent the week end with Mrs. Godwin's sisters, Mrs. Bertha Sams and Mr. and Mrs. O. C. Childers, Lockhart, South Carolina.

The Court House Volunteer Fire Department held their annual Picnic, Sunday, August 21, 1960, at Mr. Frank Kellam's cabin on Knott's Island.

The Girl Scout Troop 254 on Tuesday, August 18, visited the Bird Refuge at Back Bay, Virginia. They hiked from Sandbridge. The troop leader is Mrs. Raynolds. The following girls went: Debbie Hunt, Lella McDonald, Myrtle Emma Godwin, Susan Burtin and Denise Reynolds.

Mr. Calvin Upjohn Jr. has returned home from the Paul Hospital where he was under observation.

Mrs. Beulah Barnes is in Norfolk General Hospital.

Professor Cleon Harrell of North Carolina State College is visiting his mother, Mrs. Mabel Harrell.

Mr. and Mrs. Cary Myers and daughter, Jean, of Madison, New Jersey, are visiting Mrs. Myers' parents, Mr. and Mrs. Calvin Upjohn Jr.

Mr. Danny Dunagan is spending a few days with Mr. and Mrs. R. Gettall, Ocean Grove, New Jersey.

Real estate developer John Aragona Thursday sold his half-interest in Aragona Village Shopping Center for \$250,000.

An ordinance that would penalize persons starting construction or plugging work before procuring county permits was passed on first reading.

Princess Anne County Board of Supervisors

(Continued From Page One)

for a written statement from the board saying the county will maintain the channel after the Engineers dredge it.

St. T. Barco, former State Highway Department employee recently appointed Princess Anne County engineer, will start work Sept. 1, the board was told.

An ordinance that would penalize persons starting construction or plugging work before procuring county permits was passed on first reading.

"21"

By DAN HALLIGAN

(The paper Dan Halligan will be glad to answer questions submitted by teen-agers and children. Send them to him at Box 128, Williston, N. D. For personal replies please enclose a stamped, self-addressed envelope.)

Dear Dan: I'll be a junior in college this Fall and am telling you that so you'll know I'm not an old man of 90 when I say I don't smoke. My parents don't smoke and I guess that is mainly why I feel as I do about smoking.

Smoking is my problem with my girl. She's a 1960 high school graduate and is sensible in everything else except smoking. She says she smokes with her parents' permission (and she has it) and as much as she cautions for this, doesn't intend to give up smoking, even after we're married next summer.

We're both pretty stubborn, I guess, but unless she does give up tobacco for me, I just won't marry her. Am I being unreasonable, keeping in mind that I've been brought up to look at smoking as something harmful and sinful. Please give me your opinion—R.O.G.

Dear R.O.G.: You're not only being unreasonable, but quite childish. I'll agree with you that people who smoke are far worse off, financially and health-wise, than nonsmokers but I don't think you should have gone as far as saying you wouldn't marry your girl unless she gave up smoking for you.

I don't think smoking should play that important a role in a young couple's future life. Frankly, I think your girl should give up smoking, not especially because you've demanded it but because she'll look like more of a lady by not smoking. However, there are far worse things a teenage girl can do and as long as she has her parents' okay, while you and I may not approve, at least she's being honest.

Your girl and you will have to work this one out yourselves but unless one of you gives a little, I certainly don't think you should consider marriage or even going together anymore.

Dear Teen-Ager and Parents: Quite a large number of you have written and praised a recent column devoted to waging a war on trashy books and magazines. Letters of praise are always welcome, as well as critical letters, but remember, it will take action on a community level to rid your local newsstands of the literary trash. You've got to fight the "disease" as a resident of your community, ready to stand up and be counted.

Don't wait for Congress to enact mail legislation. Clench your fists and pound a few deak tops and newstand counters in your home community. Unite into a massive group whose voice cannot be ignored. When you do these things, you'll probably get more action than you ever dreamed possible.

Dear Dan: I'm a young girl of 17 going steady for the first time. Maybe I'm not as smart as I should be and that's why I'm writing. My

friend has told me most of his friends who are dating steady usually spend at least one-third to one-half of each date parked and alone.

I don't mind, kissing my boyfriend goodnight, several times too, but I've always considered girls who park on a date as only making for trouble. My steady says my idea is all wrong and we're asking you to refer this question for us. Thank you—Phyllis.

Dear Phyllis: A girl can park on a date without being considered cheap or asking for trouble. The difference in parking with a boy depends on the boy himself, the number of times a girl and boy park during a given week, for what length of time on a date, where and just what takes place while parked.

In other words, a girl is pretty much on her own when she parks if she does get into trouble, has only herself to blame. No matter how steady a couple is, I don't advocate a two-hour "parking" match and also believe this idea of "we can condense our smoking" is a lot of bunk, maybe your mother might have something to say on this matter.

Dear Dan: I think I'm old enough to date at 15 but my parents think otherwise. I like one boy more than any other. I think I'm in love with him but he doesn't know it. Please help me decide what to do—Warrenton Girl.

Dear Warrenton Girl: A girl of 15 shouldn't allowed an occasional date but with the attitude you've got, thinking you're in love with a boy, perhaps it's just as well you don't date for a while.

This is an extreme example, I know, but just supposing this boy did date you and asked you to park. Because you feel so strongly about him, you just might and you might get into trouble.

Fifteen-year-olds should date for the movies, bowling, sports events and the like without personal feelings entering into the date, other than liking a boy's company and having him with him. Generally, teenage girls at 14 should be allowed to date now and then.

Army Officer Parade Marshal At Darlington

Allen (Rex) White, the Spartanburg, S.C. 34-year-old who is today's star of the national stock car title, was one of four race drivers to sign today for the Labor Day Southern 500-mile classic at Darlington Raceway.

The others to throw their helmets into the \$50,000 ring are Joe Eubanks, also from Spartanburg, S.C. (Crawfish) Crider of Florence, S.C. and Gerald Duke, College Park, Ga.

White will drive his winning 1960 Chevrolet, Crider a Ford and Duke a Ford Thunderbird. Eubanks did not announce his car.

The national point leader, White, has seen his point lead dwindle to champion Lee Petty, until only 1,700 points separate the two leaders. The 500 will pay the winner 2,000 points this year and Petty, as well as his son Richard and Bobby Johns of Miami, Fla., could take over the lead with a strong finish in the eleventh Southern 500, providing White turns in a poor showing.

The former Marylander has never had a bad race at Darlington, however. His best finish was 7th in 1955 and the worst, 28th in 1957. However, White has had a third and a fifth in the Darlington spring Rebel 300.

Eubanks is one of the Southern

General H. D. Ives, the new Commanding Officer, Fort Jackson, S. C., has been named Parade Marshal for the eleventh Southern Festival in Darlington, September 3, according to Harold King, director of South Carolina's largest parade.

General Ives will also serve as the Honorary Chief Steward at the Labor Day Southern 500-mile stock car classic, the southeast's largest sporting event, with the week-long celebration and race being dedicated to the United States Army.

General Edwin Pollack, USMC, was Parade Marshal and Chief Steward last year when the holiday events were dedicated to the Marine Corps.

The parade, climax to the week of celebration honoring the old South, will feature model units from the Army, led by the Fort Jackson band. An estimated 61,000 people viewed the parade last year.

The two-hour parade starts at 11 a.m., Saturday morning, and ends prior to the final day of time trials for the Labor Day Southern 500-mile racing classic.

600 veterans having carded 2717 miles in the annual fall classic to state twelfth among all drivers. Crider drove his first race at Darlington in the Rebel 300 while Duke will be a first-time starter and must pass a drivers test. Seven makes of automobiles are listed among the first thirty entries and all but six are 1960 models. Ford leads the list with ten, Chevrolet, winner in four of the last Southern 500s, seven, Pontiac, Oldsmobile and Plymouth three each with Dodge and Thunderbird favored by two.

SUN-NEWS

Soldier and His Medals

This is Army PFC James E. Newnam, son of Mr. and Mrs. James B. Newnam, 430 Eleventh Street, Virginia Beach, shown with his medals and awards he has received in the Army. He recently represented the Fourth Armored Division in the VII Corps LeClerc marksmanship matches held in Grafenwohr, Germany. Young Newnam attended Oceana High School and entered the Army in 1958.

Sachon Showing Optimism Over Prospects for P.A. Cavaliers

Optimism is in the air at Princess Anne High School as the start of football practice opens there today as it does at most area high schools.

Coach Pete Sachon, looking to the return of 14 lettermen, says "this is the finest group I've had

at Princess Anne." This may spell trouble for opposing coaches this fall.

The Cavaliers must prepare for a back-breaking schedule that does not include a single "breather." They open against Great Bridge's Wildcats on September 16 at Great Bridge. This club beat the Cavaliers last year by a lone touch down.

Topping the list of returning lettermen in the Cavalier camp is all-Tidewater End Billy Boyce. Other outstanding returnees are back Gary Eddy and Jim Jones, tackle and captain. Other lettermen returning are backs Herbert Culpepper, Lonnie Everett, Robert Miles, Douglas Miller and Richard Fuller.

Linebackers being counted on are Steven Barnes, Charles Boyce, Steve Miller, Julian Swain, Richard Garriott, Joe White and James Crute.

The complete schedule follows: Sept. 16—Great Bridge—Away Sept. 23—Norview—Home Sept. 30—Crabtree—Home Oct. 7—Churchland—Home Oct. 14—Hampton—Home Oct. 21—E. C. Glass—Home Oct. 28—Suffolk—Away Nov. 4—Crabtree—Away Nov. 11—Wilson—Away Nov. 18—Warwick—Away

51 Youth Loops Join National Softball Group

Approximately 4,000 teen-age players completed in 51 leagues registered this year by Virginia Amateur Softball Association in the Amateur Softball Association of America's Youth Program.

There were 16 girls' leagues, an all-time high in Virginia, and 35 boys' leagues. Of 287 teams, 72 were composed of girls and 185 of boys. There actually were 1,147 girls and 2,705 boys—a total of 3,852 players.

Virginia registered 7 leagues and 42 teams (630 players) in the pioneer 1957 season; 54 leagues and 308 teams (4,635 players) in 1958 and 34 leagues and 148 teams (2,810 players) in 1959. August 1 has been the final registration deadline the past two years.

In addition to league and team certificates, each player received free of charge a membership card and a shoulder patch. Strips showing league champions also were given to each player on winning teams. There was no entry fee for teams in this program.

Leagues were registered by State Softball Commissioner Hank Wolfe from Princess Anne County, Virginia Beach, Sandston, Glen Lee, Highland Springs, Newport News, Hampton, Roanoke, Salem, Danville, West Point, Appomattox, Richmond, Covington, Farmville, Woodstock, Norfolk, Petersburg, Suffolk, Mt. Solon, Chambersburg, Colonial Heights, Charlottesville, Dinwiddie, Keyville and Staunton.

Jimmy Paschal Poses Question For "500" Race

Will Jim Paschal, the High Point, N. C., veteran Sphinx, get the third Petty Plymouth to drive in the eleventh Southern 500-mile stock car race at the Darlington Raceway?

Many think the capable Tar Heel veteran will be the choice of the old fox, National Champion Lee Petty, to drive the third car of his money-making three-car Plymouth team in the \$65,000 race.

Petty's second driving son, Maurice, made his bow to Grand National racing on August 6 finishing a very creditable eighth, at Birmingham but if the titular head of the three-generation Petty clan follows precedent he will deny his rookie son the chance to drive a big one until he has a year's experience on the tight dirt circuit. Richard, now in the fight for his Dad's national crown, was held out of the long races and big tracks until he won his spurs on dirt.

If Paschal drives the car, which he did at Atlanta and added \$1,185 to the Petty ladder with a sixth place, tops for the team, another longevity record will be maintained in the classic Southern 500. Paschal is one of four drivers who have driven in all ten Southern 500s and stands third in total number of miles driven.

Five more entries, including two rookies who must face Pure Race Club scrutiny in driving tests before attempting a qualifying run, signed today for the Labor Day speedfest. Heading the list is Jimmy Thompson, Monroe, N. C., veteran who is eighth among the all-time mileage leaders. Thompson will drive a Ford Thunderbird. Herby Tillman, Miami, Florida, will drive a 1960 Chevrolet and Herman Bean, Johnson City, Tennessee, a 1960 Ford. Those facing a driving test are Jimmy Pardo, N. Wilkesboro, N. C., in a Dodge and Charlie Wickensham, Longport Key, Florida, an Oldsmobile.

Twenty-six have now signed for the holiday classic. WESTERNERS ENTER Veteran Marvin Porter, Lakewood, California, and two other Westerners, Jim Cook, Norwalk and Charlie Chapman, Compton, California, are among the latest stock car drivers to file an entry for Labor Day's Southern 500-mile classic at Darlington Raceway.

The historic race was won by a California, Johnny Morris, when inaugurated in 1950. Since then the California division of NASCAR have sent their point leaders to the stock car world series each year in an effort to land the title. Edie Egan, Lynwood, in 1957 came the closest to turning the trick when he led the race but dropped to fifteenth at the finish when his motor heated. Pagan won the pole position for the 1958 Southern 500 and also led that race until he blew a tire and went over the first turn guard rail.

This will be Porter's fourth Southern 500. Cook and Chapman will be making their first start in the \$65,000 race.

Two others, Bunkie Blackburn, Fayetteville, N. C., and Jim Whitman, Woodridge, N. J., have also entered the big race. Porter, Chapman and Blackburn will drive 1960 Fords. Cook and Whitman 1960 Dodges.

Today's entries bring the field to forty cars and drivers, ten short of the 50-car limit with entry deadline Wednesday midnight. Bob Colvin, Darlington's general manager, said he expects the 68-car total that entered last year to be surpassed when time trials start August 31.

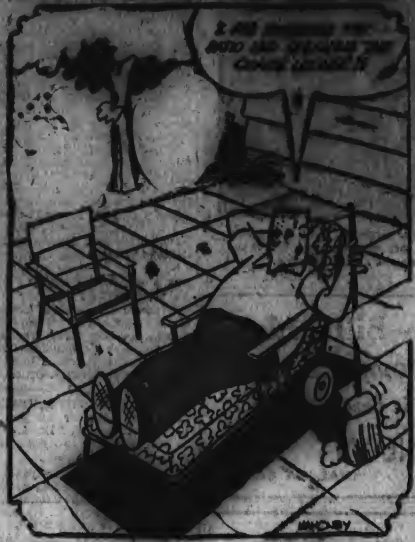

Ford and Chevrolet dominate the entry list with thirteen and twelve entrants. Dodge has four, Pontiac, Oldsmobile and Plymouth three while Thunderbird has a pair of entrants.

LOCAL MIDSHIPMAN COMPLETES CRUISE

Midshipman first class T. S. Ellis, son of Mr. and Mrs. Thomas S. Ellis of Goodspeed Road, Virginia Beach, a student at Princeton University, Princeton, N. J., is one of the 150 midshipmen from colleges and universities throughout the U. S. who completed their summer training cruise Aug. 12 aboard the Atlantic Fleet anti-submarine aircraft carrier USS Lake Champlain operating in the North Atlantic.

During the cruise the midshipmen received practical "at sea" experience in seamanship, navigation, engineering and gunnery to help prepare them for commissions in the Navy upon graduation from college.

The Lake Champlain visited New York City and Halifax, Nova Scotia before ending the six-week training cruise.

ACROSS the DESK IDEAS FROM OTHER EDITORS

From The South Pasadena Review: It is bad enough that every automotive vehicle in the United States carries an annual State-federal highway use tax burden of an estimated \$121. It is bad enough that the nation's vehicle operators last year paid out a record \$8,500,000,000 in such taxes. It is bad enough that \$1,700,000,000 of the federal government's \$4,000,000,000 in levies comes from its tax on gasoline.

What makes these figures even more irritating to vehicle owners is the fact that of the federal government's \$4,000,000,000 in collections last year, more than \$1,600,000,000 went into the general fund, for non-highway use. That is nearly 48 per cent of the total federal automotive tax. And it almost exactly equals the total of the federal gas tax.

In view of this diversion of automotive tax funds, it is appropriate that Congress not act to increase the gas tax this year. Congress also should permit the "temporary" one-cent increase it imposed last year to terminate on June 30, 1961, as scheduled. Motor

vehicle owners should carry their full share of the highway cost burden, but it is difficult to defend a "one" tax that isn't used for that purpose.

From The Independent, Fayetteville, N.C.: The Hawaiian legislature has distinguished itself by being the first to ratify the 3rd Amendment to the Constitution. This is fitting, since the people of Hawaii will themselves vote for president for the first time in November.

Now it is up to the rest of the states to declare their approval of this amendment which grants citizens of the District of Columbia the right to vote for president and vice-president. Some opposition is bound to be heard, but logical grounds for it are hard to perceive. This disenchantedness of any body of citizens simply does not jibe with what is right in a democracy.

Only three-fourths of the states are needed to ratify the amendment. But let us hope that many more states that will do so—and promptly.

By C. A. Dean, M. D.

MEDICAL: Care of the aged is a point of great dispute, in and out of government circles. As you might suspect, my recent article on the subject provoked much debate among my readers. If I can judge from my mail, but I think there is some misunderstanding of my position, which I hope to clear up.

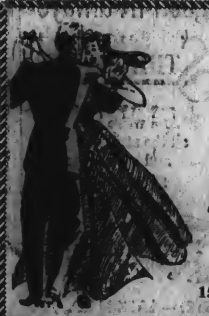

Mr. J. K., aged 50, is representative of the dissenters. He wrote: "You say the family should care for its oldsters. What if you have none? I receive a small pension, for my wife and myself, and it isn't enough. All I want is medical and housing help, and you, for one, are against it. Why not suggest a firing squad? Or let them commit suicide. It's too bad we old people have to read something like this in the newspaper."

If Mr. J. K. would read my column he would find, contrary to what he thinks, my endorsement of medical care for the aged. Also, I didn't say the family alone should do the job, but that it was an "individual, family problem." And a problem it is!

The one thing I disagree with in the government's assumption of this role, I still think this should be done on a private basis, both by the individual's preparation for old age (through savings, insurance, pensions) and by the family.

Further, if outside help is to be given it should come at the local level, from hospital clinics, local public health facilities and the like and through private health insurance.

I certainly don't mean to imply that I have all the answers to this problem because I don't. Many others, wiser than I, are wrestling with it and they have no definite solution. I hope it won't be too long, however, before they do.

Charlotte Taps Bowling Expert

Charlotte Taps was the first and second runner in the women's class Sunday in the annual Great Bay event and Daphne Edmonson duplicated her success, winning in the penultimate class.

Ray Fritz, one of the series leaders, ran into trouble in the first corner race when he broke the tiller on his craft. He repaired it between races and finished second to Charlotte in the second corner race.

Collie Ankum finished third in both corner races and John Hundt, Jr. was second in the first race. The one two, three finishers were the same for both penultimate races. Edmonson was first, Bill Bennett was second and Lee Doggett finished third.

For the day Charlotte had high points of 612 in the corner class and Edmonson garnered five in the penultimate races.

There may not be as much cream in coffee as there used to be, but Americans fill this gap by using increased amounts of milk-cream mixtures, such as half and half, two-thirds, what it was during the late 1930's and during World War II.

Boosting Your Insurance

Here is a sound Rule-of-Thumb that every property owner can follow: If your fire insurance has been in effect for a number of years without review or revision, it's an odds on bet that you are seriously under-insured.

Since 1945, the statistics show, the cost of home building has just about doubled so if your home was insured in 1945 and you have not increased the amount of insurance that you carried as of that date, you can imagine what could happen to your pocketbook if fire strikes.

What is true of your home itself is true of practically everything inside it. For instance, the cost of household furniture, clothing, appliances—almost every item found in the home—has more than doubled since 1940. Then too you have added new furniture, new appliances, T.V. sets, sewing machines, and many other items and you probably have neglected to increase the insurance on your household and personal effects. These "little things" add up to a surprisingly big total when an accurate inventory is made.

The remedy is for you to review your present coverage, the amount of insurance you carry on your dwelling and the amount of insurance you carry on your household and personal effects. Don't be caught half-insured in the event that disaster strikes you.

We would be pleased for you to consult us to see if the amount of insurance you are now carrying is in line with present day values.

VEPCO Income Shows Increase

Net income of the Virginia Electric and Power Company during July rose 12 per cent over July a year ago, Vepco President A. H. McDowell, Jr., said today.

The company's operating revenues for July were up 4.9 per cent over the same month in 1959. Net income last month was \$2,479,000 compared with \$2,180,000 in July, 1959. Operating revenues were \$13,755,000 compared with \$12,553,000 in July a year ago.

McDowell reported earnings of \$1.83 per share of common stock for the current twelve months, based on 14,910,000 shares outstanding July 31, 1960.

An increase of 21,700 electric customers and 3,000 gas customers was noted over the previous year. The company now has approximately 754,000 electric and 99,000 gas customers.

Vepco's Board of Directors recently authorized the sale of \$25,000,000 of First Mortgage Bonds at competitive bidding, scheduled for September 12. The sale's net proceeds will be used to help finance the 1960 construction budget of \$38,000,000, McDowell said. Vepco has spent approximately \$33,000,000 on its construction program during the first seven months of this year.

A fourth generating unit was placed into operation in May at the company's Chesterfield Power Station, raising that station's total generating capacity to 370,000 kilowatts. The new unit was completed at a cost of approximately \$20,000,000.

Two more generating units are under construction at the company's Portsmouth Point Power Station and the Portsmouth Station. These units are scheduled for completion in 1962 and will add 400,000 kilowatts to Vepco's system.

The first steps in building the company's second major hydroelectric power station, on the Roanoke River in North Carolina, began recently. The erection of construction and equipment buildings has started, and excavation and construction of the dam and power plant will begin about September 1.

The 200,000 kilowatt project will be located about eight miles upstream from the company's present hydroelectric station at Roanoke Rapids, N. C., and is expected to be completed in the spring of 1963.

In addition, Vepco and three Carolina utilities are building the Southeast's first atomic power plant at Farr, South Carolina. Site preparation at the project began earlier this year and the plant is expected to be completed in 1962.

Meet Hofheimers playful Capuchin Monkeys, left to right, "Virginia" and "Princess." They are happy in their own air-conditioned cage and will soon be joined by another. They will be at Hofheimer's new Linkhorn Store from now on and would like to see you.

The National Outlook

In the first quarter of this year business profits before taxes on an annual rate were \$48.8 billion. That is an enormous figure, but it must be remembered that just about one half of it has to be paid to the federal government in taxes. Also, it should be recalled that in making up the federal budget it was estimated that corporate income before taxes this year would be \$51 billion.

As yet we do not have even a preliminary official estimate for profits for the second quarter. Enough corporate reports have been published, however, to make it clear that there has been a decline from the volume of the first quarter.

Among the various private organizations which follow business profits with great care is the First National City Bank of New York. In the August economic bulletin of this bank a tabulation by industries is given for 721 non-financial corporations. This is a large enough group to be taken as representative for corporations as a whole.

The tabulation shows that for the entire group profits in the second quarter were 3 per cent below those for the first three months of the year. It also shows that they were 12 per cent below the second quarter of 1959. This latter figure is not too important because, in anticipation of the steel strike, profits were high in the second quarter of last year.

There is a wide variation in the profit record as between various industries. As would be expected the greatest decline is in the iron and steel industry—29 per cent. This is closely followed by a 23 per cent decline for railroad earnings. Both of these are comparisons between the first half of 1960 with the same period for 1959. On the same basis the most favorable showing was by service and amusement companies—13 per cent—followed by the telephone and telegraph industry which recorded a 9 per cent increase, and then the utility industry by a 7 per cent improvement. For the manufacturing group as a whole which covers the reports of 533 companies, profits declined 6 per cent from the first half of 1960.

The explanation of this general drop of profits varies from industry to industry, and actually from company to company. In the case of the iron and steel industry, for example, there has been a marked drying up of demand. The automobile industry profits have been hurt by compact cars taking a large share of the market. Railroads have been unable to get the volume of freight they need for a reasonable profit level. Home appliance manufacturers have found it necessary to make concessions

to hold volume, and the reduced level of construction has hindered the profit figures in that industry.

Among the factors which have influenced pretty much all companies are intense competition, an inability to raise prices because buyers will not pay more, and a constantly rising cost of production.

What of the future? Will profits continue to decline or may we look for at least a moderate upswing?

The over-all answer is that, unless we go into a recession, profits will improve, and there is at present no evidence to justify assuming that we are on the verge of a recession. The amount of the improvement of profits necessarily will vary from industry to industry, depending in a large measure upon the ability of management to keep its costs in line and the volume of business that can be done. But we shall not reach the \$51 billion pretax figure for the year as a whole. That could be done only by the development of a boom, and we are not going to have a boom this year.

Local Officer Is Promoted At West Point

WEST POINT, N.Y. Aug. 17. (Special)—Captain William Y. Epling, son of Colonel (Ret.) and Mrs. F. G. Epling, 150 Pinewood Rd., Virginia Beach, Va., was promoted to his present rank at the U.S. Military Academy, here, on Aug. 9.

Cap. Epling, at 1954 graduate of West Point, is an instructor in the Department of Electrical Engineering. Prior to his arrival here in June he attended North Carolina State College, where he received a Master of Science degree. He has served in Germany and holds the American Defense Service Medal.

He is married to the former Jean Dolan of Astoria, N. Y. They have three children; Jean Elizabeth, 5, Diane Marie, 3, and William Y., Jr., 1.

Weight watchers will be interested to know that dairy foods are relatively low in calories. At the same time, no other food group furnishes the quantity and diversity of essential nutrients as do dairy foods. In other words, they're packed with more nutrition per calorie.

Plans Underway For 1961 Lotus Festival Event

The 1960 Lotus Festival, project of the Cape Henry Woman's Club, was a huge success and the Festival Committee had worked up such enthusiasm and zeal that they have already started making plans for the 1961 Festival.

Mrs. H. O. Freeman, President of the Cape Henry Woman's Club has chosen for Lotus Festival Chairman, Mrs. Leonard Hittesheim. The following Committee Chairmen have been named to assist her.

Co-Chairman—Mrs. W. H. Stith; Communications—Mrs. Cecil H. Reed; Advertisements—Mrs. E. W. Regel; Corresponding Secretary—Mrs. Victor Creech; Band Concert—Mrs. H. O. Freeman; Ball Decorations—Mrs. T. C. Fuhbeck; Hostess—Mrs. George Webber; Parade—Mrs. Raymond Schumacher; Patrons—Mrs. M. M. Bateman; Publicity—Mrs. A. C. Clark, Jr.; Treasurer—Mrs. Arthur James Posters—Mrs. Kenneth Seay; Tickets—Mrs. Gilbert Keene; Queen Talent Contest—Mrs. L. C. Brennan; Street Dance—Mrs. J. L. Strole; Program—Mrs. Ralph DeMarco.

The Committee was entertained at a Coffee Party at the home of Mrs. Freeman, early this month, and tentative plans were discussed. The 1961 Festival date has been set for July 22nd through 29th.

MR. CARROLL TO FILL CHURCH PULPIT

Mr. Walter N. Carroll, supervisor of elementary education in Princess Anne County, will be the preacher at the Francis Asbury Methodist Church, this Sunday, August 28. Mr. Carroll is a certified lay speaker in the Norfolk District of the Methodist Church.

The Francis Asbury Church meets in the John B. Dey Elementary School, Great Neck Road, each Sunday at 11:00. The Rev. Edward J. Taylor is pastor.

Super Summer Supper:

Isn't it wonderful to be able to serve a quick-easy meal these hot humid nights. Especially one that is balanced, nutritious and so delicious as this Crabmeat Rice Salad. Made with packaged pre-cooked rice it requires no real "cooking" at all — good news which means you're out of the kitchen in no time at all.

Serve this hearty, flavorful salad meal to your family tonight. They'll love it, and you'll make it again and again.

Crabmeat Rice Salad

1/2 cup packaged pre-cooked rice	1/2 teaspoon salt
1/2 cup boiling water	1/2 teaspoon pepper
1 cup mayonnaise	2 cups (6 to 7-ounce cans) crab meat, drained and flaked
1 1/2 tablespoons diced pimento	1 1/2 cups diced celery
1 1/2 teaspoons lemon juice	3/4 cups cooked peas

Add packaged pre-cooked rice and 1/2 teaspoon salt to boiling water in saucepan. Mix just to moisten, stir rice. Cover and simmer from heat. Let stand 20 minutes. Then uncover and let cool to room temperature.

About 3 hour before serving.

Combine mayonnaise, pimento, lemon juice, 1/2 teaspoon salt and the pepper, mixing well. Combine crab meat, celery, and peas in a bowl. Stir in the mayonnaise mixture. Then add the rice and mix lightly with a fork. Chill. Serve on crisp lettuce. Makes 8 or 9 servings.

Season 2 cups bread crumbs or cracker crumbs with 1/2 teaspoon salt. Moisten with 1 tablespoon Worcestershire sauce and 2 tablespoons melted butter or margarine. Make enough dressing for two lobsters.

Foods from the sea are so good for you, they have protein values at least equal to and in some cases greater than meats. Fish are rich in iodine and in the B vitamins. Here are some interesting "Fishy Facts" from the National Fisheries Institute.

More than five billion pounds of fish and shellfish are caught commercially for food in the United States each year.

A "dressed fish" is ready to cook in the form in which you buy it, as it has been cleaned, with insides and scales removed. Usually head, tail and fins have been taken off also, although some people like to cook their fish with head and tails left on.

Fish, which have lived on the earth longer than any other backboneed animal, have brains similar to, but simpler than, the brains of other vertebrates.

Minerals contained in fish are comparable to those found in muscle meats, except that salt-water fish contains more iodine. Most shellfish are good sources of

Personal Mention

Mr. and Mrs. Monroe Shull of Ridgefield Park, N.J., are visiting Mr. and Mrs. Glenn Dull at their home on High Point Ave.

Mr. and Mrs. W. F. Maser Jr. and their two sons, of Richmond, will spend this weekend with Mr. Maser's parents, Mr. and Mrs. John B. Norfleet on 53rd Street.

Mr. and Mrs. Robert R. Huntley and two children, of Lexington, are spending several weeks with Mrs. Huntley's parents, Mr. and Mrs. Eldridge Whitehurst in Bay Colony.

BIRTHS

Mr. and Mrs. Andrew E. Branch announce the birth of their third child, first daughter, Frances Elisabeth, on Aug. 12 at DePaul Hospital. Mrs. Branch is the daughter of Mrs. Caroline E. Branch of North Alantam. Mr. Branch is the son of Mr. and Mrs. W. B. Branch of Lynchburg.

Mr. and Mrs. Robert Saunders Stroud of London Bridge announce the birth of their fourth child, fourth son, Jonathan David, on Aug. 9 at Norfolk General Hospital.

MAGAZINE FEATURES

LESLEY WOOD LETTER

Lesley Wood, 8 years old, of Virginia Beach, has written a "letter to the editors" which is featured in the September issue of Jack and Jill magazine. It was chosen from many hundreds of letters sent in by children from all over the world.

Lesley, who lives at 141 Pine-wood Road, will receive a copy of the "Jack and Jill Round the Year Book," a children's anthology containing some of the best stories and verse that have appeared in Jack and Jill during the last twenty years. Each month the editors will award a copy of this book to the children whose work appears on the North, South, East, West page.

Lesley writes to Jack and Jill about her adventures with a squirrel.

Williamson-Ring Vows Exchanged Here Saturday

Miss Franklyn Roberta Williamson and James Kirk Ring Jr. were married Saturday at 4 p.m. in Eastern Shore Chapel.

The ceremony was performed by the Rev. George Field of St. Stephen's Episcopal Church in Norfolk. The bride is the daughter of Mr. and Mrs. Benjamin Franklin Williamson Jr. The bridegroom is the son of Mr. and Mrs. James Kirk Ring of Roanoke.

Given in marriage by her father, the bride wore a gown of silk organza and lace over satin embroidered with lace appliques and seed pearls, fashioned with a bertha collar. The bouffant skirt, featuring lace panel skirts, ended in a chapel train. Her veil of illusion was arranged from a double crown of sequins and pearls. She carried a white prayer book topped with white orchids and stephanotis.

Mrs. G. W. Russell of Roanoke was matron of honor. The bridesmaids were Misses Patricia Gilliam of Virginia Beach, Androniki Tripolis of Charlottesville, Beverly Sykes of Norfolk and Berkeley Hall. James Kirk Ring was best man for his son. The groomsmen were George Russell and John Langhammer, cousin of the bridegroom, both of Roanoke; Ray Hanlein of Washington, and Robert Williamson, brother of the bride.

A reception was held at the Oceana Naval Air Station Officers Club. When they return from a wedding trip to Irvington, the couple will live on Mudlick road, Roanoke.

Mrs. Sherwood Churn, of Petersburg, is spending a week with Mrs. George S. Bernard at her cottage on 61st Street. Mr. Churn will join them for the weekend.

Emerson Plank III and Ernest Plank of St. Louis, Mo., are spending two weeks visiting their grandparents, Mr. and Mrs. Emerson Plank, Sr., at their home on Bay Colony Drive.

Recent Bride

Mrs. James Kirk Ring, Jr.

Personal Mention

Capt. and Mrs. Pullan T. Burke Jr. and their three children, who have been residing on 53rd St., left last week to make their home in Annapolis, Md., where Capt. Burke has been ordered for duty.

Mr. and Mrs. George Gilliam and their three children will spend this weekend in Franklinton, N. C., with Mrs. Gilliam's mother, Mrs. A. H. Vann.

Steve Waldrop, son of Mr. and Mrs. L. S. Waldrop of Salem, returned today to his home after spending a week with Mr. and Mrs. G. S. Jordan in Bay Colony.

Mr. and Mrs. Charles L. Sale and children, Mary and Latone, who have been living on Woodland Drive, Bay Colony, will leave next week to make their home in Williamston, N. C.

Mr. and Mrs. W. Wardlaw Thompson Jr., and four children of Richmond, are spending two weeks at the Thompson cottage on 60th Street.

Mr. and Mrs. Richard B. Spindle III, and their three children of Norfolk are spending a month with Mrs. Spindle's mother, Mrs. Katharine Anderson at her home on 72nd Street.

Comdr. and Mrs. James T. Alexander and two children, who have been residing on Woodland Drive, Bay Colony, will leave next week to make their home in Caryle, Pa.

Mr. and Mrs. Howard A. Holland and young son, Russell, returned Wednesday to their home in Winchester after spending several days with Mr. and Mrs. J. Peter Holland III, in Bay Colony.

Mr. and Mrs. Hugh S. Meredith and children, Anne Leighton and Robert, have been spending two weeks at High Hampton, N. C. They will return home this weekend accompanied by their son, Hugh S. Meredith Jr., Welton Anderson and Richard F. Welton Jr., who have been spending six weeks

at Camp Sequoyah in Asheville, N. C. Young Miss Jane Carver accompanied Mr. and Mrs. Meredith on their trip.

Mrs. Mary Paul Chamberlin and son, Paul, of Arlington, spent last weekend visiting Mr. and Mrs. Albert V. Crosby Jr., at their home on 58th Street.

Mr. and Mrs. Walter L. Renn Jr., who have been living in Hampton, will move next week to their newly completed home on Chumley Road, Bay Colony.

Mr. and Mrs. John Colburn of Richmond spent last weekend as the guests of Mr. and Mrs. William S. Anderson in Bay Colony.

Mr. and Mrs. Herman A. Albers and sons, John and Stephan, who have been living in Arlington, recently moved to their new home on Crystal Lane, Cavalier Park.

Senator and Mrs. Charles Fenwick of Arlington are spending two weeks at the Breakers Hotel.

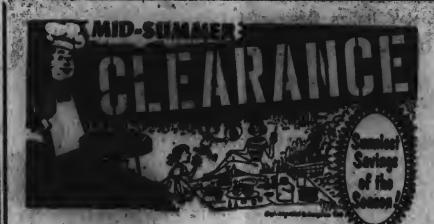

Mrs. Raymond S. Tompkins, of Baltimore, is visiting Mrs. Stuart Johns at her home on Hilltop Road.

Mr. and Mrs. Tench Tilghman, of Blackburg, are visiting Mrs. Tilghman's sister, Mrs. John C. Dinmore Jr., at her home on 47th Street extended.

Capt. and Mrs. Frank Wilson and three children of Washington are visiting Mrs. Florence K. Turner at her home on 50th Street.

Peggy Ann Tyler Becomes Bride of Ernest D. Seneca

The marriage of Miss Peggy Ann Tyler and Ernest Davis Seneca took place August 20, 1960 at 3 p.m. in Salem Methodist Church.

The Reverends Arthur W. Ayres and Wilbur N. Todd performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. James Edward Tyler. The bridegroom is the son of Mr. and Mrs. Ernest McCoy Seneca.

The bride was given in marriage by her father. She wore a gown of silk organza and lace extending into a chapel train. A matching crown held her fingertip veil of silk illusion. She carried a cascade bouquet of stephanotis and white rose buds centered with a white orchid.

Mrs. Joseph Clinton Monds Jr. was matron of honor for her sister. Bridesmaids were Misses Joan Ann Burnett, Alma Jean Wright and Mary Sophia West. The father of the bridegroom was best man. Groomsmen were James F. White, Carl T. Christian, Jr. and C. E. Harris, Jr. The couple will reside at 213 Washington St., Blacksburg, Va., after a wedding trip to the Blue Ridge Mountains.

Miss Anne Allen, William L. Miller Set Wedding Date

Mr. and Mrs. William B. Allen announce the engagement of their daughter, Miss Anne Carey Allen, to William Leonard Miller.

Mr. Miller is the son of Mr. and Mrs. Francis G. Miller. The wedding will take place Oct. 1 at 2 p.m. in Lynnhaven Presbyterian Church.

FOUR THINGS YOU SHOULD DO

If you are a member of an average family, there are four things you can do to secure the future of the other members of the family. And things which each of the others can and should do to secure your future. This is a family matter and each member over fourteen years of age should participate.

The four things are:

1. Make a Will.
2. Own all real estate in joint tenancy with right of survivorship.
3. Have sufficient insurance made out properly.
4. Own A FAMILY MEMORIAL PLOT

Skating Acts Being Featured At Seaside Park

The Skating Regals, perhaps the most popular free act to play Seaside Park each season, are back for the next to the last week of the 1960 summer schedule at the popular Virginia Beach amusement spot.

The Regals have an audience participation act which generally draws the biggest crowd of the season to the Outdoor Stage. They give two performances daily, 2:30 and 8:30 p.m., Monday, August 22, through Sunday, August 28.

With the Labor Day farewell looming two weeks away, Seaside Park continues to maintain the same epic and span appearance it had at the opening. Management of the Park claims proudly to keep the place looking smart down to the moment the gates are closed after the departure of the season's last patron.

Late season patrons are giving the Ballroom a big play. Dancing here is free day and night, with three different orchestras rotating on the stand. The Saints play Monday through Thursday and Saturday night, the Dukes of Rhythm Friday and Sunday night, and Janice Weaver and Her Harmonizers, only band in Tidewater led by a girl, play for the new jam sessions Saturday and Sunday afternoons, 2:30 to 6:00 o'clock.

In 1938 State Senator Charles M. See of Annapolis became the first blind legislator elected to office in Maryland. It was revealed during the "Manpower" radio series produced by the American Foundation for the Blind.

TEEN SCENE

By Ally Oop

Look at the Cave Man. Yes, after last week's torrential rain it finally cleared up and I was able to get out of my cave for the week-end.

Just as I predicted last week I saw many of my friends at the Beach. We have a very interesting Teen Visitor and many turns of interest. So let's look at Teen Scene for this week.

WHO'S AWAY

Carol Colons, of Alantons, spent a couple of days last week in Williamsburg with her parents. Lee Boothe has returned to his home in Danville, after spending his vacation at Virginia Beach.

Susie Kjeldson has returned to her home in New York after spending several weeks at the Beach. Anne and Clark Cockrell have returned to their home in Richmond after spending most of the summer at the Beach.

Judy Miller, of Oceana, is away on a vacation. She is visiting her grandmother in Zebulon, N. C. Susan Hanley has moved to Arlington, Va., where her father has been transferred.

WHO'S HERE

Martha Barnes has returned to her home on 74th Street after spending her vacation at Camp Careybrook.

Fearle Reagan, of Norfolk, is spending several months at her summer home on 81st Street.

Fran and Chan DeBerry, of Norfolk, spent several days last week soaking up the sun at the Cavalier Beach Club.

Peggy Edwards, of Norfolk, is spending a few weeks at her summer cottage on the beach.

Pat Parnell, of Linkhorn Park, has returned to her home after visiting friends in Parkton, N. C. Judy Hucks' cousins, of New Jersey, spent last weekend visiting Judy in Birdneck Point.

Tanner Rose has returned to the Beach after spending last weekend in New York with Randy Lucas.

TEEN VISITOR

This week's Teen Visitor is Sandra Bradley of Long Beach, California. Sandra will be a senior in high school in the fall.

The attractive five feet four inch brunette is very interested in her school affairs. She has been a variety cheerleader for two years. She is a member of the Future Teachers of America club and last year was vice-president. Sandra is also a member of the Art Club and hopes to major in art when she goes to college. Her choice for college is U.C.L.A. in Los Angeles.

Miss Bradley has spent most of her time at the Beach. She has, however, had a little time to play tennis and water ski.

She says she loves the Beach and its friendly people, and hopes to come back often.

Anne and Clark Cockrell have returned to their home in Richmond after spending most of the summer at the Beach.

Judy Miller, of Oceana, is away on a vacation. She is visiting her grandmother in Zebulon, N. C. Susan Hanley has moved to Arlington, Va., where her father has been transferred.

Martha Barnes has returned to her home on 74th Street after spending her vacation at Camp Careybrook.

Fearle Reagan, of Norfolk, is spending several months at her summer home on 81st Street.

Fran and Chan DeBerry, of Norfolk, spent several days last week soaking up the sun at the Cavalier Beach Club.

Peggy Edwards, of Norfolk, is spending a few weeks at her summer cottage on the beach.

Pat Parnell, of Linkhorn Park, has returned to her home after visiting friends in Parkton, N. C. Judy Hucks' cousins, of New Jersey, spent last weekend visiting Judy in Birdneck Point.

Tanner Rose has returned to the Beach after spending last weekend in New York with Randy Lucas.

Lanin Feature At Beach Club

Highlight of the 1960 orchestra line-up, Lester Lanin returns with his orchestra for the third successive season at The Cavalier Beach and Cabana Club. His two previous engagements were marked with such an overwhelmingly enthusiastic reception that their booking is the piece de resistance of the entire orchestra line-up.

Lester Lanin and the words "society band" are synonymous as Lanin has become identified with a distinct society band that has made him the idol of society. His bookings for brilliant functions includes such notable hosts as the Duke of Windsor, Felix Mena, Elia Maxwell, John Hay Whitney, Henry Cabot Lodge, Vincent Astor, Governor Nelson Rockefeller and even President Eisenhower.

Composed of a group of serious professional young men, the Lanin band today features a distinctive glittering style of playing. In the past such top names as Benny Goodman, Tommy and Jimmy Dorsey, Glenn Miller, Artie Shaw and Eddie Duches have been members of Lanin Bands.

Lester Lanin on his two previous engagements at The Cavalier Beach Club has amazed his dancing audiences with the orchestra's easy transition from tune to tune without a single member of the band having any sheet music.

As popular as the danceable music that characterizes his orchestra is Lester Lanin himself who has captivated Cavalier members and their guests with his easy manner, his friendliness and fun-loving attitude on the bandstand. With an almost unlimited repertoire he runs the gamut in each dance sequence with pieces that range from yesterday's favorites to merengues.

Clark, and others.

The Knight's Boys Club of Virginia Beach will hold their weekly dance at the Community House on Saturday night from 8 p.m. until 12 p.m. The rhythm rockers will play. Admission will be 75c.

The Thunderbird Bowling Lanes announce that Junior Leagues are being formed for the winter months. Those interested should contact Joe Phelps at the popular recreation center to sign up for the leagues. It's lots of fun and good exercise too.

Do you know what the fastest growing sport in America is? Miniature Golf, Virginia Beach and Princess Anne County are no exception to this trend. Hilltop, 18th Street and 13th Street are the locations of the local courses. Visit them, it's fun.

Many new attractions are now holding the "Teen" interest at "Putt-N-Green" located in Bayside. It's become a "summer circus of all." "Lions," "Puppy-dogs," "Gun Pete Pirates" and "HulaGirls" are playing the front 18 holes around 6 p.m. nightly. Come down and watch these added attractions and join in the merry adventure with your favorite character. Prizes are given for low scores.

(Send your cards and letters to: Teen Scene, c/o Virginia Beach Sun-News, P. O. Box 607, Virginia Beach, Va.)

BAYSIDE BAPTIST CHURCH

Sunday, August 28, at 8:30 a.m., World Service this Sunday, the church will celebrate "Christmas in August." The young people will bring gift-wrapped packages to church with them. They will be sent to the mission. The church will forward them to the Goodwill Center in New Orleans, La., from which they will be distributed.

At the business meeting of the church which was held August 10 at 8:00 p.m., Mr. Don Boyd was elected chairman of the Building Committee and Mr. W. E. Handy, Sr., was elected co-chairman. Mr. Drew Whitfield was elected Building Fund Treasurer and a member of the church finance committee.

Wednesday night, August 24 at 7:00 p.m., the Sunday School Workers Conference was held at the church. Plans were discussed for promotion day and also the Study Course which is scheduled for September 18-25.

Wednesday night, August 31, at 6:00 p.m., a Family Night Supper will be held at the church. Covered Dishes will be brought and shared and a "variety program" has been planned. The Women's Missionary Union with Mrs. A. D. Young, president, will be charge of the planning.

BAYSIDE LIONS CLUB MEETS

The Bayside Lions Club met Wednesday night, August 17 at Shore Drive Inn with the president, John E. Abelson, Jr., presiding.

The feature of the program was the induction of three new members, Anthony Muller, Ernest W. Gallup and Lloyd Gunter.

"Mac" Wilkins presented International Counselor "Law" Dillon, who inducted the new members. Dillon talked briefly about the history and purpose of Lions Clubs. He stated that during the last year Lions Clubs throughout the world have completed about 2,000 club projects which resulted in rendering a great service to a large number of people. The Lions International has a code of ethics and a set of objects which have proved so worthwhile that they have remained unchanged for over 40 years. In talking to the new Lions Dillon stressed the importance of regular attendance and active participation in all club projects as well as prompt payment of dues.

Zone Chairman "Ed" Lassiter was a guest of the club and pre-

sented attendance pins to club members who had 100 percent attendance records for the past year. Forty four members received these pins. The Bayside Club won an award at the recent State Convention for maintaining a perfect attendance record for the year.

BAYSIDE CHRISTIAN CHURCH

Monday night, August 22 at 8:00 p.m., the new officers of the Women's Society of Christian Service met for a planning session. Mrs. Ernest Gallup is president.

According to the pastor, Rev. G. Julius Rice, the church has recently employed a music director. She is Miss Betty McCauley from Burlington, N. C. She is a graduate of East Carolina College and will be teaching sophomore English at Princess Anne High School this year.

Friday night, August 26, at 8:00 p.m., there will be a general meeting of the Woman's Fellowship at which time the new officers will be installed by Mrs. John Hassell, Superintendent of Norfolk District. The meeting will be held in the new Social Hall of the church.

BAYSIDE JUNIOR WOMAN'S FAMILY PICNIC

The Bayside Junior Woman's Club held their "Family Picnic" Sunday, August 14 at the E. M. Beach at Dam Neck. Soft ball, games and a picnic was enjoyed by the members, their husbands and children.

Mrs. J. E. Powell, president, organized the picnic. Working with her were: Mrs. Gordon Hughson and Mrs. R. L. Ingram.

PERSONALS

Dr. and Mrs. G. H. Cale from Hamilton, Ill., and Mr. and Mrs. J. L. Manley from Fairhaven, N. J., were house guests of Mr. and Mrs. William O. Mitchum, 405 Bradford Avenue, Chesapeake Beach. Mary Mitchum will return this weekend with her cousin, Kathy Manley to Fairhaven, N. J., for a visit.

HOME HEAT AT NEW LOW RATES

Now, without fuss or muss, your Electrical Contractor can replace your present baseboard with new Electric Baseboard painted to match each room. By the first nippy night of fall, you'll be ready with wall-to-wall warmth... without fire, fuel, soot or dust... and without so much as a whisper of sound.

Send the coupon for verco's free booklet that shows the right types of Flameless Electric Heat for your present home or the new home you plan to build or buy. Learn how you can enjoy this 100% clean, silent, safe, care-free heat at a bargain. For, after just 600 kilowatt hours monthly on your regular meter, verco's new home rate drops to a mere 1 1/4¢ per kwh... and starts saving you 16¢ on the dollar!

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor in the building of character and good citizenship. It is a powerhouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Genesis	1	1-31
Monday	Romans	14	1-20
Tuesday	John	1	1-51
Wednesday	John	1	1-51
Thursday	Colossians	2	1-14
Friday	Colossians	2	1-14
Saturday	Romans	12	1-18

Copyright 1959, Kansas Ad. Service, Inc., Kansas, Mo.

Hardest fact for the adult mind to comprehend is that a teen-ager stands at the threshold of life.

When you enter a strange door you are uncertain. You don't know what's in store for you. You aren't sure which way to turn.

There may be familiar, welcoming voices — but even these now have the ring of uncertainty. For when your whole world is changing, can you be sure that the people around you are not changing also?

For boys and girls in this time of uncertainty the Church is the fulcrum of strength. Its truth is unchanging. Its teaching is clear. Its promises are worthy of hope, trust, endeavor, sacrifice.

The problems of the teen-ager are tremendous... but so is the might of his God. The character, the certainty, the charity of the Church inspires his ideals... challenges his courage.

BEACH HIGH LIBRARY SELLING NEW BOOKS

The Virginia Beach High School Library will be open for the sale of new textbooks beginning Tuesday, August 26th through Friday, September 2nd during the following hours 9:00 a.m. to 12 noon daily.

All students are expected to have their textbooks before school opens on September 8th. Eighth grade students can get a copy of their schedule from the school office.

LEGAL NOTICES

VIRGINIA
At the regular meeting of the Board of Supervisors on August 22nd, 1980, the following ordinance was adopted:

Ordinance to Control the Impoundment of Water in Princess Anne County

Any person, corporation or agency desiring to impound water must take necessary measures to control the breeding of mosquitoes and to provide a safe impoundment. Such a person, corporation or agency must submit plans and specifications to the Board of Supervisors and must receive approval before any work can commence.

Assurance must be given that the following requirements will be met before the Board of Supervisors will give its approval:

1. All trees, brush, debris and similar material within the reservoir which would float or collect on the surface of the water must be removed, burned or otherwise satisfactorily disposed of prior to impounding of water.

2. All trees and underbrush which would pierce the surface of the water at any and all stages must be cut off sufficiently below the water level so as to prevent the collection of drift or foliage.

3. Insofar as practicable, the water level in the reservoir should be fixed so as to reduce to a minimum shallow areas in which aquatic plants will grow.

4. Bottom drains or other means must be provided which will permit removal of the impounded water.

5. A spillway of sufficient capacity designed by a certified Engineer must be provided for.

VIRGINIA: IN THE CIRCUIT COURT OF PRINCESS ANNE COUNTY ON THE 24 DAY OF AUGUST, 1980.

In the Matter of the Estate of LALLA R. S. GIFFORD, Deceased.

It appearing to the Court that a report of the accounts of the Executor of Lalla R. S. Gifford, deceased and of the debts and demands against the said estate, have been filed in the Clerk's Office of this Court, and that more than six months have elapsed since the qualification of the National Bank of Commerce of Norfolk, Executor, of the said estate, on motion of the said Executor, it is ordered that the creditors of Lalla R. S. Gifford

LEGAL NOTICES

and of persons who may be interested in said estate are to appear in said Court on the 24th day of September, 1980, and show cause why the payment and delivery of the estate, without payment of debts, to those entitled thereto, should not be made.

It is further ordered that a copy of this order be published once a week for four consecutive weeks in the Virginia Beach Sun-News, a newspaper having general circulation in the City of Virginia Beach, Virginia.

A Copy Test: JOHN V. FENTRESS, Clerk Joseph C. Hogan, D.C. A. R. Walton, Attorney 210-25th Street Virginia Beach, Va. 8-11-44

PUBLIC NOTICE

The State Water Control Board has received plans for sewerage facilities for the new Northeastern Junior High School to be constructed by the Princess Anne County School Board. This location would be on adjacent property now known as John B. Dey School.

The purified effluent from the sewerage treatment facilities would be discharged into a tributary of Lynnhaven Bay.

Persons wishing information concerning this proposal should write to the State Water Control Board, P.O. Box 5265, Richmond 20, Virginia. 8-16-80

NOTICE TO THE PUBLIC

NOTICE IS HEREBY GIVEN that pursuant to Sections 28-125, 28-126 and 28-127 of the Code of Virginia, the Commission of Game and Inland Fisheries has, on August 12, 1980, adopted the following amended Regulation, copies of which have been filed with the Division of Statutory Research and Drafting.

BEAR, SEASON AND BAG LIMIT; WEIGHT: It shall be lawful to hunt bear, statewide, from the third Monday in November to January 5, inclusive; bag limit one a day, one a season.

It shall be unlawful to kill bear of less than seventy-five pounds live weight.

This shall become effective September 15, 1980.

COMMISSION OF GAME AND INLAND FISHERIES

Beverly W. Stas, Jr., Chm. 8-25-17

VIRGINIA: In the Clerk's Office of the Circuit Court of Princess Anne County, On the 24 day of August, 1980.

CHARLIE L. SEYMORE and LILLIE BARNARD SEYMORE, husband and wife, Plaintiffs, vs. (IN CHANCERY) Willie J. Cartwright, Willy H. Cartwright, Florence Cartwright Seymore, Bethel Sawyer, Doris Burgess, Marie Burgess, Nellie C. And it being of the above parties be dead, they heirs at law and devisees, whose names are unknown, and any other heirs of MAUDIE JONES SEYMORE, if any there be, and persons yet to be born or created, and any other persons who are or may be interested in the subject matter, whose names are unknown, and who are proceeded against by the general description of "parties unknown," Defendants

LEGAL NOTICES

County, and that a copy hereof be posted at the front of the Court-house of the Circuit Court of the County of Princess Anne, Virginia, A Copy Test: JOHN V. FENTRESS, Clerk By: Mary M. White, D.C. Kellam and Kellam, p.g. Board of Trade Building Norfolk, Virginia. 8-4-44

VIRGINIA: In the Clerk's Office of the Circuit Court of Princess Anne County, On the 24 day of August, 1980.

MRS. JACK F. THOMPSON, Plaintiff, vs. (IN CHANCERY) William H. Olson, Jr., Robert M. Olson, David C. Olson, Richard P. Olson, Elizabeth Olson, Joseph H. Walton, August Rodgers, Theodore Rodgers, Jean William Hogarty, John C. Shookoff, Paul Shookoff, Mortimer Hann, Beale Hann, The County of Princess Anne, Virginia, and if any of the above parties be dead, their heirs at law and devisees, whose names are unknown, and any other heirs of William H. Hann, if any there be, and persons yet to be born or created, and any other creditors of any of the said parties mentioned, if any there be, and all other persons who are or may be interested in the subject matter, whose names are unknown, and who are proceeded against by the general description of "parties unknown," Defendants

ORDER OF PUBLICATION
The object of the above styled suit is to partition the property of which William H. Hann, died seized, consisting of Lots 10 and 12, in Block 87, Shadow Lawn Heights, Princess Anne County, Virginia, and Lots numbered 138 and 155, on the Plat of Riverside Land Company, in Norfolk City, Virginia, among those entitled thereto, and to have the dower interest of Charlie L. Seymore there-in computed to cash.

And affidavit having been made and filed that the following named parties are not residents of the State of Virginia, and their last known post office addresses are: Willie J. Cartwright, Belcross, N. C. Doris W. Burgess, Belcross, N. C. Nellie C. Berry, Belcross, N. C. Clyde Cartwright, Box 285, Camden, N.C. Helen Winslow, 1804 Caroline Avenue, Elizabeth City, N.C. Grover C. Cartwright, Jr., 124 Lemon Street, Fayetteville, N. C. Irene C. Morrisette, Camden, N.C. Willie H. Cartwright, Belcross, N.C. Bethel Sawyer, Camden, N.C. Mary B. Sawyer, Shiloh, N.C. Theima C. Hilger, 209 Charles Street, Elizabeth City, N. C. Wayne Cartwright, an infant, 506000 Williams, Belcross, N.C. Margaret Harper, 315 Cheddingford Road, Litchfield Heights, Maryland, or if any of the parties named above be dead, their heirs at law and devisees, whose names are unknown, and any other heirs of William H. Hann, if any there be, and persons yet to be born or created, and any other creditors of any of the said parties mentioned, if any there be, and all other persons who are or may be interested in the subject matter, whose names are unknown, and who are proceeded against by the general description of "parties unknown," Defendants

ORDER OF PUBLICATION
The object of the above styled suit is to partition the property of which William H. Hann, died seized, containing 100 acres, more or less, in Pungo District, Princess Anne County, Virginia, bounded by the Public Road, the properties of Morse, Moore, Jones, Morris and others.

And affidavit having been made and filed that Frank Hann, Mortimer Hann and Beale Hann, their heirs at law and devisees whose names are unknown, and any other heirs of WILLIAM H. HANN, if any there be, and persons yet to be born or created, and any other creditors of any of the said parties mentioned, if any there be, and all other persons who are or may be interested in the subject matter, whose names are unknown, and who are proceeded against by the general description of "parties unknown," whose last addresses are unknown.

It is ordered that the above named parties do appear within ten (10) days after due publication of this order, and do what is necessary to protect their interest in this suit.

It is further ordered that a copy of this Order be published once a week for four successive weeks in the Virginia Beach Sun-News, a newspaper published in the City of Virginia Beach and having general circulation in Princess Anne County, and that a copy hereof be posted at the front of the Court-house of the Circuit Court of the County of Princess Anne, Virginia.

NOTES FROM YOUR COUNTY AGENT

By E. R. "DICK" COCKRELL, JR.

LISTEN TO YOUR COUNTY AGENT

6:30 THURSDAYS, 12:10 SATURDAY, STATION WTAR

"Joey," said the mother to her little boy, "run down the street and see how old Mrs. Holman is this morning."
Joey dashed out. He returned a few minutes later.
"Mom," he reported, "Mrs. Holman says it's none of your business how old she is."

SILO-FILLERS DISEASE

During silo filling time, you should be on the alert for a poisonous gas, nitrogen dioxide. This gas causes silo-fillers disease, a recognized hazard to farmers and to livestock.

Symptoms of silo-fillers disease are severe coughing and burning and choking pains in the throat and chest. Severe illness or death can result because of lung irritation or damage.

The poisonous gas seems to develop most readily in corn silage grown in hot, dry years. Under such conditions, the plant may take up more nitrates from the soil than they are able to convert into protein nitrogen. During the ensiling process, some of the excess nitrate is converted into the poisonous gas which causes silo-fillers disease.

By observing proper precautions, farmers can avoid nitrogen dioxide poisoning.

1. Run the blower for ten minutes before going into a partly filled silo.
2. Be alert to irritating odors. The gas tends to settle in the silo chute and around the base of the silo.
3. Watch for yellowish-brown fumes and yellowish-brown stained feed material that often collect at the bottom of the chute as you are filling the silo.

4. Keep children and animals away from the silo during filling.
5. After the silo is filled, wait at least a week before entering it, or until you can clear it of the gases with the blower.

DON'T USE "HIT OR MISS" APPROACH
If you use a "hit or miss" approach in applying fertilizer to your cropland, you're by-passing profits.

Efficient crop production calls for using the right analysis and amount of fertilizer. Crops need a proper balance between all the fertilizer nutrients to produce top yields.

A total of 15 elements are needed for plant production. Farmers are most concerned with three, nitrogen, phosphate, and potash. These are the three main plant nutrients found in fertilizer. The question is whether or not every farmer is using the proper amounts of these elements that are needed for his crops. The proper balance can be obtained by using the analysis needed. Such analysis is 0-14-14, 5-10-10, 5-10-5, 3-4-18 and 10-10-10 are examples of different ratios of nitrogen, phosphate and potash for the particular conditions. Twenty-eight analysis of fertilizers are sold in Virginia.

A soil test will help determine the right analysis of fertilizer to

use. Based on this test and information about the soil, a past history and crop to be grown, an intelligent recommendation can be made. The county agent assists many farmers each year with their fertilizer recommendations. Soil boxes, soil record sheets and instructions for taking the sample can be obtained from my office. Don't guess but have a soil test.

KEEP FEED COSTS DOWN FOR STOCK

Keeping feed costs down on a livestock farm is essential in holding down the cost of production.

Two of the best ways to do this handling feed, and to substitute a cheaper feed ingredient for a more expensive one.

Often mechanized handling of feed reduces cost of handling. The farmer must be sure, though, that he is not adding more to machine costs than he is subtracting from labor costs.

Animals can produce meat, milk, eggs, etc., a wide variety of feeds. For instance, 100 pounds of grain on choice yearling feeder steers may be had by feeding 400 pounds of hay and 950 pounds of grain. It may be made also with 1400 pounds of hay and 650 pounds of grain, or any number of other combinations.

The farmer needs to use that combination of hay and grain which costs the least and will give the most economical production of 100 pounds of gain on the animal. Feed prices vary considerably over short periods of time.

In figuring relative costs of different feeds, it should be remembered that feeding value is not constant on a per-pound basis. It takes two bushels of oats to replace one bushel of corn in feeding cattle. So, the farmer could pay twice as much per bushel of corn as for oats.

If the farmer will convert all his grain to pounds, using 32 pounds per bushel of oats, 48 pounds per bushel for barley, and 56 pounds per bushel for corn—and express the price on a per-pound basis, then he can directly compare cost on one grain with another.

If one has greater feeding value, then this must be taken into account when making per-pound price comparisons.

HIGH PRODUCING COWS NEED SPECIAL ATTENTION

High producing dairy cows need special attention feed-wise. Nutrients demands for high milk production are great.

The following points need to be kept in mind if the lactating cow is to be adequately fed: High-quality forage should be the basic ingredient of the ration. This should be supplemented with grain to give ample amounts of energy in general, if this is done the protein needs will be automatically met. Animals should have free access to salt and a supplement which supplies both calcium and phosphorus.

As long as good-quality forage is used, the dairyman need not be worried about supplemental feed-

ing of vitamins. When animals are restricted to low-quality forage for extended periods, or when restricted amounts of forage are fed, supplemental feeding of vitamins A and D may be necessary. Plenty of clean, fresh water should be provided at all times. The dairy cow needs 3.5 to 5.5 pounds of water for each pound of milk produced.

Maintenance requirements of a 1400 pound Holstein can be met by feeding about 20 pounds of good-quality hay. But, if the cow is to be fed enough nutrients for maintenance plus 50 pounds of four percent milk daily, her total requirements will be three times as much energy, four times as much digestible protein, four times as much phosphorus, and five and one-half times as much calcium.

Theoretically, these needs could be met by 50 to 60 pounds of good hay. But, except in rare cases, the cow can't consume this amount of hay. The answer is to provide her with a more concentrated source of nutrients in the form of grain.

A common, serious error in feeding high producing cows is assuming that protein, a vitamin, or some mineral is the nutrient limiting milk production. Most often, however, the nutritional factor limiting production is lack of energy, or simple underfeeding.

If a 1400 pound cow eats 40 pounds of good quality alfalfa hay daily, she will have enough protein for maintenance plus 30 pounds of milk; enough phosphorus for maintenance plus 60 pounds of milk; enough calcium for maintenance plus 250 pounds of milk; but only enough energy for maintenance plus 35 pounds of milk.

If eight pounds of corn and four pounds of oats are added to the ration, hay intake would probably drop slightly. This ration, though, should give enough energy for 55 pounds of milk and additional protein, calcium, or phosphorus would not be needed.

FEEDING, MANAGEMENT MAKE BIG DIFFERENCE

Feeding and management account for nearly three-fourths of the difference in production per cow between herds.

Only one-quarter of the difference is caused by the inherited milk producing ability of the cows. These facts emphasize the need for proper feeding and management. A recent study of dairy herd improvement records in Virginia showed that the greatest dif-

ference between high and low producing herds is in the amount of grain fed. The lowest producing herds fed an average of 2,323 pounds of grain per cow per year. The cows in these herds produced 8,900 pounds of 4 percent milk per year. The highest producing herds fed an average of 3,675 pounds of grain per cow per year, for an average production per cow of 12,212 pounds of 4 percent milk.

Total feed cost in the low producing herds was only \$105 per year while the high producing cows at \$227 worth of feed yearly. For the extra \$62 worth of feed the dairymen received an extra \$362 for the additional milk.

A dairyman with good cows should be more concerned about the dangers of underfeeding than the possibility of losing money by feeding a cow all she needs. There is no simple way to feed dairy cows accurately. A dairymen with out production records and grain feeding recommendations is playing a guessing game. Dairymen who are interested in getting a set of grain feeding charts to use with varying qualities of forage can get them free from my office. Ask for Circular 691.

MIMOSA WEBWORM CAUSING CONCERN

Having trouble with the mimosa webworm? If so, you've lots of company in your misery.

Egg-laying continues throughout the season, and eggs and larvae of various sizes are found together. The strong webs hold unsightly masses of dead leaves on the trees until heavy rains and winds remove them.

When full grown, many larvae descend to the ground on long silken threads and at times there are so many threads you have the sensation of walking through spider webs when passing under the trees.

To prevent injury, the foliage should have been sprayed in early June. However, in spraying after the trees are infested, use 9 level tablespoons of arsenate of lead or DDT in 3 gallons of water. Adding 2 tablespoons of 40 percent nicotine sulfate or 2 tbsps. of malathion emulsifiable will give a quick "knockdown" of the larvae. Additional applications may be needed to cover the foliage and flowers which are produced later in the season. Be careful when handling DDT or arsenate of lead. Do not let the spray contaminate water in fish ponds and bird baths. Don't use sprays which have been used for weed control.

BEST TIME OF YEAR TO BUY!!

THE YEAR'S BEST SELLER

CHEVROLET

You couldn't pick a better time to buy your new Chevrolet (or Corvair) than right now when more people are buying them than ever before. Chances are good you're going to like what Chevy's got just as much as everybody else. (Especially the money you'll save.) Check your dealer on the details while there's still a wide choice of models.

This is the sprightly Impala Convertible

CHEVY'S CORVAIR THE YEAR'S AWARD-WINNINGEST CAR

Corvair—already proud winner of Motor Trend magazine's Car-of-the-Year award for engineering advancement—now walks away with another one: the coveted Industrial Designers Institute Gold Medal. The award was presented to William L. Mitchell, General Motors vice president in charge of Styling Staff, in recognition of Corvair's "finely scaled proportions, with a minimum of ornamentation." Your Chevy dealer's waiting to show you Corvair's everything the experts say it is.

This is the Corvair 190 4-Door Sedan
